Migrants In Chinese Megacities: Producing Transient Urban Spaces In The Pearl River Delta Bettina

Gransow,2025-07-23 This book starts from the assumption that there is no single path of migrant integration or incorporation into the megacity It then asks what kinds of migrant pathways into the Chinese megacity might be discovered by studying migrants own agency Based on over one hundred qualitative interviews conducted in the Pearl River Delta the micro studies in this volume show how different high risk migrant groups voluntary and involuntary blue collar and white collar internal and international connect to the megacity through their everyday routines and practices constituting and appropriating transient urban spaces It also examines the responsiveness of the Chinese government s migration policies from the perspective of these different migrant groups The study brings aspects of migration sociology and risk sociology into dialogue with each other and with urban China studies Linked to ideas of the global risk society and planetary urbanisation the study provides an empirical and theoretical building block beyond China s national development Its findings are expected to contribute to current debates on restricting or promoting migration to Chinese megacities Megachange Darrell M. West,2016-10-18 Big unexpected changes are here to stay Slow incremental change has become a relic of the past Today s shifts come fast and big what Darrell West calls megachanges in which dramatic disruptions in trends and policies occur on a regular basis Domestically we see megachange at work in the new attitudes and policies toward same sex marriage health

care smoking and the widespread legalization of marijuana use Globally we have seen the extraordinary rise and then collapse of the Arab Spring the emergence of religious zealotry the growing influence of nonstate actors the spread of ISIS fomented terrorism the rise of new economic and political powers in Asia and the fracturing of once stable international alliances Long held assumptions have been shattered and the proliferation of unexpected events is confounding experts in the United States and around the globe Many of the social and political institutions that used to anchor domestic and international politics have grown weak or are in need of dramatic reform What to do West says that we should alter our expectations about the speed and magnitude of political and social change We also need to recognize that many of our current governing processes are geared to slow deliberation and promote incremental change not large scale transformation With megachange becoming the new normal our domestic and global institutions must develop the ability to tackle the massive economic political and social shifts that we face

Skirts in the Boardroom Rei Kimura, 2017-03-09 Three young women arrived in

Tokyo from the small towns of rural Japan with nothing but a burning ambition and the vague knowledge that somehow their lives would be different. With so many odds stacked against them, what were the chances that their ambitions would eventually be realized? And at what cost? The fourth woman, Emi, is from an affluent family in Tokyo, but her privileged life did nothing to lessen the odds stacked even higher against her. This is the tense, smoldering story of four young Japanese professional women from diverse backgrounds and a big score to settle with their female-unfriendly society whose lives converged in Tokyo where they met by chance and started the four pillars. Well-educated, vibrant, and ambitious, the four women—Suzue, Sachi, Tomoko, and Emi—are bonded by their common struggle to break out of the system which traditionally placed Japanese women as the coffee and tea serving ladies of the corporate world. This gripping story is set against the backdrop of vibrant, contradictory, and pulsating Tokyo, the capital and heartbeat of Japan, and the way life is really led in a country where traditions and extreme modernity co-exist in perplexing harmony. Through the stormy and sometimes racy maze of boozing at Tokyo's many bars and discos, to the string of men that weaved in and out of their lives, to the tune of Suzue's expiry date song, and quieter moments of just crashing out of the limelight and bonding with each other, the four self-styled pillars depend on each other for the therapeutic support and healing from the spiritual and mental scars of constant corporate and societal warfare. They are truly soulmates in Tokyo. Together, and yet apart, each woman has her own secret yearnings and dreams, and having forced their way into the boardrooms of Japan, what lies ahead for them? Will, and can, the parallel lines of their ambitions and personal lives finally converge, or travel forever open-ended and unresolved? Through the turbulent lives and experiences of these four women, told with plenty of satire and bitter-sweet humor, this book also gives the reader an honest look at modern Japanese society as it struggles to co-exist with the hard traditional practices, prejudices, and mindset. This book has a lot of insight into life in Japan as it actually is, and in particular, the growing number of young professional women who want more out of life than their traditional roles. It's very real, it's life in Japan, and the fractious struggle of young women of modern desires against the hard traditional values. **Cosmopolitan** Natalie Dye, 2012-08-10
