The Sleepy Lagoon Murder Case Mark A. Weitz, 2010-10-29 What began as a neighborhood party during the summer of 1942 led to the largest mass murder trial in California s history After young Jose Diaz was found murdered near Los Angeles Sleepy Lagoon reservoir 600 Mexican Americans were rounded up by the police 24 were indicted and 17 were convicted But thanks to the efforts of crusading lawyers Hollywood celebrities and Mexican Americans throughout the nation all 17 convictions were thrown out in an appellate decision that cited lack of evidence coerced testimony deprivation of the right to counsel and judicial misconduct Mark Weitz chronicles the Sleepy Lagoon case People v Zammora from the streets of the L A s Mexican American neighborhoods to the criminal courts through the appeals process and to the ultimate release of the convicted In the process Weitz opens a window on the uneasy world of Hispanic Anglo relations which exacerbated by an influx of Mexican immigrants had simmered beneath the surface in California for a century and reached the boiling point by 1942 By demonstrating how an environment of hostility and fear had fostered a breakdown in the legal protections that should have been afforded to the Sleepy Lagoon defendants Weitz also illuminates a vital episode in the evolution of defendants rights including the right to counsel and a fair and impartial trial As the case unfolded the prosecution and local media drew

Campus Life Helen Lefkowitz Horowitz,2013-09-04 Every generation of college students no matter how different from its predecessor has been an enigma to faculty and administration to parents and to society in general Watching today s students holding themselves in because they had to get A s not only on tests but on deans reports and recommendations Helen Lefkowitz Horowitz author of the highly praised Alma Mater began to ask What has gone wrong how did we get where we are today Campus Life is the result of her search through college studies alumni autobiographies and among students themselves for an answer She begins in the post revolutionary years when the peculiarly American form of college was born forced in the student faculty warfare in 1800 pleasure seeking Princeton students angered by disciplinary action show pistols and rolled barrels filled with stones along the hallways She looks deeply into the campus through the next

two centuries to show us student society as revealed and reflected in the students own codes of behavior in the clubs social and intellectual in athletics in student publications and in student government And we begin to notice for the first time from earliest days till now younger men and later young women as well have entered not a monolithic student body but a complex world containing three distinct sub cultures We see how from the beginning some undergraduates have resisted the ritualized frivolity and rowdiness of the group she calls College Men For the second group the Outsiders college was not so much a matter of secret societies passionate team spirit and college patriotism as a serious preparation for a profession and over the decades their ranks were joined by ambitious youths from all over rural America by the first college women by immigrants Jews townies blacks veterans and older women beginning or continuing their education We watch a third subculture of Rebels both men and women emerging in the early twentieth century transforming individual dissent into collective rebellion contending for control of collegiate politics and press and eventually in the 1960s reordering the whole college university world Yet Horowitz demonstrates in spite of the tumultuous 1960s in spite of the vast changes since the nineteenth century the ways in which undergraduates work and play have continued to be shaped by whichever of the three competing subcultures college men and women outsiders and rebels is in control We see today s campus as dominated by the new breed of outsiders they began to surface in the 1970s driven to pursue their future careers with a grim professionalism And as faint and sporadic signs emerge of perhaps a new activism and a new attraction to learning for its own sake we find that Helen Lefkowitz Horowitz has given us in this study a basis for anticipated the possible nature of the next campus generation
