Thoughts on Machiavelli Leo Strauss, 2014-07-04 The esteemed philosopher's assessment of good evil and the value of Machiavelli Leo Strauss argued that the most visible fact about Machiavelli's doctrine is also the most useful one Machiavelli seems to be a teacher of wickedness Strauss sought to incorporate this idea in his interpretation without permitting it to overwhelm or exhaust his exegesis of The Prince and Discourses on the First Ten Books of Livy We are in sympathy he writes with the simple opinion about Machiavelli namely the wickedness of his teaching not only because it is wholesome but above all because a failure to take that opinion seriously prevents one from doing justice to what is truly admirable in Machiavelli the intrepidity of his thought the grandeur of his vision and the graceful subtlety of his speech This critique of the founder of modern political philosophy by this prominent twentieth century scholar is an essential text for students of both authors

Machiavelli Maurizio Viroli, 1998-07-30 Founders of Modern Political and Social Thought Series Editor Dr Mark Philip Oriel College University of Oxford Founders of Modern Political and Social Thought present critical examinations of the work of major political philosophers and social theorists assessing both their initial contribution and continuing relevance to politics and society Each volume provides a clear accessible historically informed account of each thinker's work focusing on a re assessment of their central ideas and

arguments Founders encourage scholars and students to link their study of classic texts to current debates in political philosophy and social theory This launch volume in the Founders of Modern Political and Social Thought series presents a critical examination of Machiavelli's thought combining an accessible historically informed account of his work with a re-assessment of his central ideas and arguments Maurizio Viroli challenges the accepted interpretations of Machiavelli's work insisting that his republicanism was based not on a commitment to virtue greatness and expansion but to the ideal of civic life protected by the shield of fair laws His detailed study of how Machiavelli composed his famous work *The Prince* presents new interpretations and he further argues that the most challenging and completely underestimated aspect of Machiavelli's thought is his philosophy of life in particular his conceptions of love women irony God and the human condition Viroli demonstrates that Machiavelli composed *The Prince* and all his works according to the rules of classical rhetoric and never intended to found the modern science of politics aiming rather to continue and refine the practice of political theorising as a rhetorical endeavour taught by the Roman masters of civic philosophy Viroli's Machiavelli a serious challenge to contemporary methods of doing political theory will be essential for advanced students of the history of political thought

Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition **Machiavelli's Effectual Truth** Harvey C. Mansfield, 2023-09-21 Machiavelli master conspirator of effectual truth meets his equal in Montesquieu who takes the task of maintaining the modern world *Machiavelli's Romans* Patrick J. Coby, 1999-05-13 Although Machiavelli is

usually considered a pioneer among modern political philosophers he read deeply in and was greatly influenced by the works of classical Roman thinkers such as Livy There is thus a fundamental tension between the modern and the ancient within Machiavelli's philosophy he is both a precursor to the Enlightenment and a throwback to republican Rome This is the main thesis behind Patrick Coby's innovative study of the neglected Machiavellian classic Discourses on Livy Coby argues that scholars have been too quick to dismiss the ancient antecedents of Machiavelli's thought particularly with regard to the modes and orders of the Roman republic The book seeks to resolve the central paradox of the Discourses that Machiavelli recommends adoption of Roman modes and orders even though those modes and orders destroyed the virtù the strength which Machiavelli would have moderns resuscitate by imitating Rome A sophisticated highly engaging book Machiavelli's Romans will be of special interest to political theorists Renaissance scholars and classicists

Why Machiavelli Matters John Bernard, 2008-12-30 Machiavelli 1469-1527 is the seminal figure in early modern intellectual history for those living or wishing to live in a functional democracy What Machiavelli is primarily about and what makes him indispensable to those of us living in and struggling to preserve democracy in America is the sum of individual and collective qualities required of a citizen or what he termed virtù a host of traits ranging from manliness to boldness ingenuity excellence self esteem and even stoic resignation In a narrative spanning Machiavelli's life and work as

one of the world's most fascinating philosophers Bernard illuminates for the modern reader just how relevant his insights are to our own evolving debate on the appropriate relations between religion and politics church and state Besides offering a detailed sketch of Machiavelli as a chancellor in the Italian Soderini Republic 1498-1512 this book examines the man's political philosophy particularly his complex view of republics and principalities in *The Prince* the *Discourses* and the *Florentine Histories* It also establishes the importance of Machiavelli's writing as it evolved during his exile especially in the reflexive passages of his plays *Mandragola* and *Clizia* The book concludes with the potential uses of Machiavellism in 21st century mass democracies as well as presenting ways in which his legacy lives on in our own activities as citizens in a democracy

BOOK JACKET **Machiavelli on War** Christopher Lynch, 2023-12-15 Machiavelli on War offers a comprehensive interpretation of the philosopher-historian's treatment of war throughout his writings from poems and memoranda drafted while he was Florence's top official for military matters to his posthumous works *The Prince* and *Discourses* on Livy Christopher Lynch argues that the issue of war permeates the form and content of each of Machiavelli's works the substance of his thoughts and his own activity as a writer concluding that he was the first great modern philosopher because he was the first modern philosopher of war Lynch details Machiavelli's understanding of warfare in terms of both actual armed conflict and at the intellectual level of thinkers competing on the field of knowledge and belief Throughout Machiavelli's works he focuses on how military commanders knowledge of human necessities beginning with their own enables and requires them to mold soldiers organizationally and politically to best deploy them in operations attuned to political context and changing circumstances Intellectually leaders must shape minds their own and others to reject beliefs that would weaken their purpose for Machiavelli this meant overcoming the classical and Christian traditions in favor of a new teaching of human freedom and excellence As Machiavelli on War makes clear prevailing both on the battlefield and in the war of ideas demands a single-minded engagement in reasoning about everything beginning with oneself For Machiavelli Lynch shows the successful military commander is not just an excellent leader but also an excellent human being in constant pursuit of the truth about themselves and the world

Unmasking of Authenticity Brent Edwin Cushner,Mark A. Menaldo,2018 Leadership and the Unmasking of Authenticity presents a philosophic treatment of the core concept of authentic leadership theory with a view toward illuminating how authors in the history of philosophy have understood authenticity as an ideal for humanity Such an approach requires a broader view of the historical origins of authenticity and the examination of related ideas such as self knowledge and deception The chapters of this book illuminate the conflict between the contemporary understanding of authenticity and traditional philosophy by revisiting the ideas of thinkers who express self knowledge as a cornerstone of their philosophy

book traces the influence of the Florentine thinker on American politics from the Founders c 1770s through today's rough and tumble political panorama Machiavelli's ideas have been reinterpreted internationally as real politik He proposed that the ends justify the means and that any manner of fraud violence or corruption must be utilized in attaining and retaining power He maintained that the most powerful form of fraud was the appearance of religiosity and said that the successful prince must hold no art higher than that of war In this disturbing erudite and highly readable book America is shown to be a surprising example of Machiavellian politics utilizing all of the post modern methods of information distribution and legal fraud and corruption Lee Atwater Karl Rove George W Bush the Supreme Court's Citizens United v the Federal Election Commission 2010 and the Super PACs it spawned the massive amounts of money power's master key the intermingling of the language of religion and war and the 90% negative advertising of the 2012 Presidential campaign channeling Machiavelli's dictum that the adversary must be assassinated though in contemporary America by character assassination and even Barack Obama's Machiavellian machinations are looked at in light of the Renaissance political philosopher's ideas The last section of the book offers a response to this with a specific implementable program that will begin to devolve the power of American democracy back to the people
