

The Portrait of a lady

The story The Portrait of the Lady by Khushwant Singh revolves around the story of the author and his relationship with his grandmother. The author's mother was a deeply religious woman who was very kind hearted. She epitomised purity and peace of mind which is very well written as an expanse of pure white serenity. Though she wasn't beautiful physically, she possessed deep spiritual beauty. She took great delight in feeding birds and animals.

The story begins with the narrator describing how old his grandmother was. **The thought of the author's old grandmother being young and pretty, in early years of her life, raised a conflict in the mind of the author.** Her hair was white as snow and she had a little stoop in her back.

When Singh was a child and his parents were away he was brought up by his grandmother who used to wake him up and get him ready for school. While performing this daily chore, she used to sing prayers which she wanted him to learn by heart but in vain. She would walk with him to and from his school. On their way back, they would throw chappatis to the village dogs.

When his parents settled in the city Singh went to stay in the city with her. This was a turning point in the relationship he shared with her. He disliked many things taught in the school. She could no longer help him with his lessons. A small gap had developed between them which wasn't very prominent. She didn't accompany him to school any long.

With the passage of time ,Singh went to the university with which ended the last string of attachment which held them together. His grandmother started spending more time on the spinning wheel. This shows the author's grandmother's passive submission to her secluded life. She surrendered to her situation of separation from her family members, especially the author. She became friendly to the sparrows and fed them little pieces of bread. The birds in turn loved her company and would sit on her shoulders and even on her head.

Next came a phase when Singh decided to go to abroad to study for five years. He contemplated on his grandmother not being alive till the time he came back. However, she went to receive him in the station when he was

issues of both James's era and our own including gender relations sexuality the nature of modernity the threat of relativism and the role of art American Studies ,2005 The Prose Elegy John B. Vickery,2009-05-15 Traditional English poetic elegists offer both writers and readers hope After lamenting an individual's death and confronting the mortality of all living things these poets seek consolation from religion philosophy or culture for the inevitability of death The modern prose elegy however follows a different path one that determinedly questions all possible resolutions In The Prose Elegy John B Vickery continues the work he began in The Modern Elegiac Temper which examined the form in British and American poetry He now considers the works of American and British fiction writers from Henry James to Joan Didion and reveals how the elegy expanded into prose and why it evolved so as to deal not only with death but also with other forms of loss Focusing on individual works Vickery explores both the forms the elegy takes throughout the twentieth century and the skeptical and uncertain attitudes of writers struggling to confront the trauma of loss He offers detailed interpretations of the elegiac components in the works of novelists James Joyce William Faulkner Virginia Woolf and Ernest Hemingway each of whom forged a distinctive style as well as chroniclers of a pervasive stoicism such as Malcolm Lowry and Joan Didion and writers as nuanced as Sherwood Anderson F Scott Fitzgerald James Agee and Ford Madox Ford For these writers Vickery shows sorrow intrudes upon the personal intellectual and cultural aspects of daily living By exploring how loss touches each of these areas their books probe intellectual boundaries and discover new elegiac themes Truman Capote and John Updike for example view memory which can disappear quickly as inherently sad They therefore elegize memory What consoles writers of the modern elegy changes too In place of Milton's religion or Shelley's philosophy twentieth century writers also seek comfort from what also saddens them family marriage and ideas of the self In The Prose Elegy Vickery convincingly demonstrates that the elegy remains a dominant mode throughout British and American literature with perhaps greater pertinence to our lives than ever before Femininity and Masculinity in Eighteenth-century Art and Culture Gillian Perry,1994 Focusing on the visual arts and written texts this book explores the nature of femininity and masculinity in 18th century Britain and France The activities and collective conditions of women as producers of art and culture are investigated together with analysis of representation and the ways in which it might be gendered This illustrated book should make an important contribution to debates on representation constructions of sexuality and women as producers **Handbook of the American Novel of the Nineteenth Century** Christine Gerhardt,2018-06-11 This handbook offers students and researchers a compact introduction to the nineteenth century American novel in the light of current debates theoretical concepts and critical methodologies The volume turns to the nineteenth century as a formative era in American literary history a time that saw both the rise of the novel as a genre and the emergence of an independent confident American culture A broad range of concise essays by European and American scholars demonstrates how some of America's most well known and influential novels responded to and participated in the radical transformations that characterized American culture between the early republic and the age

of imperial expansion Part I consists of 7 systematic essays on key historical and critical frameworks including debates about race and citizenship transnationalism environmentalism and print culture as well as sentimentalism romance and the gothic realism and naturalism Part II provides 22 essays on individual novels each combining an introduction to relevant cultural contexts with a fresh close reading and the discussion of critical perspectives shaped by literary and cultural theory

The Female Performer between Exhibitionism and Feminism in Novels by James, Hawthorne, and Zola Nodhar Hammami Ben Fradj, 2021-03-11 This book is concerned with the figure of the female performer in nineteenth century fiction It explores the attitudes of Henry James Nathaniel Hawthorne and Emile Zola towards women's appearances on political daises and theatrical stages Literature as a cultural force can either boost women's participation in public life or bolster the patriarchal ideology The book verifies Henry James's feminist ideology that lies behind the positive representation of women's political activism and acting as two different modes of performance through a comparative study between him and two of his contemporary novelists It reflects the clash of opinions among nineteenth century American and French authors on the issue of women's public manifestation as caught between the spectacular and the political While some writers have deemed it an exhibitionist demeanour others have considered it a commitment to the feminist project The first section shows how a feminist reading in the history of European and American female performers as emerging figures in the nineteenth century can help to understand the position of the figure in the literary works of the period Nathaniel Hawthorne is shown to be an author who holds the same feminist temperament as James through his portrayal of a talented political rhetorician in his novel *The Blithedale Romance* which is compared to James's *The Bostonians* in the second section The final part conducts a study in contrasts between James's supportive rendering of the actress in *The Tragic Muse* and Emile Zola's derogatory stereotyping of the female performer as a prostitute in his novel *Nana* *Acting Beautifully* Sigi Jottkandt, 2006-06-01 Addresses ethical and aesthetic issues in three major works by Henry James *Pragmatist Realism* Sămi Ludwig, 2002 Ludwig English U of Berne Switzerland argues that the artistic quality of American realist texts such as those written by Mark Twain William Dean Howells and Henry James is best appreciated by approaching them from a cognitive perspective rather than from a linguistic or formalistic one Annotation copyrighted by Book News Inc Portland OR *Italian Music in Dakota* Andrea Mariani, 2017-03-13 The intersection between literature and music is a major feature in Anglo American cultural history The present volume analyzes the transatlantic migration of European opera and its appropriation by some of the most important literary figures of the United States The presence of opera in literary texts is always operative and results in artistic outputs possessing more articulated and tense vectors of meaning The comparative method applied confirms the musical sensitivity of masters such as Poe Whitman Melville Dickinson Wharton Cather reveals the intriguing contradictions in the poetics of Emerson Thoreau and James and vindicates the role of some minor figures who through their involvement in the world of musical theater contributed to the intercultural context *The Ambassadors* Henry James, Harry Levin, 1986
