The St. Lawrence River Tim McNeese, 2004 Discusses the history of the St. Lawrence river and its importance to the border region between the eastern United States and Canada      Glimpses of America; A Pictorial and Descriptive History of Our Country's Scenic Marvels James W. Buel, 2023-07-29 Reproduction of the original      *The Pictorial Field-book of the Revolution* Benson John Lossing, 1855      Glimpses of America James W. Buel, 2022-07-31 In *Glimpses of America* James W. Buel offers readers a grand tour of the United States striking landscapes and architectural feats sketched in a narrative voice that sweeps you back to the era of its original publication. The book can be regarded as both a vivid literary painting and a historical document weaving descriptive prose with the educational tone of the period. Beyond simply a compilation of words, Buel's work is an intertwining of cultural and physical geography, a rich tapestry that celebrates the diverse beauty of the American continent in a style that is as pedagogical as it is picturesque. This edition, presented by DigiCat Publishing, preserves the essence of Buel's work faithfully transcribing his insights into a modern format that pays homage to its place within a classic literary tradition. James W. Buel, a prolific author of his time, possessed a passion for exploration and a dedication to the written word that naturally led him towards the compilation of this panoramic chronicle. Drawing from his extensive travels and his personal encounters with the vastness of the American landscape, Buel ushers readers through a vivid mosaic of mountains, valleys, forests, and the built environment, unveiling the nation's grandeur from a time when such scenes remained a mystery to the majority of its inhabitants. His expert narrative reflects not only a deep appreciation of the natural world but also an understanding of the importance of documenting and preserving it for future generations. For those with a hunger for American history and a love for the country's varied vistas, *Glimpses of America* stands as a must-read work. DigiCat Publishing's special edition ensures that this pictorial and descriptive homage to American marvels remains accessible. Scholars, students, and enthusiasts seeking to uncover the rich tapestry of America's scenic grandeur as conveyed through the lens of the past will find in Buel's work a source of inspiration and education for both the mind and the spirit.

A centre for the political activity of the day and a focal point for the Orange movement, Brockville was often immersed in controversy.
