Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics:

Shaping Race Policy Robert Lieberman, 2011-06-27 *Shaping Race Policy* investigates one of the most serious policy challenges facing the United States today the stubborn persistence of racial inequality in the post civil rights era Unlike other books on the topic it is comparative examining American developments alongside parallel histories of race policy in Great Britain and France Focusing on two key policy areas welfare and employment the book asks why America has had such uneven success at incorporating African Americans and other minorities into the full benefits of citizenship Robert Lieberman explores the historical roots of racial incorporation in these policy areas over the course of the twentieth century and explains both the relative success of antidiscrimination policy and the failure of the American welfare state to address racial inequality He chronicles the rise and resilience of affirmative action including commentary on the recent University of Michigan affirmative action cases decided by the Supreme Court He also shows how nominally color blind policies can have racially biased effects and challenges the common wisdom that color blind policies are morally and politically superior and that race conscious policies are merely second best *Shaping Race Policy* has two innovative features that distinguish it from other works in the area First it is comparative examining American developments alongside parallel histories of race policy in Great Britain and France Second its argument merges ideas and institutions which are usually considered separate and competing factors into a comprehensive and integrated explanatory approach The book highlights the importance of two factors America's distinctive political institutions and the characteristic American tension between race consciousness and color blindness in accounting for the curious pattern of success and failure in American race policy **The Oxford**

Handbook of American Political Development Richard M. Valelly, Suzanne Mettler, Robert C. Lieberman, 2016-09-15 Scholars working in or sympathetic to American political development APD share a commitment to accurately understanding the history of American politics and thus they question stylized facts about America's political evolution Like other approaches to American politics APD prizes analytical rigor data collection the development and testing of theory and the generation of provocative hypotheses Much APD scholarship indeed overlaps with the American politics subfield and its many well developed literatures on specific institutions or processes for example Congress judicial politics or party competition specific policy domains welfare policy immigration the foundations of inequality in American politics the distribution of wealth and income race ethnicity gender class and sexual and gender orientation public law and governance and representation What distinguishes APD is careful systematic thought about the ways that political processes civic ideals the political construction of social divisions patterns of identity formation the making and implementation of public policies contestation over and via the Constitution and other formal and informal institutions and processes evolve over time and whether and how they alter compromise or sustain the American liberal democratic regime APD scholars identify in short the histories that constitute American politics They ask what familiar or unfamiliar elements of the American past illuminate the

present Are contemporary phenomena that appear new or surprising prefigured in ways that an APD approach can bring to the fore If a contemporary phenomenon is unprecedented then how might an accurate understanding of the evolution of American politics unlock its significance Featuring contributions from leading academics in the field The Oxford Handbook of American Political Development provides an authoritative and accessible analysis of the study of American political development

The Politics of Major Policy Reform in Postwar America Jeffery A. Jenkins, Sidney M. Milkis, 2014-10-31 The Politics of Major Policy Reform in Postwar America examines the politics of recent landmark policy in areas such as homeland security civil rights health care immigration and trade and it does so within a broad theoretical and historical context By considering the politics of major programmatic reforms in the United States since the Second World War specifically courses of action aimed at dealing with perceived public problems a group of distinguished scholars sheds light not only on significant efforts to ameliorate widely recognized ills in domestic and foreign affairs but also on systemic developments in American politics and government In sum this volume provides a comprehensive understanding of how major policy breakthroughs are achieved stifled or compromised in a political system conventionally understood as resistant to major change

The Transformation of American Politics Paul Pierson, Theda Skocpol, 2011-06-27 The contemporary American political landscape has been marked by two paradoxical transformations the emergence after 1960 of an increasingly activist state and the rise of an assertive and politically powerful conservatism that strongly opposes activist government Leading young scholars take up these issues in The Transformation of American Politics Arguing that even conservative administrations have become more deeply involved in managing our economy and social choices they examine why our political system nevertheless has grown divided as never before over the extent to which government should involve itself in our lives The contributors show how these two closely linked trends have influenced the reform and running of political institutions patterns of civic engagement and capacities for partisan mobilization and fueled ever heightening conflicts over the contours and reach of public policy These transformations not only redefined who participates in American politics and how they do so but altered the substance of political conflicts and the capacities of rival interests to succeed Representing both an important analysis of American politics and an innovative contribution to the study of long term political change this pioneering volume reveals how partisan discourse and the relationship between citizens and their government have been redrawn and complicated by increased government programs The contributors are Andrea Louise Campbell Jacob S Hacker Nolan McCarty Suzanne Mettler Paul Pierson Theda Skocpol Mark A Smith Steven M Teles and Julian E Zelizer

Federalism and the Making of America David Brian Robertson, 2013-03-01 Though Americans rarely appreciate it federalism has profoundly shaped their nation s past present and future Federalism the division of government authority between the national government and the states affects the prosperity security and daily life of every American In this nuanced and comprehensive overview David Brian Robertson shows that past choices shape present circumstances and

that a deep understanding of American government public policy political processes and society requires an understanding of the key steps in federalism s evolution in American history The most spectacular political conflicts in American history have been fought on the battlefield of federalism including states rights to leave the union government power to regulate business and responses to the problems of race poverty pollution abortion and gay rights Federalism helped fragment American politics encourage innovation foster the American market economy and place hurdles in the way of efforts to mitigate the consequences of economic change Federalism helped construct the path of American political development Federalism and the Making of America is a sorely needed text that treats the politics of federalism systematically and accessibly making it indispensable to all students and scholars of American politics Chosen as one of Choice s Outstanding Academic Titles for 2012

New Directions in American Politics Raymond J. La Raja, 2013-02-15 New Directions in American Politics introduces students not just to how the American political system works but also to how political science works La Raja brings together top scholars to write original essays across the standard curriculum of American government and politics capturing emerging research in the discipline in a way that is accessible for undergraduates Each chapter combines substantive knowledge with the kind of skill building and analytical inquiry that is being touted in higher education everywhere Contributors to New Directions highlight why the questions they seek to answer are critical for understanding American politics and situate them in the broader context of controversies in research The teaching of American politics follows a well worn path Textbooks for introductory courses hew to a traditional set of chapters that describe the Founding American institutions the ways citizens participate in politics and sometimes public policy The material rarely engages students in the kind of questions that animate scholarship on politics One hurdle for instructors is finding material that reflects quality scholarship and thus teaches students about why not just what and yet is accessible for undergraduates Articles in scholarly journals are typically unsuited for undergraduate courses particularly introductory courses What is needed is a book that conveys exciting trends in scholarship across vital topics in American politics and illustrates analytical thinking New Directions in American Politics is that book and will be an ideal companion to standard textbooks that focus mostly on nuts and bolts of politics The book features Contributions from a top notch cast of active scholars and a highly regarded editor A focus on analytical thinking that addresses questions of causality Full coverage of the American politics curriculum Short interviews with each contributor on a companion website to help the research come alive and prompt critical thinking questions for students Work that draws on the highest quality research in political science but is written specifically for first year undergraduate students There is simply no book like this available to the growing number of faculty who want their introductory American politics course to be a reflection of the political science discipline and not just the nuts and bolt facts of the American political system

Black Ethnicity Christina M. Greer, 2013-06-06 The steady immigration of black populations from Africa and the Caribbean over the past few decades has fundamentally changed the racial ethnic and

political landscape in the United States But how will these new blacks behave politically in America Using an original survey of New York City workers and multiple national data sources Christina M Greer explores the political significance of ethnicity for new immigrant and native born blacks In an age where racial and ethnic identities intersect intertwine and interact in increasingly complex ways *Black Ethnicity* offers a powerful and rigorous analysis of black politics and coalitions in the post Civil Rights era

Power Shifts John A. Dearborn, 2021-09-10 The extraordinary nature of the Trump presidency has spawned a resurgence in the study of the presidency and a rising concern about the power of the office In *Power Shifts* Congress and Presidential Representation John Dearborn explores the development of the idea of the representative presidency that the president alone is elected by a national constituency and thus the only part of government who can represent the nation against the parochial concerns of members of Congress and its relationship to the growth of presidential power in the 20th century Dearborn asks why Congress conceded so much power to the Chief Executive with the support of particularly conservative members of the Supreme Court He discusses the debates between Congress and the Executive and the arguments offered by politicians scholars and members of the judiciary about the role of the president in the American state He asks why so many bought into the idea of the representative and hence strong presidency despite unpopular wars failed foreign policies and parochial actions that favor only the president's supporters This is a book about the power of ideas in the development of the American state

Outsiders No More? Jennifer Hochschild, Jacqueline Chattopadhyay, Claudine Gay, 2013-08-15 *Outsiders No More* brings together a multidisciplinary group of scholars to consider pathways by which immigrants may be incorporated into the political processes of western democracies At a time when immigrants are increasingly significant political actors in many democratic polities this volume makes a timely and valuable intervention by pushing researchers to articulate causal dynamics provide clear definitions and measurable concepts and develop testable hypotheses By including historians sociologists and political scientists by ranging across North America and Western Europe by addressing successful and failed incorporative efforts this handbook offers guides for anyone seeking to develop a dynamic unified and supple model of immigrant political incorporation

The Rights Revolution Revisited Lynda G. Dodd, 2018-01-25 The rights revolution in the United States consisted of both sweeping changes in constitutional doctrines and landmark legislative reform followed by decades of innovative implementation in every branch of the federal government Congress agencies and the courts In recent years a growing number of political scientists have sought to integrate studies of the rights revolution into accounts of the contemporary American state In *The Rights Revolution Revisited* a distinguished group of political scientists and legal scholars explore the institutional dynamics scope and durability of the rights revolution By offering an inter branch analysis of the development of civil rights laws and policies that features the role of private enforcement this volume enriches our understanding of the rise of the civil rights state and its fate in the current era

Democratization in America Desmond King, Robert C. Lieberman, Gretchen Ritter, Laurence Whitehead, 2009-08-05 The

essays in this volume examine democracy's development in the United States demonstrating how that process has shaped and continues to shape the American political system. Scholars of American politics commonly describe the political development of the United States as exceptional and distinct from that of other advanced industrial democracies. They point to the United States as the longest lived and most stable liberal democracy in history. What they often fail to mention though is that it took considerable time to extend democracy throughout the country. The contributors to this volume suggest that it is intellectually fruitful to consider the U.S. case in comparison to other countries. They argue that the development of democracy is ongoing in America that even with a written constitution grounded in liberal democracy the meaning and significance of U.S. democracy are still evolving. This volume shows that democratization and the pursuit of democracy are processes affected by multiple and continuing challenges including such issues as citizenship, race, institution building and political movements as patterns and practices of politics and governance continue to change. This innovative approach contributes significantly to comparative democratization studies, a field normally confined to Latin America and former communist countries. The U.S. case is a unique reference point for students of American political development and comparative democratization.

Ideas and Politics in Social Science Research Daniel Beland, Robert Henry Cox, 2010-12-10

Writing about ideas John Maynard Keynes noted that they are more powerful than is commonly understood. Indeed the world is ruled by little else. One would expect therefore that political science, a discipline that focuses specifically on the nature of power, would have a healthy respect for the role of ideas. However for a variety of reasons, not least of which is the influence of rational choice theory which presumes that individuals are self-maximizing rational actors, this is not the case and the literature on the topic is fairly thin. As the stellar cast of contributors to this volume show, ideas are in fact powerful shapers of political and social life. In Ideas and Politics in Social Science Research Daniel B. land and Robert Henry Cox have gathered leading scholars from a variety of subdisciplines in political science and sociology to provide a general overview of the theoretical, empirical and methodological issues raised by social science research on ideas and politics. Throughout they hone in on three central questions: What is the theoretical basis for studying ideas in politics? What are the best methods? What sort of empirical puzzles can be solved by examining ideas and related phenomena such as discourse, policy, paradigms and framing processes? In sum, this is a state of the art academic work on both the role of ideas in politics and the analytical utility that derives from studying them.

Mexican Inclusion Matthew Gritter, 2012-09-01

Immigration across the US-Mexican border may currently be a hot topic but it is hardly a new one. Labor issues and civil rights have been interwoven with the history of the region since at least the time of the Mexican American War and the twentieth century witnessed recurrent political battles surrounding the status and rights of Mexican immigrants. In Mexican Inclusion: The Origins of Anti-Discrimination Policy in Texas and the Southwest political scientist Matthew Gritter traces the process by which people of Mexican origin were incorporated in the United States: first civil rights agency the World War II era President's Committee

on Fair Employment Practices FEPC Incorporating the analytic lenses of transnationalism institutional development and identity formation Gritter explores the activities and impact of the FEPC He argues that transnational and international networks related to the US s Good Neighbor Policy created an impetus for the federal government to combat discrimination against people of Mexican origin The inclusion of Mexican American civil rights leaders as FEPC staff members combined with an increase in state capacity to afford the agency increased institutional effectiveness The FEPC provided an opportunity for small scale state building and policy innovation Gritter compares the outcomes of the agency s anti discrimination efforts with class based labor organizing Grounded in pragmatic appeals to citizenship Mexican American civil rights leaders utilized leverage provided by the Good Neighbor Policy to create their own distinct place in an emerging civil rights bureaucracy Students and scholars of Mexican American issues civil rights and government policy will appreciate Mexican Inclusion for its fresh synthesis of analytic and historical processes Likewise those focused on immigration and borderlands studies will gain new insights from its inclusive context **Fragmented Democracy** Jamila

Michener,2018-03-22 Medicaid is the single largest public health insurer in the United States covering upwards of 70 million Americans Crucially Medicaid is also an intergovernmental program that yokes poverty to federalism the federal government determines its broad contours while states have tremendous discretion over how Medicaid is designed and implemented Where some locales are generous and open handed others are tight fisted and punitive In *Fragmented Democracy* Jamila Michener demonstrates the consequences of such disparities for democratic citizenship Unpacking how federalism transforms Medicaid beneficiaries interpretations of government and structures their participation in politics the book examines American democracy from the vantage point s of those who are living in or near poverty disproportionately Black or Latino and reliant on a federated government for vital resources *The Colors of Poverty* Ann Chih Lin,David R.

Harris,2008-08-14 Given the increasing diversity of the nation particularly with respect to its growing Hispanic and Asian populations why does racial and ethnic difference so often lead to disadvantage In *The Colors of Poverty* a multidisciplinary group of experts provides a breakthrough analysis of the complex mechanisms that connect poverty and race The Colors of Poverty reframes the debate over the causes of minority poverty by emphasizing the cumulative effects of disadvantage in perpetuating poverty across generations The contributors consider a kaleidoscope of factors that contribute to widening racial gaps including education racial discrimination social capital immigration and incarceration Mich le Lamont and Mario Small grapple with the theoretical ambiguities of existing cultural explanations for poverty disparities They argue that culture and structure are not competing explanations for poverty but rather collaborate to produce disparities Looking at how attitudes and beliefs exacerbate racial stratification social psychologist Heather Bullock links the rise of inequality in the United States to an increase in public tolerance for disparity She suggests that the American ethos of rugged individualism and meritocracy erodes support for antipoverty programs and reinforces the belief that people are responsible for their own

poverty Sociologists Darren Wheelock and Christopher Uggen focus on the collateral consequences of incarceration in exacerbating racial disparities and are the first to propose a link between legislation that blocks former drug felons from obtaining federal aid for higher education and the black white educational attainment gap Joe Soss and Sanford Schram argue that the increasingly decentralized and discretionary nature of state welfare programs allows for different treatment of racial groups even when such policies are touted as race neutral They find that states with more blacks and Hispanics on welfare rolls are consistently more likely to impose lifetime limits caps on benefits for mothers with children and stricter sanctions *The Colors of Poverty* is a comprehensive and evocative introduction to the dynamics of race and inequality The research in this landmark volume moves scholarship on inequality beyond a simple black white paradigm beyond the search for a single cause of poverty and beyond the promise of one magic bullet solution A Volume in the National Poverty Center Series on Poverty and Public Policy

The City in American Political Development Richardson Dilworth, 2009-04 The volume brings together some of the best of both the most established and the newest urban scholars in political science sociology and history each of whom makes a new argument for rethinking the relationship between cities and the larger project of state building

Backlash Presidents Julia R. Azari, 2025-09-23 How most presidents avoid upsetting the racial status quo and why those who do pave the way for lawless norm violating successors When Barack Obama won the White House in 2008 becoming the nation's first Black president the stage was set for Donald Trump's eventual rise to power *Backlash Presidents* shows how throughout American history administrations that challenge the country's racial status quo are followed by presidents who deal in racially charged politics and presidential lawlessness culminating in impeachment crises In this incisive book Julia Azari traces the connections between racially transformative presidents and their successors examining the presidencies of Abraham Lincoln and Andrew Johnson Lyndon Johnson and Richard Nixon and Obama and Trump When he signed long awaited civil rights legislation in 1964 Lyndon Johnson unleashed a perfect political storm that swept Nixon into the White House Azari demonstrates how Nixon's rhetoric relationship to Congress and attitudes about executive power exhibit striking parallels with Andrew Johnson and Trump She discusses how their actions are linked to race and racialized institutions the Department of War during Reconstruction the FBI during the Nixon years and elections today and looks at what happens after impeachment describing how the rush to establish a new order perpetuates many of the same problems as the old Challenging the conventional wisdom about the role of norms in American democracy *Backlash Presidents* reveals how normal presidential politics upholds unsustainable racial hierarchy that in turn gives rise to intense periods of instability

Obama at the Crossroads Lawrence R. Jacobs, Desmond S. King, 2012-05-24 The 2010 election serves as a bookend to one of the remarkable political periods in recent U S history Amidst a profound economic crisis Americans elected an African American to the presidency and massive Democratic majorities to Congress Beginning in 2009 the President and Congress put forward a sweeping agenda to both address the economic crisis and enact progressive policies

that liberals had been advocating for decades Within a year and a half they would pass health care reform and financial reform alongside a stimulus package of nearly a trillion dollars Democrats also rescued the auto industry via a partial government takeover and expanded the Bush administration's incipient program for saving the banking sector by pouring hundreds of billions of dollars into it Finally the Obama administration dramatically increased our commitment in Afghanistan while simultaneously winding down our presence in Iraq In Obama at the Crossroads eminent political scientists Desmond King and Larry Jacobs have gathered some of the best scholars in American politics to take stock of this extraordinary period Covering the financial crisis health care reform racial politics foreign policy the nature of Obama's leadership and the relationship between the administration's agenda and broader progressive goals this will serve as a comprehensive overview of the key issues facing the Obama administration as it entered office

Disciplining the Poor Joe Soss, Richard C. Fording, Sanford F. Schram, 2011-10-20 *Disciplining the Poor* explains the transformation of poverty governance over the past forty years why it happened how it works today and how it affects people In the process it clarifies the central role of race in this transformation and develops a more precise account of how race shapes poverty governance in the post civil rights era Connecting welfare reform to other policy developments the authors analyze diverse forms of data to explicate the racialized origins operations and consequences of a new mode of poverty governance that is simultaneously neoliberal grounded in market principles and paternalist focused on telling the poor what is best for them The study traces the process of rolling out the new regime from the federal level to the state and county level down to the differences in ways frontline case workers take disciplinary actions in individual cases The result is a compelling account of how a neoliberal paternalist regime of poverty governance is disciplining the poor today

Resilience and Hybrid Threats I. Linkov, L. Roslycky, B.D. Trump, 2019-12-19 Hybrid threats represent one of the rising challenges to the safe and effective management of digital systems worldwide The deliberate misuse or disruption of digital technologies has wide ranging implications for fields as diverse as medicine social media and homeland security Despite growing concern about cyber threats within many government agencies and international organizations few strategies for the effective avoidance and management of threats or the prevention of the disruption they can cause have so far emerged This book presents multiple perspectives based upon a NATO Science for Peace and Security Programme Advanced Research Workshop on Resilience and Hybrid Threats held in Pärnu Estonia from 26-29 August 2018 and includes a mixture of workshop summary papers and invited perspectives from world experts Topics include the development of strategies for the protection and recovery of systems affected by hybrid threats and the benefits of those strategies under different disruption scenarios The role of risk and resilience assessment pertaining to the information domain is a common focus across all perspectives Offering an overview of resilience based decision making through an approach that integrates the threats and dependencies related to infrastructural informational and social considerations the book will be of interest to all those whose work involves the security of digital systems

Whispering the Secrets of Language: An Mental Quest through **Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics**

In a digitally-driven earth wherever monitors reign great and instant connection drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within phrases usually get unheard. Yet, located within the pages of **Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics** a fascinating fictional prize sporting with organic thoughts, lies a fantastic quest waiting to be undertaken. Published by a skilled wordsmith, that charming opus encourages readers on an introspective journey, softly unraveling the veiled truths and profound affect resonating within ab muscles fabric of each word. Within the psychological depths of the poignant review, we shall embark upon a honest exploration of the book is key themes, dissect its interesting publishing style, and fail to the powerful resonance it evokes strong within the recesses of readers hearts.

Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and

Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics

professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics Books

1. Where can I buy Shaping Race Policy The United States In Comparative Perspective Princeton Studies In American Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
