From the author of *The Witches*, *The Book of David*, and *The Book of the Dead*, this is a story of five friends who changed the world. In 1961, five young men from the United States and the United Kingdom were selected to be the first to walk on the moon. They were the Apollo 11 crew: Neil Armstrong, Michael Collins, and Buzz Aldrin. But the story of the moon landing is not just about the men who walked on the moon. It is also about the friends who supported them, who helped them to become astronauts, and who were there for them when they returned home. This is a story of friendship, of courage, and of the power of the human spirit.
