## **Pimpernel Plot:**

The Pimpernel Plot Simon Hawke, 2014-03-27 The Time Wars series is being reissued for the first time in a new larger higher quality edition to address reader concerns about prior editions as well as numerous requests to have the books available on Kindle In the 27th Century time travel allows international disputes to be settled by clocking soldiers from the future into conflicts of the past to do battle in the Time Wars The politicians and the corporate leaders who created an entire international economy based on the idea of an end to war in our time believed that the past was absolute it had already happened therefore it could not be changed Unfortunately they were wrong The greater the number of people who traveled back into the past the greater were the odds of temporal contamination changing history in ways that could disastrously affect the future Major Lucas Priest a veteran of the elite First Division of the Temporal Army Corps was tasked to adjust the blunder of a Temporal Intelligence agent who had accidentally caused the death of Sir Percy Blakeney the wealthy English adventurer who saved French royalists from the guillotine Now someone else had to become the famous Scarlet Pimpernel and carry on that work Trying to adjust key historical events during the bloody and tumultuous French Revolution would be challenging enough The trouble was rogue covert agents from Temporal Intelligence were already on the scene and they had their own agenda

The Scarlet Pimpernel Emmuska Orczy, 2017-08-19 The Scarlet Pimpernel narrates the story of a rich English baronet who rescues French aristocrats facing the guillotine He also taunted his enemies after each rescue by leaving behind a card that has a small flower on it the scarlet pimpernel It is a brilliant adventure story set at the time of the French Revolution The plot is fantastic and rarely lets the readers pause for breath as it oscillates between London society and the dark night in Coastal France The story follows a beautiful Countess who escapes from Paris as a committee there was making arrangements to send her to the guillotine She is smuggled out by the Scarlet Pimpernel and brought to England There she encounters young people who are part of the League of the Scarlet Pimpernel and all have sworn to live and die for their leader There is also Lady Blakeney the wife of one of the most fashionable gentlemen in England who is threatened by the French Ambassador to find information about the Scarlet Pimpernel She successfully gathers the required information that would identify the man The final stages of the book take place in France where everyone is vying to discover the hero's true identity The Scarlet Pimpernel depends much on illusion and is a master of disguise There is little doubt that the author is a master storyteller and the tension is successfully sustained till the climax of the story is reached in the final pages of the book The background is historical and very complex in nature but it has been successfully used to weave an enthralling adventure story It is a fantastic story written along the styles of Alexandre Dumas and won't disappoint the adventure seeker in you The Scarlet Pimpernel narrates the story of a rich English baronet who rescues French aristocrats facing the guillotine He also taunted his enemies after each rescue by leaving behind a card that has a small flower on it the scarlet pimpernel It is a brilliant adventure story set at the time of the French Revolution The plot is fantastic and rarely lets the readers pause
