## Questioning The Postwar Consensus Thesis:

Questioning the Postwar Consensus Thesis James D. Marlow, 1996 The postwar consensus between the Labour and Conservative parties refers to the apparent agreement between the two parties with regard to commitment to certain broad politico economic policy imperatives This volume questions the existence of such a consensus *Postwar British Politics* Peter Kerr, 2005-07-26 This book offers a fresh view of postwar British politics very much at odds to the dominant view in contemporary scholarship The author argues that postwar British politics up to and including the Blair Government can be largely characterised in terms of continuity and a gradual evolution from a period of conflict over the primary aims of government strategy to one of recent relative consensus This book provides a provocative and challenging account of the historical background to the election of the Blair Government and will be of interest to a wide audience *The IMF Crisis of 1976 and British Politics* Kevin Hickson, 2005-02-25 The 1976 IMF crisis was a seminal event in modern British political and economic history The seeds of the crisis were sown by the huge OPEC oil price shocks of 1972-3 leading to the potential meltdown of Britain's already weakened economy and seemingly confirming Britain's headlong decline as a major political and economic power The government was seen as going cap in hand to the International Monetary Fund IMF to head off disaster an image which became a long lasting political icon Kevin Hickson has mined vital original source material including interviews with leading players to probe government economic thought and practice He questions much received wisdom especially that the crisis caused a basic shift to monetarist orthodoxy and right wing economic liberalism commonly known as Thatcherism and embraced by successive governments including New Labour *Cultures of Citizenship in Post-war Canada, 1940 - 1955* Nancy Christie, Michael Gauvreau, 2004-01-15 The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal groups By exploring what were actually the mainstream ideologies and cultural practices of the period the authors argue that the postwar consensus was itself a precarious cultural ideal that was characterized by internal tensions and while containing elements of conservatism reflected considerable diversity in the way in which citizenship identities were defined Contributors include Denyse Baillargeon Universit  de Montr al P E Bryden Mount Allison University Nancy Christie Michael Gauvreau Karine Hebert Carleton University Len Kuffert Carleton University and Peter S McInnis St Francis Xavier University Transactions of the Royal Historical Society: Volume 9 Royal Historical Society, 1999-12-09 Volume 9 of the RHS Transactions contains essays based around the theme oral history memory and written tradition **Ideologies of Conservatism** E. H. H. Green, 2002 This work charts developments in the nature of conservative political thought and the meaning of conservatism throughout the 20th century It explores the ideology of the Conservative Party from the Edwardian certainties of Balfour to the present day *The Political Economy of New Labour* Colin Hay, 1999 This text is an analysis of

the emergence of New Labour from the electoral wilderness to government It will be of interest to students academic journalists and policy makers in Britain and North America      Disjunctive Prime Ministerial Leadership in British Politics Christopher Byrne,Nick Randall,Kevin Theakston,2020-06-25 This book illustrates the cyclical pattern in the kinds of dilemmas that confront political leaders and in particular disjunctive political leaders affiliated with vulnerable political regimes The volume covers three major episodes in disjunction the interwar crisis between 1923 and 1940 afflicting Stanley Baldwin Ramsay MacDonald and Neville Chamberlain the collapse of Keynesian welfarism between 1970 and 1979 dealt with by Edward Heath Harold Wilson and James Callaghan and the ongoing crisis of neoliberalism beginning in 2008 affecting Gordon Brown David Cameron and Theresa May Based on this series of case studies of disjunctive prime ministers the authors conclude that effective disjunctive leadership is premised on judicious use of the prime ministerial toolkit in terms of deciding whether when and where to act effective diagnostic and choice framing and the ability to manage both crises and regimes      *The Challenges of Capitalism for Virtue Ethics and the Common Good* Kleio Akrivou,Alejo José G. Sison,2016-08-26 The evolution of modern capitalist society is increasingly being marked by an undeniable and consistent tension between pure economic and ethical ways of valuing and acting This book is a collaborative and cross disciplinary contribution that challenges the assumptions of capitalist business and society It ultimately reflects on how to restore benevolence collaboration wisdom and various forms of virtuous deliberation amongst all those who take part in the common good drawing inspiration from European history and continental philosophical traditions on virtue      **Sacred Cows and Common Sense** Tim Bale,1999 Using Labour s postwar welfare policy it shows that we need to break down distinctions between the symbolic and the substantial in politics that cultural theory has potential as a way of understanding party political culture and that welfare policy has played a crucial but self defeating role in Labour s efforts to manage itself win hearts and minds and govern competently It concludes by arguing that New Labour s attempts to rethink welfare is largely rhetorical if one recalls what Labour did in office rather than promised in opposition Rather than a serious attempt to confront social realities the rethink represents a continuation of past practice and a way of signalling the government s soundness to the market      **Augmenting Democracy** Andrew Chadwick,2019-01-15 First published in 1999 Andrew Chadwick provides an important new interpretation of British radical suffrage feminist and socialist movements during the first quarter of the twentieth century based on analysis of their visions of democratic constitutional reform He argues that a shared discourse of radical constitutionalism allowed these groups to forge alliances based upon a common preoccupation with extending and improving constitutional democracy This book is a significant contribution to current methodological debates around the importance of language and discourse in social and political history It is the first detailed study to integrate material on three important constitutional campaigns of this era the reform of the House of Lords women s suffrage and proportional representation It will be of interest to students of British politics social and political history historical
