Quebec Democracy Structures Processes And Policies:

Strategy Mix for Nonprofit Organisations Annette E. Zimmer, Christina Stecker, 2013-03-19 In many countries particularly in continental Europe societies have been plagued by high unemployment for several decades Simultaneously due to recent shifts from industrial to service oriented post industrial societies labor as a significant culture code is increasingly losing importance Because of this the third or voluntary sector as a place of employment and as a service agency to society has become important for Europe as indicated by the 1997 Communication of the European Commission and various declarations by the European Parliament and the EU's Economic and Social Council Strategy Mix for Nonprofit Organizations Vehicles for Social and Labor Market Integration explores the role of the third sector in Europe where unemployment is high and in North America where unemployment is rising and exploring the gaps that the third sector is fulfilling both as a social service and as an employer The volume is organized into two distinctive parts Part 1 The Nonprofit Sector and Social Integration highlights the embeddedness of the sector in selected countries it discusses how the sector is currently affected by changes of public policy particularly in the traditional social democratic welfare state regimes and it draws our attention to the sector's potentials to provide avenues for social integration self actualization and civic empowerment Part 2 Labor Concepts and Market Integration refers to the multifunctionality of third sector organizations discussing potentials of workplace as well as community involvement via nonprofit organizations This seminal volume will be of interest to those in the nonprofit sector organizational management and economics political scientists and other researchers working with nonprofit organizations and civil society studies on an international level **Democracy and North America** Alan Ware, 2013-10-23 The contributions here consider a number of themes and issues which account for the successful democratization of the United States and Canada and offer an analysis of the reasons for the absence of democratization in Mexico **Understanding Canada** Wallace Clement, 1997 As corporations are restructured governments cut back and the international economy transformed there is an increasing need to understand the economic and political forces involved evaluate their implications and develop strategies to modify them to meet society's interests In light of the current situation the study of political economy is more relevant than ever Understanding Canada examines a variety of topics from viewpoints ranging from the established to the interdisciplinary Issues such as gender Native peoples race ethnicity and migration globalization foreign policy the welfare state regulation communications popular culture and space and the environment are examined as are the more traditional subjects of economic growth resources and The new Canadian political economy has emerged from its infancy and is now regarded as a respected and innovative field of scholarship Understanding Canada furthers this tradition by focusing on current issues in an accessible and informative way Contents Introduction Whither the New Canadian Political Economy Wallace Clement Economic Growth and Economic Crisis Canadian Capitalism Through the Ages Mel Watkins Toronto Resources and Manufacturing in Canada's Political Economy

Public Culture, Cultural Identity, Cultural Policy Kevin V. Mulcahy, 2016-11-21 This book places the study of public support for the arts and culture within the prism of public policy making It is explicitly comparative in casting cultural policy within a broad sociopolitical and historical framework Given the complexity of national communities there has been an absence of comparative analyses that would explain the wide variability in modes of cultural policy as reflections of public cultures and cultural identity The discussion is internationally focused and interdisciplinary Mulcahy contextualizes a wide variety of cultural policies and their relation to politics and identity by asking a basic question who gets their heritage valorized and by whom is this done The fundamental assumption is that culture is at the heart of public policy as it defines national identity and personal value
