Arthur James Wells

Political Injustice Authoritarianism And The Rule Of Law In Brazil Chile And Argentina:

Political (In)Justice Anthony W. Pereira, 2005-10-23 Why do attempts by authoritarian regimes to legalize their political repression differ so dramatically Why do some dispense with the law altogether while others scrupulously modify constitutions pass new laws and organize political trials Political In Justice answers these questions by comparing the legal aspects of political repression in three recent military regimes Brazil 1964 1985 Chile 1973 1990 and Argentina 1976 1983 By focusing on political trials as a reflection of each regime s overall approach to the law Anthony Pereira argues that the practice of each regime can be explained by examining the long term relationship between the judiciary and the military Brazil was marked by a high degree of judicial military integration and cooperation Chile s military essentially usurped judicial authority and in Argentina the military negated the judiciary altogether Pereira extends the judicial military framework to other authoritarian regimes Salazar s Portugal Hitler s Germany and Franco s Spain and a democracy the United States to illuminate historical and contemporary aspects of state coercion and the rule of law *Myths of Demilitarization in Postrevolutionary Mexico, 1920-1960* Thomas Rath, 2013-04-22 At the end of the Mexican Revolution in 1920 Mexico s large rebellious army dominated national politics By the 1940s Mexico s Institutional Revolutionary Party PRI was led by a civilian president and claimed to have depoliticized the army and achieved the bloodless pacification of the Mexican countryside through land reform schooling and indigenismo However historian Thomas Rath argues Mexico s celebrated demilitarization was more protracted conflict ridden and incomplete than most accounts assume Civilian governments deployed troops as a police force often aimed at political suppression while officers meddled in provincial politics engaged in corruption and crafted official history all against a backdrop of sustained popular protest and debate Using newly available materials from military intelligence and diplomatic archives Rath weaves together an analysis of national and regional politics military education conscription veteran policy and popular protest In doing so he challenges dominant interpretations of successful top down demilitarization and questions the image of the post 1940 PRI regime as strong stable and legitimate Rath also shows how the army s suppression of students and guerrillas in the 1960s and 1970s and the more recent militarization of policing have long roots in Mexican history **Presidential Power in Latin America** Dan Berbecl, 2021-12-23 What explains variance in presidential power between countries In *Presidential Power in Latin America* Dan Berbecl provides a general systematic theory for explaining presidential power in practice as opposed to presidential power in theory Using expert survey data from *Varieties of Democracy V Dem* alongside interviews with high level figures in politics the judiciary the public administration NGOs and academia in Argentina and Chile Berbecl argues that constitutional presidential power formal power is a very poor predictor of presidential power in practice informal power Given the poor predictive value of formal rules he provides an explanation why hyperpresidentialism emerges in some countries but not in others Berbecl attributes the root causes of hyperpresidentialism to three independent variables the

strength of state institutions the size of the president's party in congress and whether or not the country has a history of economic crises which together determine how likely it is that a president will be able to concentrate power Presidential Power in Latin America will be of key interest to scholars and students of executive politics Latin American politics and more broadly comparative politics **Right-Wing Populism in Latin America and Beyond** Anthony W. Pereira, 2023-06-02

With contributions from 22 scholars and empirical material from 29 countries within and beyond Latin America this book identifies subtypes of populism to further understand right wing populist movements parties leaders and governments It seeks to examine whether the term populism continues to have any validity and what relationships it has to democracy Part 1 is an exploration of populism as an analytical concept It asks how populism can and should be defined whether populism can be broken down into subtypes and whether the use of the term within and beyond Latin America in recent scholarship has been consistent Part 2 focuses on political economy and specifically whether political economy explanations of both the causes and consequences of right wing populism fit recent cases in Latin America Europe and the Philippines Part 3 examines institutions and in particular institutions of coercion and digital communication It contains chapter studies on various aspects of populism in Brazil Spain India and Italy Part 4 concerns the coronavirus pandemic and the specific case of right wing populism in Brazil It examines the Bolsonaro government's response to the coronavirus pandemic and how that response exacerbated the health crisis and reduced the government's popularity Right Wing Populism in Latin America and Beyond is a timely and socially relevant contribution to the understanding of contemporary challenges to democracy It will be of interest to scholars students and practitioners eager to understand the rise in right wing agendas across the globe

Soldiers, Politicians, and Civilians David Pion-Berlin, Rafael Martínez, 2017-07-29 Are interactions between soldiers politicians and civilians improving Every nation has to come to grips with achieving a more enduring harmony between government the armed forces and society if it aspires to strengthen its democracy While there is an abundance of studies on civil military affairs few examine all three of these actors let alone establish any standards with which to assess whether progress is being made This ambitious book devises a novel framework equipped with six dimensions each of which opens a unique window into civil military affairs and which form a more integrated view of the subject Those dimensions are accompanied by a set of benchmarks and metrics that assess progress and compare one country against another The framework is applied to case studies of Argentina Brazil Chile and Uruguay with the conviction that insights could be gleaned that may be relevant elsewhere Ultimately by unpacking the civil military relation into its various dimensions this study has shed light on what it takes to transform what was once a politically minded military into an organization dedicated to serving a democratic state and society **Brazilian Agrarian Social Movements** Rebecca Tarlau, Anthony Pahnke, 2018-02-02

Contradictions between impressive levels of economic growth and the persistence of poverty and inequality are perhaps nowhere more evident than in rural Brazil While Brazil might appear to be an example of the potential harmony between

large scale export oriented agribusiness and small scale family farming high levels of rural resistance contradict this vision In this volume individual contributions from a variety of researchers across the field highlight seven key characteristics of contemporary Brazilian resistance that have broader resonance in the region and beyond the growth of international networks the changing structure of state society collaboration the deepening of territorial claims the importance of autonomy the development of alternative economies continued opposition to dispossession and struggles over the meaning of nature By analyzing rural mobilization in Brazil this collection offers a range of insights relevant to rural contention globally Each contribution in this title increases our understanding of alternative agricultural production large scale development projects education race and political parties in the contemporary agrarian context This book was previously published as a special issue of the Journal of Peasant Studies Latin American Dictators of the 20th Century Javier A. Galván,2013-01-04

Throughout the 20th century the emergence of authoritarian dictatorships in Latin America coincided with periods of social convulsion and economic uncertainty This book covers 15 dictators representing every decade of the century and geographically from the Caribbean and North and Central and South America Each chapter covers their personal information childhood education marriage family assumption of power relationship with the United States oppression of civilians and collapse of their regimes The book also investigates inherent contradictions in U S foreign policy promoting democracy abroad while supporting brutal dictatorships in Latin America Such analysis requires multiple perspectives and this work embraces an evaluation of the influence of military dictatorships on cultural elements such as art literature journalism music and cinema while drawing on data from documentary archives court case files investigative reports international treaties witness testimonies and personal letters from survivors The dramatic experiences of courageous individuals who challenged these 15 oppressors are also recounted **Transnational Perspectives on the Art of Piero Manzoni and Hélio Oiticica**

Lara Demori,2025-08-26 Establishing a missed link between the work of Piero Manzoni and Hélio Oiticica and their respective cultural contexts this book sheds new light on overlooked aspects of these two artists practices particularly focusing on the shift from painting to performance in the long 1960s Lara Demori envisions a transnational juxtaposition a conceptual dialogue that discloses overlooked resonances between the work and the modus operandi of both artists repositioning claims of national exceptionalism within a web of constellated practices This book proposes their oeuvre as heterogeneous critical models to unpack categories of thought used to analyse the postwar decades Tabula Rasa Anti Art Open Work and self Marginalisation and Freedom These in turn are charged with specific histories and offer new paradigms for the formal and social inventions perpetuated by the art of Manzoni Oiticica and fellow artists in the context of the d tournaments that crossed the 1960s on a global scale This book will be of interest to scholars working in art history modernism and post modernism Italian studies and Brazilian studies We Cannot Remain Silent James N. Green,2010-07-02 A history of the U S grassroots campaign against torture in Brazil and the ways those efforts helped to create a new discourse about human

rights violations in Latin America **A History of Leadership** Morgen Witzel, 2019-12-06 The evolution of leadership into a widely accepted concept occurred without any shared understanding and acceptance of its meaning and relevance in contemporary society Why do some people become leaders What is the source and legitimacy of leadership power This book journeys into the heart of the relationship between leaders and followers the social space and the arena where both contest and collaboration take place and leadership itself is played out In the book Morgen Witzel moves beyond traditional traits and skills framing offering a fresh historical analysis that involves many different actors with different motives and needs By analysing the evolution of power relationships the book analyses the interactions around how power is used and control is bargained for to illuminate the centrepiece of leadership A wide ranging history of a slippery subject this book provides students scholars and reflective practitioners with an empirical historical base on which to test their own ideas and experiences Transitional Justice in Aparadigmatic Contexts Tine Destrooper, Line Engbo Gissel, Kerstin Bree

Carlson, 2023-03-23 This book explores the practical and theoretical opportunities as well as the challenges raised by the expansion of transitional justice into new and aparadigmatic cases The book defines transitional justice as the pursuit of accountability recognition and or disruption and applies an actor centric analysis focusing on justice actors intentions of and responses to transitional justice It offers a typology of different transitional justice contexts ranging from societies experiencing ongoing conflict to consolidated democracies and includes chapters from all types of aparadigmatic contexts This covers transitional justice in states with contested political authority shared political authority and consolidated political authority The transitional justice initiatives explored by the wide range of contributors are those of Afghanistan Belgium France Greenland Denmark Libya Syria Turkey Kurdistan UK Iraq US and Yemen Through these aparadigmatic case studies the book develops a new framework that appropriate to its expanding reach allows us to understand the practice of transitional justice in a more context sensitive bottom up and actor oriented way which leaves room for the complexity and messiness of interventions on the ground The book will appeal to scholars and practitioners in the broad field of transitional justice as represented in law criminology politics conflict studies and human rights The Introduction Chapter 8 and the Concluding Remarks of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **The Engaged**

Historian Stefan Berger, 2019-04-01 On the surface historical scholarship might seem thoroughly incompatible with political engagement the ideal historian many imagine is a disinterested observer focused exclusively on the past In truth however political action and historical research have been deeply intertwined for as long as the historical profession has existed In this insightful collection practicing historians analyze reflect on and share their experiences of this complex relationship From the influence of historical scholarship on world political leaders to the present day participation of researchers in post conflict societies and the Occupy movement these studies afford distinctive humane and stimulating views on historical

practice and practitioners The EEA and the EFTA Court EFTA Court, 2014-11-27 The EEA Agreement extends the free movement of persons goods services and capital to the EEA EFTA States Iceland Liechtenstein and Norway It provides for equal conditions of competition and abolishes discrimination on grounds of nationality in all 31 EEA States The successful operation of the EEA depends upon a two pillar system of supervision involving the European Commission and the EFTA Surveillance Authority A two pillar structure has also been established in respect of judicial control with the EFTA Court operating in parallel to the Court of Justice of the European Union The EFTA Court which celebrates its 20th anniversary in 2014 has jurisdiction with regard to EFTA States which are parties to the EEA Agreement The jurisdiction of the EFTA Court accordingly corresponds to the jurisdiction of the Court of Justice of the European Union over EU Member States in matters of EEA law The essays in this collection assembled to celebrate the 20 year landmark and written by members of the Court and external experts review the successes and shortcomings of the Court its interface with EU law and the prospects for its future development **Judges Against Justice** Hans Petter Graver, 2014-09-11 This book explores concrete situations in which judges are faced with a legislature and an executive that consciously and systematically discard the ideals of the rule of law It revolves around three basic questions What happen when states become oppressive and the judiciary contributes to the oppression How can we from a legal point of view evaluate the actions of judges who contribute to oppression And thirdly how can we understand their participation from a moral point of view and support their inclination to resist **Direitos Humanos** Francisco Bethencourt, 2023-05-05 Todos os seres humanos t m direitos inalienveis Esta ideia foi reconhecida pelos pa ses fundadores das Na es Unidas a seguir Segunda Guerra Mundial ficando consagrada na Declara o Universal dos Direitos Humanos de 1948 Estes direitos conquistados por movimentos sociais t m sido alargados e em simult neo violados todos os dias em todo o mundo uma tens o que est no centro deste livro Partindo da Declara o Universal prop e se uma an lise dos direitos civis luz das hist ricas divis es da humanidade S o avaliados os impactos da descoloniza o e das migra es internacionais incluindo o direito de asilo Seguem se os direitos econ micos e sociais categoria abrangente em que se integram os direitos privacidade e integridade individual na era das redes sociais Por fim este ensaio debru a se sobre os direitos ambientais t o essenciais para a vida humana como para a sobreviv ncia do planeta *The British National Bibliography* Arthur James Wells, 2006 *REVOLUÇÃO À BRASILEIRA* RAFAEL BERNARDES LUCCA, 2024-11-21 O livro aborda os usos do conceito de revolu o pela ditadura militar brasileira ocorrida entre 1964 e 1985 Foram muitas as contradi es do regime que j foram abordadas por v rios enfoques em diversas reas como a historiografia e a ci ncia pol tica Buscando um enfoque in dito sobre a natureza do movimento que dep s o Presidente Jo o Goulart e instaurou no Brasil uma ditadura que perdurou por 21 anos o autor a partir da hist ria constitucional se prop e a responder seguinte pergunta por que ap s um golpe civil militar conservador e de direita entre tantos conceitos poss veis se adotou justamente o de revolu o para a designa o oficial do regime militar Essa quest o se mostra ainda mais curiosa quando se verifica que o conceito de revolu o poca do

golpe civil militar era identificado com movimentos de esquerda e com a subversão da ordem. Como o conceito de revolução foi mobilizado desde o preâmbulo do Ato Institucional de 9 de abril de 1964 (AI 1) a partir da intervenção de juristas como Francisco Campos, Carlos Medeiros Silva entre outros, demonstra-se que a semântica jurídica construída em torno dos conceitos de revolução e poder constituinte pode ter sido determinante para essa escolha no momento contraintuitivo.
