Piers Plowman Selections From The B Text:

Piers Plowman William Langland, 2000 This new translation of the B text is provided with an Introduction and extensive Notes which place the work in its contemporary setting and offer a full interpretative commentary on the poem Piers Plowman Selections from the B-text as found in Bodleian Ms. Laud Misc. 581. Edited with an introd., notes and new prose translation by Stella Brook, 1975 **Piers Plowman** William Langland, 1975 **Texts and Textuality** Philip G.

Cohen, 2018-12-20 These essays deal with the scholarly study of the genesis transmission and editorial reconstitution of texts by exploring the connections between textual instability and textual theory interpretation and pedagogy What makes this collection unique is that each essay brings a different theoretical orientation New Historicism Poststructuralism or Feminism to bear upon a different text such as Whitman's Leaves of Grass Faulkner's The Sound and the Fury or hypertext fiction to explore the dialectical relationship between texts and textuality The essays bring some of the textual theories that compete with each other today into contact with a broad range of primarily literary textual histories That texts are intrinsically unstable frequently consisting of a series of determinate historical versions has consequences for all students of literature because different versions of a literary work frequently help shape different readings independently of the interpretations brought to bear upon them Textual instability of the works is relevant to our understanding of how the meanings of texts are generated The contributors build on the numerous challenges to the Anglo American editorial tradition mounted during the past decade by scholars as diverse as Jerome McGann D F McKenzie Peter Shillingsburg D C Greetham Hershel Parker and Hans Walter Gabler The volume contributes to the paradigm shift in textual scholarship inaugurated by these scholars Index

writing and as a stimulating examination of the themes traditions and the literary achievement of a number of particularly original and interesting authors In addition to detailed and sensitive treatment of Chaucer's major works the book includes chapters on his chief contemporaries such as John Gower William Langland and the Gawain poet It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve as well as the interesting and original work of the Scottish poets Robert Henryson William Dunbar and Gavin Douglas who also claim Chaucer as their model Apart from the narrative poetry of Chaucer and his followers the book also contains chapters on the Middle English lyric Middle English prose including Mandeville's travels the most original and imaginative writings of the Middle English mystics in particular Julian of Norwich and Margery Kempe and Thomas Malory's impressive prose compilation of Arthurian stories

Chaucer's Scribes Lawrence Warner, 2018-09-13 The 2004 announcement that Chaucer's scribe had been discovered resulted in a paradigm shift in medieval studies Adam Pynkhurst dominated the classroom became a fictional character and led to suggestions that this identification should prompt the abandonment of our understanding of the development of London English and acceptance that the clerks of the Guildhall were promoting vernacular literature as part of a concerted political program In this meticulously researched study Lawrence Warner challenges the narratives and conclusions of recent scholarship In place of the accepted story Warner provides a fresh more nuanced one in which many more scribes anonymous ones worked in conditions we are only beginning to understand Bringing to light new information not least hundreds of documents in the hand of one of the most important fifteenth century scribes of Chaucer and Langland this book represents an important intervention in the field of Middle English studies

The Book of the Incipit D. Vance Smith, Smith offers a theoretical understanding of beginning that departs from the structuralisms of Edward Said the

traditional formalisms of A D Nuttall and most medievalist and modernist treatments of closure Instead he views a work s beginning as a figure of the beginning of the work itself and the inception of language as the problem of beginning to which we continually return BOOK JACKET Sleep and its spaces in Middle English literature Megan G. Leitch,2021-07-06

Middle English literature is intimately concerned with sleep and the spaces in which it takes place In the medieval English imagination sleep is an embodied and culturally determined act It is both performed and interpreted by characters and contemporaries subject to a particular habitus and understood through particular hermeneutic lenses While illuminating the intersecting medical and moral discourses by which it is shaped sleep also sheds light on subjects in favour of which it has hitherto been overlooked what sleep can enable dreams and dream poetry or what it can stand in for or supersede desire and sex This book argues that sleep mediates thematic concerns and questions in ways that have ethical affective and oneiric implications At the same time it offers important contributions to understanding different Middle English genres romance dream vision drama and fabliau **Medieval English Manuscripts and Literary Forms** Jessica Brantley,2022-12-13 In *Medieval English Manuscripts and Literary Forms* Jessica Brantley offers an innovative introduction to manuscript culture that uses the artifacts themselves to open some of the most vital theoretical questions in medieval literary studies With nearly 200 illustrations many of them in color the book offers both a broad survey of the physical forms and cultural histories of manuscripts and a dozen case studies of particularly significant literary witnesses including the Beowulf manuscript the St Albans Psalter the Ellesmere manuscript of the Canterbury Tales and The Book of Margery Kempe Practical discussions of parchment scripts decoration illustration and bindings mix with consideration of such conceptual categories as ownership authorship language miscellaneity geography writing editing mediation illustration and performance as well as of the status of the literary itself Each case study includes an essay orienting the reader to particularly productive categories of analysis and a selected bibliography for further research Because a high quality digital surrogate exists for each of the selected manuscripts fully and freely available online readers can gain access to the artifacts in their entirety enabling further individual exploration and facilitating the book s classroom use *Medieval English Manuscripts and Literary Forms* aims to inspire a broad group of readers with some of the excitement of literary manuscript studies in the twenty first century The interpretative frameworks surrounding each object will assist everyone in thinking through the implications of manuscript culture more generally not only for the deeper study of the literature of the Middle Ages but also for a better understanding of book cultures of any era including our own
