Origins Growth Of Mau Mau:

The Origins and growth of Mau Mau: an historical survey Kenya. Government Commissioner (History of Mau Mau),
Historical Survey of the Origins and Growth of Mau Mau Frank D. Corfield,1960 **Historical Survey of the Origins and Growth of Mau Mau** F. D. Corfield,Great Britain. Colonial Office,1960 The Origins and Growth of Mau Mau F. D. Corfield,1995 **Historical Survey of the Origins and Growth of Mau Mau** Great Britain. Colonial Office, **The Origins and Growth of Mau Mau** ,1960 **The Logic of Political Survival** Bruce Bueno De Mesquita,Alastair Smith,Randolph M. Siverson,James D. Morrow,2005-01-14 The authors of this ambitious book address a fundamental political question why are leaders who produce peace and prosperity turned out of office while those who preside over corruption war and misery endure Considering this political puzzle they also answer the related economic question of why some countries experience successful economic development and others do not The authors construct a provocative theory on the selection of leaders and present specific formal models from which their central claims can be deduced They show how political leaders allocate resources and how institutions for selecting leaders create incentives for leaders to pursue good and bad public policy They also extend the model to explain the consequences of war on political survival Throughout the book they provide illustrations from history ranging from ancient Sparta to Vichy France and test the model against statistics gathered from cross national data The authors explain the political intuition underlying their theory in nontechnical language reserving formal proofs for chapter appendixes They conclude by presenting policy prescriptions based on what has been demonstrated theoretically and empirically **The Oxford Handbook of the History of Terrorism** Carola Dietze,Claudia Verhoeven,2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators
Imperial Reckoning Caroline Elkins,2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain s civilizing mission in Kenya As part of the Allied forces thousands of Kenyans fought alongside the British in World War II But just a few years after the defeat of Hitler the British colonial government detained nearly the entire population of Kenya s largest ethnic minority the Kikuyu some one and a half million people The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising the Kikuyu

people's ultimately successful bid for Kenyan independence Caroline Elkins an assistant professor of history at Harvard University spent a decade in London Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them The result is an unforgettable account of the unraveling of the British colonial empire in Kenya a pivotal moment in twentieth century history with chilling parallels to America's own imperial project *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction

The Oxford History of the British Empire: Historiography Robin W. Winks, 1999 This volume investigates the shape and the development of scholarly and popular opinion about the British Empire over the centuries Witchcraft and Colonial Rule in Kenya, 1900-1955 Katherine Luongo, 2011-09-26 Focusing on colonial Kenya this book shows how conflicts between state authorities and Africans over witchcraft related crimes provided an important space in which the meanings of justice law and order in the empire were debated Katherine Luongo discusses the emergence of imperial networks of knowledge about witchcraft She then demonstrates how colonial concerns about witchcraft produced an elaborate body of jurisprudence about capital crimes The book analyzes the legal wrangling that produced the Witchcraft Ordinances in the 1910s the birth of an anthropo administrative complex surrounding witchcraft in the 1920s the hotly contested Wakamba Witch Trials of the 1930s the explosive growth of legal opinion on witch murder in the 1940s and the unprecedented state sponsored cleansings of witches and Mau Mau adherents during the 1950s A work of anthropological history this book develops an ethnography of Kamba witchcraft or uoi **Postcolonialism in the Wake of the Nairobi Revolution A.** Amoko, 2010-10-25 This work examines both the emergence of African literature and its institutionalization within nationalist African academies Amoko analyzes the relationship between such institutions of literature and the processes of nationalist legitimization and between colonial and postcolonial school cultures and national cultures *Colonial Office. Historical Survey of the Origins and Growth of Mau Mau* Great Britain. Parliament. House of Commons, 1960 **Historical Survey of the Origins and Growth of Mau Mau Presented to Parliament by the Secretary of State for the Colonies...May 1960** Great Britain. Colonial Office, 1960 *Birth of a Dream* Ngugi wa Thiong'o, 2016-10-04 One of Oprah.com's 17 Must Read Books for the New Year and O Magazine's 10 Titles to Pick up Now Exquisite in its honesty and truth and resilience and a necessary chronicle from one of the greatest writers of our time Chimamanda Ngozi Adichie The Guardian Best Books of 2016 Every page ripples with a contagious faith in education and in the power of literature to shape the imagination and scour the conscience The Washington Post From one of the world's greatest writers the story of how the author found his voice as a novelist at Makerere University in Uganda In this acclaimed memoir Kenyan writer Ngugi wa Thiong'o recounts the four years he spent at Makerere University in Kampala Uganda crucial years during which he found his voice as a journalist short story writer playwright and novelist just as colonial empires were crumbling and new nations were being born under the shadow of the rivalries intrigues and assassinations of the Cold War Haunted by the memories of

the carnage and mass incarceration carried out by the British colonial settler state in his native Kenya but inspired by the titanic struggle against it Ng g then known as James Ngugi begins to weave stories from the fibers of memory history and a shockingly vibrant and turbulent present What unfolds in this moving and thought provoking memoir is simultaneously the birth of a literary giant lauded for his epic imagination Los Angeles Times the death of one of the most violent episodes in global history and the emergence of new histories and nations with uncertain futures *Nostra Historia* #4 Thomas P. Koziara,2020-11-28 *Nostra Historia* 4 has essays on why Germans accepted the Third Reich Hitler Youth Mau Mau rebellion and Komunistyczna Edukacja w Polsce **The Problem with English Literature** Apollo Obonyo Amoko,2002 **Living the End of Empire** Jan-Bart Gewald,Marja Hinfelaar,Giacomo Macola,2011-08-12 Building on the foundational work of the Rhodes Livingstone Institute the essays contained in *Living the End of Empire* offer a nuanced and complex picture of the late colonial period in Zambia The present volume based on untapped archival material and sources that have emerged in recent years throws new light on some of the historical trajectories that the teleological gaze of nationalist scholars tended to ignore or belittle By bringing to view the deep rooted tensions underlying the Zambian nationalist movement the painful dilemmas faced by chiefly and religious institutions and the contradictory experiences of European and Asian minorities *Living the End of Empire* draws inspiration from and contributes to a growing literature that is concerned with the study of social political and cultural forces that did not readily fit into the then dominant narratives of united anti colonial struggles

Bewitching Development James Howard Smith,2009-10-15 These days development inspires scant trust in the West For critics who condemn centralized efforts to plan African societies as latter day imperialism such plans too closely reflect their roots in colonial rule and neoliberal economics But proponents of this pessimistic view often ignore how significant this concept has become for Africans themselves In *Bewitching Development* James Howard Smith presents a close ethnographic account of how people in the Taita Hills of Kenya have appropriated and made sense of development thought and practice focusing on the complex ways that development connects with changing understandings of witchcraft Similar to magic development s promise of a better world elicits both hope and suspicion from Wataita Smith shows that the unforeseen changes wrought by development greater wealth for some dashed hopes for many more foster moral debates that Taita people express in occult terms By carefully chronicling the beliefs and actions of this diverse community from frustrated youths to nostalgic seniors duplicitous preachers to thought provoking witch doctors *Bewitching Development* vividly depicts the social life of formerly foreign ideas and practices in postcolonial Africa **Warfare and Tracking in Africa, 1952-1990** Timothy J Stapleton,2015-10-06 During the decolonization wars in East and Southern Africa tracking became increasingly valuable as a military tactic Drawing on archival research and interviews Stapleton presents a comparative study of the role of tracking in insurgency and counter insurgency across Kenya Zimbabwe and Namibia
