Inquirer and Knowledgeable

Reflection

After this activity students got a very clear idea of the composition of air. They were surprised to know that oxygen forms only 21% of the air and 78% is Nitrogen. They were introduced to the names of the gases for the first time. A discussion on air pollution was very effective at this time as they could understand that air containing harmful gases is polluted air and can cause respiratory diseases in humans.

ATL's developed

Students developed Social skills as they had to interact with their peers for completing the task. They also developed written communication skills as they had to share the learning in writing form.
