Fluid Flesh Barbara Baert,2009 How do we relate the body we have and the bodies we see to the mind or to the soul Fluid Flesh addresses the relationship between the body religion and the visual arts which is one of both love and tension Are we able and allowed to think of the divine in a corporeal way Isn t artistic expression which originated from both the human mind and body intrinsically a bodily matter Featuring an introduction from James Elkins Fluid Flesh covers an array of topics including the visual as a spiritual medium today iconophilia and iconoclasm in the past and present the human body religion and contemporary lifestyles and premodern and postmodern perspectives on anatomy and the visual arts Several authors address the presentation of the human form in Christian art and ask whether the body may be present in religious art even without figuration The authors highlight the intertwined and powerful roles of both the image and the body within a contemporary culture that has seemingly devalued language in favor of the image and has renewed a sinful conception of the body as in constant need of improvement
