**Kingly Splendor** Allison R. Miller, 2020-12-01 The Western Han dynasty 202 BCE 9 CE was a foundational period for the artistic culture of ancient China a fact particularly visible in the era's funerary art Iconic forms of Chinese art such as dazzling suits of jade cavernous rock cut mountain tombs fancifully ornate wall paintings and armies of miniature terracotta warriors were prepared for the tombs of the elite during this period Many of the finest objects of the Western Han have been excavated from the tombs of kings who administered local provinces on behalf of the emperors Allison R Miller paints a new picture of elite art production by revealing the contributions of the kings to Western Han artistic culture She demonstrates that the kings were not mere imitators of the imperial court but rather innovators employing local materials and workshops and experimenting with new techniques to challenge the artistic hegemony of the imperial house Tombs and funerary art Miller contends functioned as an important vehicle of political expression as kings strove to persuade the population and other elites of their legitimacy Through case studies of five genres of royal art Miller argues that the political structure of the early Western Han with the emperor as one ruler among peers benefited artistic production and innovation Kingly Splendor brings together close readings of funerary art and architecture with nuanced analyses of political and institutional dynamics to provide an interdisciplinary revisionist history of the early Western Han

*Facing the Colours of Roman Portraiture* Amalie Skovmøller, 2020-09-07 The fact that most ancient marble portraits were once intentionally polychrome has always been lurking at the corners of art historical and archaeological research Despite the fact that the colours of the sculpted forms completed enhanced and even extended the plastic shapes the topic has not been devoted much dedicated attention This book represents the first full length academic monograph which explores the original polychromy of Roman

white marble portraiture It presents results from scientific analysis of portraits in statuary and bust formats dating to the first three centuries CE The book also explores the cultural and social significance of colours in their original contexts and how the immaterial affects of the polychrome three dimensional images can be integrated into the traditional research into ancient portraiture which has tended to place overwhelming emphasis on iconography typology and biography By doing so the ancient sculpted marble form as we know it will be exposed and confronted and the impact of manipulated material effects that were meant to evoke a broad range of multisensory experiences will be emphasized The book puts forth a new way of analysis to be tested and developed in the future

**Scriptural Authority and Biblical Criticism in the Dutch Golden Age** Henk Nellen, 2017-10-06 Scriptural Authority and Biblical Criticism in the Dutch Golden Age explores the hypothesis that in the long seventeenth century humanist inspired biblical criticism contributed significantly to the decline of ecclesiastical truth claims Historiography pictures this era as one in which the dominant position of religion and church began to show signs of erosion under the influence of vehement debates on the sacrosanct status of the Bible Until quite recently this gradual but decisive shift has been attributed to the rise of the sciences in particular astronomy and physics This authoritative volume looks at biblical criticism as an innovative force and as the outcome of developments in philology that had started much earlier than scientific experimentalism or the New Philosophy Scholars began to situate the Bible in its historical context The contributors show that even in the hands of pious orthodox scholars philological research not only failed to solve all the textual problems that had surfaced but even brought to light countless new incongruities This supplied those who sought to play down the authority of the Bible with ammunition The conviction that God's Word had been preserved as a pure and sacred source gave way to an awareness of a complicated transmission in a plurality of divergent ambiguous historically determined and heavily corrupted texts This shift took place primarily in the Dutch Protestant world of the seventeenth century
