**The Primacy of the Bishop of Rome and the Ecumenical Dialogue** Adriano Garuti, 2004 The mixed results of the ecumenical dialogue since the Second Vatican Council have made it clear that the primacy of the Bishop of Rome remains the single most serious obstacle on the path of ecumenism In his landmark 1995 encyclical *Ut unum sint* Pope John Paul II reiterated the constant teaching that the Catholic Church has preserved the ministry of the Successor of the Apostle Peter the Bishop of Rome He also invited leaders and theologians of other Christian communities to engage in a patient and fraternal dialogue on this subject to find a way of exercising the primacy which while in no way renouncing what is essential to its mission is nonetheless open to a new situation This book explores in depth the discussion of papal primacy in the Catholic Orthodox Catholic Lutheran and Catholic Anglican dialogues along with an appendix on the concept of Sister Churches Each chapter describes how the primacy is viewed in the respective churches or ecclesial communities then it analyzes the documents of the official ecumenical dialogue and realistically evaluates the results achieved thus far

**Martin Luther** Bernhard Lohse, 1986 Attention is given to major writings relative importance genre and historical context Guides reader through significant issues in Luther's theology and discusses contributions      **The Laity as Participants in the Mission of the Church** Humphrey C. Anameje, 2017-06-05 The church is made up of both the clergy and the laity And for it to properly fulfill the mission for which it was instituted by Christ all its members each according to

his or her God given gift must contribute both to the upbuilding of the church and to its mission On the part of the laity their active participation in the general mission of the church ad intra and ad extra has been a great challenge in the life and practice of the church throughout its history The Second Vatican Council in its spirit of aggiornamento makes some positive difference This work critically examines the conciliar documents some relevant postconciliar documents and theological reflection of some theologians And finally it proffers solutions that will enhance the active participation of the laity in the mission of the church in general and the church in Southeast Nigeria in particular

**Challenging the Traditional Interpretations of Justification by Faith, Part 1** John A. Campbell, Tony H. Espinosa, Mitchell J. Kennard, Joel I.

Oladele, John-Paul Petrash, Kerry S. Robichaux, 2022-01-01 This volume is the first of a two part work that evaluates the teaching of justification by faith from the early church to modern times in light of the Scriptures and the ministry of Watchman Nee and Witness Lee Part 1 begins with a thorough presentation of the evaluative standard by which the authors will measure the teachings of the various Christian traditions Then following a historical overview of justification by faith in the major traditions they proceed to give a detailed assessment of the doctrine as taught in the patristic era in the medieval era and by Martin Luther at the inception of the Protestant Reformation The volume aims to point out the shortcomings and contributions of the first 1 500 years of the church's teaching on justification by faith and to offer a fresh understanding of this foundational truth of the Christian faith

**Remembering the Reformation** Thomas Albert Howard, 2016-08-19 The 500th anniversary of the Reformation in 2017 focuses the mind on the history and significance of Protestant forms of Christianity It also prompts the question of how the Reformation has been commemorated on past anniversary occasions In an effort to examine various meanings attributed to Protestantism this book recounts and analyzes major commemorative occasions including the famous posting of the 95 Theses in 1517 or the birth and death dates of Martin Luther respectively 1483 and 1546 Beginning with the first centennial jubilee in 1617 Remembering the Reformation An Inquiry into the Meanings of Protestantism makes its way to the 500th anniversary of Martin Luther's birth internationally marked in 1983 While the book focuses on German speaking lands Thomas Albert Howard also looks at Reformation commemorations in other countries notably in the United States The central argument is that past commemorations have been heavily shaped by their historical moment exhibiting confessional liberal nationalist militaristic Marxist and ecumenical motifs among others

**Luther's Reform** Jared Wicks SJ, 2019-02-05 Of the Roman Catholic scholars of the Reformation who have contributed to our understanding of Martin Luther and his theology Jared Wicks is among the very best In this reprinted collection of essays a new generation of readers will glean fresh insights into the Wittenberg reformer as Wicks places Luther within his proper late medieval theological context and carefully teases out his unique contributions to understanding the church and justification conversion At the same time Wicks situates Luther's theology within present conversations between Lutherans and Roman Catholics and proves again and again the important role that good fair minded historiography plays in aiding

such dialogue This collection will treat readers to among other things in depth investigations of Luther's early theology of justification of the connection between the sacraments and faith and of the pastoral consequences for the simul iustus et peccator all written in a winsome prose with careful attention to the original sources It is a helpful addition to the library of anyone interested in understanding the now 500 year old movement of reform within the church catholic and its implications for today Timothy Wengert Emeritus United Theological Seminary Philadelphia United Lutheran Seminary
