Evangelicals

Engaging in Practical Theology Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology Evangelicals have sometimes seen practical theology as primarily a liberal project This collection however actively engages with practical theology from an evangelical perspective both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom the church and beyond This volume brings together established and emerging voices to debate the growing role which practical theology is playing in evangelical and Pentecostal circles Chapters begin by addressing methodological concerns before moving into areas of practice Additionally there are four short papers from students who make use of practical theology to reflect upon their own practice Issues of authority and normativity are tackled head on in a way that will inform the debate both within and beyond evangelicalism This book will therefore be of keen interest to scholars of practical evangelical and Pentecostal theology

Christopraxis Andrew Root, 2014 Since the late 1970 s practical theology has had a significant voice and influence in the academy While many have seen great hope and potential in this work not everyone has agreed Some for instance have examined the conversation and found by focusing on the concrete and lived experiences of humanity by and large practical theology has not had the theological vision to present frameworks for understanding concrete and lived experience with divine action So argues Andrew Root who in Christopraxis seeks to reset the entire edifice of practical theology on a new foundation While not minimizing practical theology s commitment to the lived and concrete Root argues that practical theology has neglected deeper theological underpinnings and seeks to create a practical theology that seeks to be fully post postmodern post Aristotelian and that in seeking to attend to doctrines such as divine action and justification is properly and fully theological

Practical Theology Mark J. Cartledge, 2012-04-04 Mark Cartledge s book is unique in integrating charismatic and empirical perspectives in practical theology It exemplifies both qualitative and quantitative methods of research and suggests a way forward for the emerging

field of charismatic theology In part one Cartledge offers a proposal for the development of a charismatic practical theology He surveys the different models of the interaction of practical theology and social sciences and defends one that is consistent with charismatic spirituality The section also explores how charismatic spirituality affects theories of truth and knowledge by making testimony an integrating center before concluding with a clear explanation of the methods of research employed Part two progresses into six empirical studies on charismatic worship glossolalia and postmodernity women and prophetic activity the Toronto Blessing healing and socialization Each chapter of this important book ends with a methodological reflection and suggestions from renewed theological praxis enforcing the values of such methods of study for a clearer understanding of charismatic Christianity

Fully Human in Christ Todd Speidell, 2016-11-08 Thomas F Torrance's theology included a thoroughgoing albeit implicit ethic of reconciliation It focused on the personalizing and humanizing mediation of Christ in all realms of life including not only a supposed private dimension of human life but also the social historical and political structures of human society and even of the cosmos itself This book builds upon that vision of a Christian ethic radically rooted in God's grace which encompasses sustains and transforms the entire human and created order A trinitarian incarnational social ethic does not begin with our human causes projects and agendas however noble they might be but with witness to the reconciling person and work of Jesus Christ for us

Word and Power Gareth W. D. Stewart, 2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber's unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland *Word and Power* places Wimber in his theological context and asks whether Wimber's view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today

Sit on Our Hands, or Stand on Our Feet? Roger Philip Abbott, 2013-01-07 The aim of *Sit on Our Hands or Stand on Our Feet* is not to present a theology that explains disasters In fact there is no such theology Nor is this work primarily for those who are responded to it is not part of the theological grab bag that Christian responders carry with them to use for the benefit of casualties It is more a part of the Christian's engaged practical theological apprenticeship prior to and during a response This book represents the role of the practical theologian who empowers the church community's legitimation and contribution in disaster response and who encourages individual Christians whose calling into particularly relevant professions whose natural skills and or professional training could find them placed in a major incident responding status paid or voluntary doing their work as unto the Lord It is

a serious must read for any Christians who have hearts heavy with compassion but who are not sure what to do or why when disaster strikes We Are Catholic Jason Valeriano Hallig,2016-05-16 What is a church What makes a church a church What is necessary to have a church Is membership in a local church really that important Might a group of people who claim to be Christians become so unlike what a church should be that they should no longer be called a church Why are there so many churches of different traditions What is tradition Are the historical traditions of the church still relevant today These and many others are questions related to the life and purpose of the church which every Christian must wrestle with not only for themselves as disciples of Jesus but also for others to whom they are called to make disciples One of the early confessions of the Christian church centers on the catholicity of the church we believe in the holy Catholic Church It was Ignatius who first used the word catholic and rightly identified the church as the Catholic Church Where Jesus Christ is there is the Catholic Church This book offers a fresh look at this important mark of the church from an evangelical perspective and seeks to elucidate the life being and purpose doing of the church The author believes that catholicity is to the church as the Trinity is to God We are Catholic is a confession of our faith in Christ our commitment to the unity of the church local and universal anchored in the Word and in the Spirit and our passion for the mission to all the nations as a community of disciples of Jesus Christ Karl Barth in North America John Peter Lewis,2009-04-01 This study looks at the formation of theology as it emerges out of biography Indeed the biography of the theologian is the key to unlocking the meaning of his or her writings and a valuable tool for a thorough investigation of their work There will be a focus on the biography of Karl Barth and how this relates to his theological writings Attention will then be turned on a group of North American theologians to analyze how Barth s theology has influenced their personal experiences and corresponding theologies The personal experience of the theologian provides the background to the theological judgments she or he makes and therefore provides valuable insight into what she or he has written Experiences in the theologian s life determine how she or he forms and communicates the ideas that the experiences have given rise to Indeed theologians profoundly connect with readers as they write theology as an expression of their experiences of faith Therefore this book contends that there is a necessary connection to be made between the theologian as a person and the theology that emerges out of her or his unique biography Indeed it will be argued that theology is born out of the lived encounters of the theologian that develop into the kind of personal convictions passions concerns questions and a motivation to connect with others that is evident in her or his writing Consequently theology and theologian are inseparable **Transforming Pastoral Leadership** Quentin P. Kinnison,2016-05-20 For many congregations change creates discomfort Pastoral leaders are often expected to be experts who manage and control realities beyond their expertise experience and ability That expectation a product of modern approaches to leadership views the pastor as responsible for maintaining the status quo Transforming Pastoral Leadership responds to this context by challenging readers to rediscover key biblical themes around the shepherding metaphor as well as key theological themes

steeped in our historical faith narratives Readers are challenged to consider the origins of our dominant leadership practices and to reconsider how Christ's preeminence as the leader of his church requires us to reconstruct leadership practices that are faithful to his preeminence To assist congregations Transforming Pastoral Leadership suggests two processes that might help congregations discern God's missional promptings as they move forward into God's future and experience conflict as opportunities for transformation

Wide-Awake in God's World Graham D. Stanton, 2020-10-08 In an expressivist culture effective engagement must acknowledge teenagers freedom to choose their own spiritual path Yet in an evangelical theology faithful formation must hold on to biblical authority As we seek to engage young people with the Bible key questions need to be explored Such questions include how can pedagogical freedom be affirmed without undermining theological authority and how can authority be asserted without diminishing personal freedom This study explores a freedom authority dialectic in theological dialogue with the educational philosophy of Maxine Greene Greene's reflection on the arts and the imagination are brought into conversation with insights from Charles Taylor Garret Green and Nicholas Wolterstorff As a work of practical theology the book concludes with a framework to shape the purpose content and values for Bible engagement in contemporary youth ministry

Theology for Better Counseling Virginia Todd Holeman, 2012-10-03 Seeking an adequate response to the theological disequilibrium of many of her patients Virginia Todd Holeman set out to explore the connections between theology and the practice of counseling Her trinitarian reflections will help students and practitioners create new pathways between theology and therapy

A Christian Theology of Suffering in the Context of Theravada Buddhism in Thailand Satanun Boonyakiat, 2020-06-30 In this book Satanun Boonyakiat elucidates a Christian theology of suffering relevant to the context of Theravada Buddhism in Thailand Grounding his work in a trinitarian comparative theology of religions Boonyakiat explores the ways in which Buddhist teachings on suffering specifically the Four Noble Truths can challenge enrich and deepen a Christian perspective Ultimately Dr Boonyakiat suggests a Christian theology of suffering relevant to the people of Thailand both Christian and Buddhist alike must move beyond a traditional western emphasis on theodicy to address a practical response to suffering's lived reality a response rooted firmly in Scripture and grounded in a theology of the cross

Let Your Voice Be Heard Joan Hebert Reisinger, 2012-10-08 People are moving to the margins of the Catholic Church As one dialogue partner states I left the Church to beat the rush Yet another remarks I just wonder I have to ask who's on the margins I'm not sure *Let Your Voice Be Heard* details original practical theology research that endeavors to understand the dynamics on the margins of the Roman Catholic Church in dialogue with fifty dialogue partners from across the United States Practical theology the theology of marginality of Jung Young Lee reciprocal ethnography and the communication theory of Mikhail Bakhtin join in a cross disciplinary dialogue In conversation with dialogue partners Joan Hebert Reisinger seeks the reasons why Catholics over the age of twenty one who were once active and involved in the Catholic Church find themselves on the margins of the Church and how they understand their own marginality The dialogue

partners speak of new ways of being Church emerging on the margins This emerging Church is marked by inclusive relationships that include dialogue that does not seek agreement or consensus a critical and thoughtful recalling of memories and narratives of the Catholic faith tradition and appropriation of these in new and creative ways *The Dialogic Evangelical Theology of Veli-Matti Kärkkäinen* Peter Goodwin Heltzel, Patrick Oden, Amos Yong, 2022-02-21 In this book established scholars from different religions regions and disciplines continue the dialogue that Veli Matti Kärkkäinen began in his *A Constructive Christian Theology for the Pluralistic World* series and respond to his work in light of their diverse expertise and context Each of the three parts focuses on a key area of Kärkkäinen's engaging work 1 highlighting how his method shaped each volume 2 highlighting his commitment to global perspectives and 3 highlighting his interreligious and interdisciplinary dialogue partners Together these essays seek to deepen and extend the impact of Kärkkäinen's work taking it seriously as a substantive model for contemporary systematic theology in listening and engaging with this world
