

Rhetorical questions

Definition and examples

A **rhetorical question** is a figure of speech that takes the form of a question but doesn't expect an answer. It's used to make a point, not to gather information. Often, the answer is obvious, but the speaker asks the question to emphasise an idea or to make the listener think.

Examples

1. Who wouldn't want to live in a big house?
2. Who cares?
3. Do I look like I care?
4. Who wouldn't want that?
5. If God is for us, who can be against us?
6. Who is like you, Lord God Almighty?
7. Are you kidding?
8. Who wouldn't want to be happy?
9. Can you imagine life without love?
10. Who are we without our values?
11. Isn't silence sometimes louder than words?
12. Can you truly love others if you don't love yourself?
13. Is being rich worth it if it costs your freedom?

Questions and Rhetoric in the Greek New Testament Douglas Estes, 2017-03-28 While there are almost 1000 questions in the Greek New Testament many commentators pastors and students skip over the questions for more theological verses or worse they convert questions into statements to mine them for what they are saying theologically However this is not the way questions in the Greek New Testament work and it overlooks the rhetorical importance of questions and how they were used in the ancient world Questions and Rhetoric in the Greek New Testament is a helpful and thorough examination of questions in the Greek New Testament seen from the standpoint of grammatical semantic and linguistic analysis with special emphasis on their rhetorical effects It includes charts tools and lists that explain and categorize the almost 1000 questions in the Greek New Testament Thus the user is able to go to the section in the book dealing with the type of question they are studying and find the exegetical parameters needed to understand that question Questions and Rhetoric in the Greek New Testament offers vibrant examples of all the major categories of questions to aid the reader in grasping how questions work in the Greek New Testament Special emphasis is given to the way questions persuade and influence readers of the Greek New Testament

New Testament Rhetoric, Second Edition Ben Witherington III, Jason A. Myers, 2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction

to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction

Kindrick, 2018-10-24 First published in 1993 Volume 8 in the 9 volume set of Studies in Medieval Literature a series of interpretative and analytic studies of the Western European literatures of the Middle Ages This volume extends the canon of works to be read and studied by providing a new framework for understanding that will inspire students and scholars to look anew at Robert Henryson s poetry The reader will find it rewarding to read the mainline exposition but will also find a second reward in the knowledge accumulated to support that exposition The Rhetoric of the Gospel, Second Edition C. Clifton Black, 2013-07-29 While most books on biblical rhetoric focus primarily on the epistles this volume from prominent scholar C Clifton Black considers the variety of rhetorical critical approaches now being applied to the Gospels including Luke Acts This updated edition takes into account recent research since the first volume was published in 2001 and features two brand new chapters Black provides an overview of the different forms of rhetorical criticism with examples from the Gospel of John studies of characterization in Matthew and Luke an analysis of classical rhetorical criteria found in Mark and Luke Acts and an analysis of the rhetoric of the parables with implications for contemporary preaching Rhetorical Questions □□□□, 2018-02-16 Traditional accounts of rhetorical questions have focused on polarity reversal rhetorical questions conveying assertions opposite in polarity to the propositional content However non polarity reversed and rhetorically ambiguous interrogatives are also common In this book Risa Goto seeks a theoretical approach that can explain this pragmatic ambiguity with respect to rhetoricity The relevance theoretic view of interrogative and ironical utterances assumes no clear cut borderline between information seeking and rhetorical use of interrogative utterances The cognitive

model of irony suggests that recognition of ironicalness necessarily leads to a rhetorical reading Goto combines these two theoretical frameworks into an entirely new cognitive pragmatic model of interrogatives discussing the causal interrelation between rhetoricity and ironicalness and showing that ironical aspects in interrogative utterances can lead to rhetorical readings *Apocalypses in Context, 2nd Edition* Kelly J. Hansen Edwards, 2018-05-25 Since the publication of the first edition in 2002 there have been two major developments in L2 writing and peer response teaching and research The first is the increased interest in CALL and computer mediated communication CMC for L2 pedagogy the second is the accessibility and viability of research on L2 peer response from all over the world Both developments are thoroughly addressed in this new edition Now that classes are as likely to be online as held in physical classrooms and now that a new generation of digital natives can routinely read and respond to what others write via laptops tablets and phones peer response as pedagogical practice is not just more easily implemented but it is more likely to feel natural to L2 learners The Second Edition is a highly accessible guide to how the world is using peer response and serves as a motivator and facilitator for those who want to try it for the first time or want to increase the effectiveness of the activities whether via CMC or not The volume includes 11 forms useful in training students to provide good peer feedback including a final checklist to ensure teachers have taken all the necessary steps to achieve a successful peer feedback activity **The Questions of Jesus in John** Douglas Charles Estes, 2012-10-19 Why do the New Testament gospels depict a Jesus who asks questions almost as often as he gives answers In *The Questions of Jesus in John* Douglas Charles Estes crafts a highly interdisciplinary theory of question

asking based on insights from ancient rhetoric and modern erotetics the study of interrogatives in order to investigate the logical and rhetorical purposes of Jesus questions in the Gospel of John While scholarly discussion about Jesus cares more for what he says and not what he asks Estes argues a better understanding of the rhetorical and dialectical roles of questions in ancient narratives sheds a more accurate light on both John s narrative art and Jesus message in the Fourth Gospel
