De Neuvi,2012-06-01 What happens when an expatriate missionary is thrust into a context where the standard of living is so divergent that perceived or actual wealth suddenly becomes the strongest draw of attraction What actual message is communicated through the wordless witness of the Western Christian missionary lifestyle Is attention to so called good news now so financially focused that other foundational issues become overshadowed This issue becomes even more complicated when the missionary arrives clueless about personal privilege ignorant of the envy of others and carries the mistaken attitude that others think similarly SEANET proudly presents Complexities of Money and Missions in Asia for all who are asking such questions From seven different indigenous and expatriate perspectives this volume deals with the perceptions of money specifically from those seeking to serve obediently in the Buddhist contexts of Asia SEANET serves as a networking forum wherein groups and individuals can meet to reflect and strategize together on topics particular to their collective mission

SEANET does not promote one particular strategy or one particular theology but seeks to learn from models of hope that show what God is doing around the world Each year the annual SEANET conference brings together over one hundred and fifty practitioners who are privileged to live and serve throughout the Buddhist world The chapters of this volume represent seven of those voices from the network

[Handbook for Sharing Your Faith Effectively](#) , **Becoming the People of God** Paul H. De Neui, 2015-06-01 How do Christ followers celebrate unity in the midst of diversity How do we become the people of God in more than name only A unifying Christ centeredness demands living out kingdom values and bearing witness to transformation in and through a multitude of cultural manifestations We struggle to serve worship and witness in the midst of this age old challenge This collection of perspectives comes from settings where the good news of Jesus has not been the dominant historical norm All contributors in this volume are practitioners They have a deep appreciation for the cultural heritage and important moral values found in Buddhist contexts We believe these chapters hold valuable lessons that speak to all of the family of faith Here you will find a wide range of topics and approaches that address what it means to become the global body of believers These can speak to you wherever you are called to participate with God's work in the world Christ followers are in the process of becoming what will one day culminate in a huge and startling celebration of people from all of God's beloved creation If you are interested in hearing from those discovering what that might look like outside traditional packaging this book is for you

De Neui, 2017-06-01 Lessons from the Buddhist World SEANET proudly presents Restored to Freedom from Fear Guilt and Shame volume 13 in its series on intercultural and inter religious studies These three cultural orientations impact the shaping and expression of worldview While all are present to a certain extent in every context this volume draws from the expressions and insights found from within the Buddhist world Understanding orientations differing from our own helps us understand more of ourselves part of the enrichment resulting in the process of encounter We require the lens of the world in order to better recognize our own cultural blindness We use the word restoration believing that it is God's purpose to restore all that was lost through fear guilt and shame back to the original status of power honor and innocence through reconciliation on all levels This volume is for all who seek restoration to freedom for self and others

Suffering Paul H. De Neui, 2011-02-03 What is dukkha In Buddhism this word encompasses the concepts of dis ease unsteadiness sorrow and lack of inner calm In English it is usually translated simply as suffering

However it is defined dukkha is central to understanding Buddhism The Buddha described not only what it was but taught that there is a way out of it Suffering is an undeniable theme in both Christianity and Buddhism Both treat the topic with great intensity Buddha taught that suffering was inherent to the mortal condition Christ was born into a life of suffering and called disciples to follow him in this path Through enlightenment Buddha pointed to a way out of suffering Through his death Christ suffered once for all Both groups experience suffering but often talk about it from completely different starting points Are there insights from each perspective that can inform the other We believe so Suffering Christian Reflections on the Buddhist Dukkha is a collection of articles by Western and non Western Christ followers for those who want to delve deeper into one important aspect of Buddhist worldview It is written for the practitioner privileged to live and serve in the Buddhist context This book is also for the Buddhist seeking to understand the Christian perspective on existence in today s world where suffering is our ever present reality

Developing Indigenous Leaders Paul H. De Neui, 2013-06-01 Every movement is only one generation from dying out Leadership development remains the critical issue for mission endeavors around the world How are leaders developed from the local context for the local context What is the role of the expatriate in this process What models of hope are available for those seeking further direction in this area particularly in mission to the Buddhist world of Asia To answer these and several other questions SEANET proudly presents the tenth volume in its series on practical missiology Developing Indigenous Leaders Lessons in Mission from Buddhist Asia Each chapter in this volume is written by a practitioner and a mission scholar The ten authors come from a wide range of ecclesial and national backgrounds and represent service in ten different Buddhist contexts of Asia With biblical integrity and cultural sensitivity these chapters provide honest reflection insight and guidance There is perhaps no more crucial issue than the development of dedicated indigenous leaders who will remain long after missionaries have returned home If you are concerned about

raising up leaders in your ministry in whatever cultural context it may be this volume will be an important addition to your library
