Our Neighborhoods:

Making Our Neighborhoods, Making Our Selves George C. Galster, 2024-01-17 In *Making Our Neighborhoods Making Our Selves* George Galster delves deep into the question of whether American neighborhoods are as efficient and equitable as they could be socially financially and emotionally and if not what we can do to change that Galster aims to redefine the relationship between places and people promoting specific policies that reduce inequalities in housing markets and beyond Drawing on economics sociology geography and psychology *Making Our Neighborhoods Making Our Selves* delivers a clear sighted explanation of what neighborhoods are how they come to be and what they should be *Saving Our Neighborhoods from Foreclosures* United States. Strong, 2022-03-08 Neighborhoods are moving While offering opportunities for some gentrification can be a vastly different experience for long time residents and neighborhood churches As a pastor who led his church through its own moved neighborhood in Portland Mark Strong gives insight to churches that need to heal from the wounds of gentrification and revamp their mission amidst an uncertain future **Neighborhood Planning and Community-Based Development** William Peterman, 2000 This book explores the promise and limits of bottom up grass roots strategies of community organizing development and planning as blueprints for successful revitalization and maintenance of urban neighborhoods Peterman proposes conditions that need to be met for bottom up strategies to succeed Successful neighborhood development depends not only on local actions but also on the ability of local groups to marshal resources and political will at levels above that of the neighborhood itself While he supports community based initiatives he argues that there are limits to what can be accomplished exclusively at the grassroots level where most efforts fail Back cover **Neighborhood Diversity** United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1977 **Neighborhood Preservation** United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1976 *The Neighborhood Church* Robert G. Moss, 2014-09-16 The purpose of this book is to provide a theologically sound yet easy to use resource based on the image of God that can help congregations engage relationally in their neighborhoods Rather than using the neighborhood as a resource to help make congregations successful The Neighborhood Church contends that God places congregations in neighborhoods to help make neighborhoods successful in accordance with God s vision This book is intended as a resource for pastors and other church leaders who pour significant amounts of energy into their congregations but feel frustrated with the results The problem isn t with church leaders energy or commitment On the contrary it s a lack of awareness as to how that energy and commitment can be channeled within God s call mission and movement This book is a crucial resource for

congregations having difficulty navigating the treacherous waters of what it means to be successful according to God's vision
