

A man in a dark suit and blue tie is pointing his right index finger at a digital interface. The interface features a central circular graphic with the text 'CORE VALUES' in white capital letters. Surrounding this central text are several white icons: a checkmark in a circle, a lightbulb with a gear inside, a target with an arrow, three people silhouettes, three interlocking gears, a lightbulb with an exclamation mark, and a balance scale. The background is a blurred office setting with blue and white tones.

Division of Savings and Loan,1895

Forestry in the Midst of Global Changes Christine Farcy,Eduardo Rojas-Briales,Inazio Martinez de Arano,2018-12-07 Forestry today like many other sectors that traditionally rely on material goods faces significant global drivers of societal change that are less often addressed than the environmental concerns commonly in the spotlight of scientific political and news media There are three major interconnected issues that are challenging forestry at its foundation urbanization tertiarization and globalization These issues are at the core of this book The urbanization of society a process in development from the first steps of industrialization is particularly significant today with the predominance and quick growth rate of the world s urban population Ongoing urbanization is creating new perspectives on forestry inducing changes in its social representation and changing lifestyles and practices with a tendency toward dematerialization The process of urbanization is also creating a disconnect and in some ways is leaving behind rurality the sector of society where forestry has traditionally developed and taken place over centuries The second issue covered in this book is the tertiarization of the economy In society today the sector of services largely dominates the economy and occupies

the major part of the world's active population. This ongoing process modifies professional modalities and ways of life and opens new doors to forests through the immaterial goods they provide. It also profoundly changes the framework rules, processes, means of production, exchanges between economic factors and the processes of innovation. The third issue is undoubtedly globalization in its economic, political and social components. Whether it's through bridging distances, crossing borders, accelerating changes, standardizing practices, leveling hierarchical structures or pushing for interdependence, globalization impacts everyone everywhere in multiple ways. Forestry is no exception. Forestry in the Midst of Global Changes focuses on these global drivers of change from the perspective of their relationships with how society functions. By analyzing them in depth through multidisciplinary, interdisciplinary and even transdisciplinary approaches, this book is helping to design the forestry of tomorrow.

Values Information from AI The Values We Share Project, Values information from AI is a collection of information and images of values generated from an AI tool as part of The Values We Share Project to promote values. All information in this book can be used to promote values and can be used as material in values formation programs. All information in this book will also be used in The Values We Share Project videos, materials and courses in the future. Visit The Values We Share Project at <http://thevaluesweshare.info>

Scholar's Moral Reader 1 Fr. George Plathottam, Theology and Breaking Bad David K. Goodin, George Tsakiridis, 2022-07-06. Theology and Breaking Bad explores the brutal and seemingly nihilistic moral landscape of the AMC neo-Western crime drama Breaking Bad (2008-2013) with insights into the characters, their struggles and the moral consequences resulting from their actions. Throughout the book, the contributors find telltale traces of theological themes woven into the storylines by the writers and directors and bring them out for the reader in ten essays spanning topics from Greek mythology to the Hebrew Bible and extending into Eastern and Western Christendom. Readers will find provocative reflections that will add to their appreciation of this show as well as its spinoff series Better Call Saul (2015-2022). This volume also advances academic inquiries in such fields as popular culture and theology, hermeneutics, biblical studies, Patristics, film studies, diasporic and colonial studies and explores such themes as antihero, redemption, penance, salvation and forgiveness. This book will be of interest to both academics and fans alike.

Explorations in Global Media Ethics Muhammad Ayish, Shakuntala Rao, 2013-09-13. Studies of global media and journalism have repeatedly returned to discussions of ethics. This book highlights the difficulty that journalists encounter when establishing appropriate ethical practices and marks the pressing importance of global media ethics as a subject of current debate. A wide range of contributors, both scholars and practitioners of journalism, identify how changes in journalism practice, developments in new media technologies, legal regulations and shifting patterns of ownership all play a role in creating ethical tensions for journalists, with some chapters in the book suggesting practical solutions to this pertinent issue. The growing need to faithfully represent other diverse cultural groups is also considered, with certain chapters discussing the impact that human rights, freedom and justice have upon journalistic decision making. Explorations in Global Media Ethics

recognises that with the escalation of globalisation and a public striving for honest quality media journalists around the world face an increasing pressure to comply with and simultaneously satisfy diverse ethical practices at both a local and a more global level The book sympathises with the position of the journalist and calls for greater consideration of his ambiguous role This book was originally published as a special issue of Journalism Studies

Hispanic Marketing Felipe Korzenny, Sindy Chapa, Betty Ann Korzenny, 2017-06-14 Hispanic Marketing The Power of the New Latino Consumer focuses on using cultural insights to connect with Latino consumers Now in its third edition the book provides marketers with the skills necessary to perform useful Hispanic market analysis and thus develop effective integrated marketing communication strategies Brought to you by three leaders in the field of Hispanic Marketing this third edition now includes twenty seven new case studies which emphasize digital marketing applications theories and discussions on recent changes to Hispanic culture and society concepts of social identity motivation cognitive learning acculturation technology adaptation and the influence of word of mouth in relation to the Hispanic market a brand new companion website for course instructors with PowerPoint slides videos testbank questions and assignment examples Replete with marketing strategies that tap into the passion of Hispanic consumers this book is the perfect companion for anyone specializing in Hispanic marketing who aims to build a meaningful connection between their brand and target markets

Business Leadership in Turbulent Times Michael Lawrie, George Tsetsekos, 2021-09-22 Business Leadership in Turbulent Times presents an integrative methodology for decision making that advances the notion that business success involves more than strategy Strategy is an important facet but not the only determinant for success Devising the strategy in the first place deploying assets following a financial model that supports the strategy picking the right leaders and company culture all play critical roles In this book the authors share an approach for businesses to thrive during good and bad times Reflecting on their diverse experiences in business and academia they answer questions such as Why do some firms become winners while others lose How do successful firms create and sustain value Why do firms that were once great suddenly fail Most importantly the authors provide a framework for senior executives to make decisions even during times of crisis The book includes an appendix of insights and predictions about the impact of COVID 19 on business leadership The crisis has implications on short and long term priorities the pace of innovation and the role of leaders
