Dokecki, 2004-02-27 The story of sexual abuse of children by Catholic priests has sent shock waves around the nation and will not fade from consciousness or the news We ask How could this happen And then we ask How could the Catholic Church let this continue for so long in seeming silence and duplicity Paul R Dokecki a community psychologist at Vanderbilt University an active Catholic and a former board member of the National Catholic Education Association investigates the crisis not only with the eye of an investigative reporter but with the analytical skills and training of a psychologist as well Moreover he lays the foundation for reasonable and practical reform measures Through the scandal in the Archdiocese of Boston as well as the earlier if less well known but momentous case in the Diocese of Nashville Dokecki reports on and analyzes what is ultimately an abuse of power not only by the clergy but by church officials As distasteful as these instances may be they are compelling reading enlightened by the author's abilities to contextualize these events through the lenses of professional ethics the human sciences and ecclesiology According to Dokecki these and other instances of clergy sexual abuse reveal a systemic deficiency in the structure and the nature of the church itself one that has prevented the church from adequately dealing with its own worst sins Dokecki may shine a spotlight into the church's dark corners but he does so in the service of enlightenment calling the church back toward the vision of Vatican II and the spirit of

Pope John XXIII toward a greater transparency a more open and participatory governance in the church and for a greatly expanded role for the people of God who make up the church It is in this way Doecky believes the church will be better able to keep the innocent children of the church safe from harm

Clerical Sexual Abuse Jo Renee Formicola,2014-10-01 The book discusses the changing relationship between American Catholic Bishops and civil authorities in the United States as civil authority has eclipsed traditional Catholic ecclesiastical privilege and clerical exemption resulting from the hierarchical mismanagement and cover up of clerical sexual abuse in the United States

The Clergy Sex Abuse Crisis and the Legal Responses James T. O'Reilly,Dr. Margaret S.P. Chalmers,2014-09-09 The sexual abuse of children and teens by rogue priests in the U S Catholic Church is a heinous crime and those who pray for a religious community as its ministers priests and rabbis should never tolerate those who prey on that community The legal disputes of recent years have produced many scandalous headlines and fuelled public discussion about the sexual abuse crisis within the clergy a crisis that has cost the U S Catholic Church over 3 billion In *The Clergy Sex Abuse Crisis and the Legal Responses* two eminent experts James O Reilly and Margaret Chalmers draw on the lessons of recent years to discern the interplay between civil damages law and global church based canon law In some countries civil and canon law although autonomous systems of law both form part of the church s legal duties In the United States freedom of religion issues have complicated how the state adjudicates both cases of abuse and who can be held responsible for clerical oversight This book examines questions of civil and criminal liability issues of respondeat superior and oversight issues with statutes of limitations and dealing with allegations that occurred decades ago and how the Church s internal judicial processes interact or clash with the civil pursuit of these cases

The Truth about Clergy Sexual Abuse Bill Donohue,2021-10-05 This work unpacks the history and root causes of the clergy sex abuse scandals in the United States Building on decades of data and research author Bill Donohue who holds a doctorate in sociology tells the story from a fresh angle and calls us to rethink our assumptions about the Church s handling of these horrific abuses *The Truth about Clergy Sexual Abuse* challenges many myths about the scandals demonstrating that the abuse of minors is a problem that haunts virtually every institution religious and secular where adults interact with young people The work also provides compelling evidence of the great progress that the Church has made in preventing abuse contrary to public perceptions Indeed the media Hollywood and activist lawyers have poisoned the public mind with tales of old cases giving the impression that nothing has changed Donohue investigates at length the central role that homosexuality played in the scandal While homosexuality does not cause sexual abuse the prevalence of emotional and sexual immaturity among homosexual clergy explains why they committed most of the molestation Indeed all of the educational institutions of the Catholic Church including the seminaries have been affected by the sexual revolution that began in the 1960s and this book

explores the pernicious effects of dissent from Catholic sexual morality **Interventions to Address Victims of Clergy Sexual Misconduct** Dr. Karen D. Reid Ph.D.,2019-03-15 Ironically after continually engaging in rigorous research on the topic of clergy sexual misconduct and abuse another hideous sex scandal of an alleged religious cult leader was exposed on social media by gospel recording artist Vicki Yohe While it is untrue that the president has returned Jesus to the White House thankfully God is revealing his truth about the narcissistic men who are master manipulators of evil deeds that destroy lives specifically women s As a matter of fact I feel that this perverted spirit is invading society from the White House Trump to the church house Taylor to the world RKelly How can I help in the destruction of these works of iniquity How can I become another voice to sound the alarm in these vile violent acts of sexual misconduct and abuse As I prayed and inquired to God while agonizing over the magnitude of this calamity my doctoral dissertation became the birthing process of this book This is a good place to publicly thank the cofounder vice president CEO of the Hope of Survivors Samantha Nelson for being a very active participant during my research plan When she immediately agreed to write the foreword for this book I was confident that the timing was right A couple of days later as budgeting was my next concern my spiritual mother unexpectedly wrote the Twin Ministries a check that was enough to cover half of the cost of funding the publishing expense I instantly interrupted the flow of working on other forthcoming projects to obey the leading of the Holy Spirit Hence I pray that this book will have a profound impact on the body of Christ by bringing pastoral accountability to its leaders public awareness to the community and personal amendments to victims and their families To say the least the church must not only deal with salvation and deliverance as a community we must perpetuate prevention and intervention No more silence of the lamb Thus if you are part of the remnant of believers whom God is raising to be a new example of irreproachable transparency and integrity in business ministry and marriage please share share and share Clergy Sexual Misconduct John T. Child Sexual Abuse and the Catholic Church Marie Keenan,2013-07-18 A meticulously researched inside look at child sexual abuse by clergy this exhaustive hard hitting analysis weaves together interviews with abusive priests and church historical

and administrative details to propose a new way of thinking about clerical sexual offenders Linking the personal and the institutional researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology but also within larger systemic factors such as the very institution of priesthood itself the Catholic take on sexuality clerical culture power relations governance structures of the Catholic Church the process of formation for priesthood and religious life and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations including child sexual abuse Keenan draws on the priests own words not to excuse their horrific crimes but to offer the first in depth account of a tragic multi faceted phenomenon What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new more critical theology Only through radical institutional reform Keenan argues can a more representative and accountable Church emerge Child Sexual Abuse and the Catholic Church is a unique reference for scholars of the Church and therapists who work with both victims and offenders as well as a forward thinking blueprint for reform
