[F. McKenzie, 2002-06-06](#) This work is a path breaking study of the changing attitudes of Canada Australia New Zealand and South Africa to Britain and the Commonwealth in the 1940s and the effect of those changes on their individual and collective standing in international affairs The focus is imperial preference the largest discriminatory tariff system in the world and a potent symbol of Commonwealth unity It is based on archival research in Britain Canada Australia New Zealand and the United States *Australia's Boldest Experiment* Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and popular resolve **Insanity, Race and Colonialism** L. Smith, 2014-10-14 Despite emancipation from the evils of enslavement in 1838 most people of African origin in the British West Indian colonies continued to suffer serious material deprivation and racial oppression This book examines the management and treatment of those who became insane in the period until the Great War

Labour and the Decolonization Struggle in Trinidad and Tobago J. Teelucksingh, 2014-11-18 This book provides evidence that Labour in Trinidad and Tobago played a vital role in undermining British colonialism and advocating for federation and self government Furthermore there is emphasis on the pioneering efforts of the Labour movement in party politics social justice and working class solidarity **Britain's Imperial Century, 1815-1914** R.

Hyam, 2002-09-23 The undisputed best introduction to the history of the world wide pattern of British activity in the nineteenth century embracing its expansive spirit as well as its formal territorial empire The dynamics of this extraordinary enterprise are considered broadly the high political concerns of strategy and international geopolitics are analyzed as well as the economic dimension missionary activity and racial attitudes together with a wide range of cultural aspects including sport and the pursuit of sexual opportunity Nor is the personal contribution of some of the leading Victorian figures

neglected **Forging a British World of Trade** David Thackeray, 2019-01-31 Brexit is likely to lead to the largest shift in Britain's economic orientation in living memory. Some have argued that leaving the EU will enable Britain to revive markets in Commonwealth countries with which it has long standing historical ties. Their opponents maintain that such claims are based on forms of imperial nostalgia which ignore the often uncomfortable historical trade relations between Britain and these countries as well as the UK's historical role as a global rather than chiefly imperial economy. *Forging a British World of Trade* explores how efforts to promote a British World system centred on promoting trade between Britain and the Dominions grew and declined in influence between the 1880s and 1970s. At the beginning of the twentieth century many people from London to Sydney, Auckland and Toronto considered themselves to belong to culturally British nations. British politicians and business leaders invested significant resources in promoting trade with Australia, Canada, New Zealand and South Africa out of a perception that these were great markets of the future. However, ideas about promoting trade between British peoples were racially exclusive. From the 1920s onwards, colonized and decolonizing populations questioned and challenged the basis of British World networks, making use of alternative forms of international collaboration promoted firstly by the League of Nations and then by the United Nations. Schemes for imperial collaboration amongst ethnically British peoples were hollowed out by the actions of a variety of political and business leaders across Asia and Africa who reshaped the functions and identity of the Commonwealth.

The Impact of the First World War on International Business Andrew Smith, Kevin Tennent, Simon Mollan, 2016-10-26 People throughout the world are now commemorating the centenary of the start of the First World War. For historians of international business and finance it is an opportunity to reflect on the impact of the war on global business activity. The world economy was highly integrated in the early twentieth century thanks to nearly a century of globalisation. In 1913 the economies of the countries that were about to go to war seemed inextricably linked. *The Impact of the First World War on International Business* explores what happened to international business organisations when this integrated global economy was shattered by the outbreak of a major war. Studying how companies responded to the economic catastrophe of the First World War offers important lessons to policymakers and businesspeople in the present concerning for instance the impact of great power politics on international business or the thesis that globalization reduces the likelihood of inter-state warfare. This is the first book to focus on the impact of the First World War on international business. It explores the experiences of firms in Britain, France, Germany, Japan, China and the United States as well as those in neutral countries such as the Netherlands, Sweden and Argentina, covering a wide range of industries including financial services, mining, manufacturing, foodstuffs and shipping. Studying how firms responded to sudden and dramatic change in the geopolitical environment in 1914 offers lessons to the managers of today's MNEs since the world economy on the eve of the First World War has many striking parallels with the present. Aimed at researchers, academics and advanced students in the fields of Business History, International Management and Accounting History, this book goes beyond the extant literature on

this topic namely due to the broad range of industries and countries covered The Impact of the First World War on International Business covers a broad range of geographical areas and topics examining how private firms responded to government policy and have based their contributions mainly on primary sources created by business people *The Foreign Office, Commerce and British Foreign Policy in the Twentieth Century* John Fisher, Effie G. H. Pedaliu, Richard Smith, 2017-02-16 This book addresses the interface of the British Foreign Office foreign policy and commerce in the twentieth century Two related questions are considered what did the Foreign Office do to support British commerce and how did commerce influence British foreign policy The editors of this work collect a range of case studies that explore the attitude of the Foreign Office towards commerce and trade promotion against the backdrop of a century of relative economic decline while also considering the role of British diplomats in creating markets and supporting UK firms This highly researched and detailed examination is designed for readers aiming to comprehend the role that commerce played in Britain's foreign relations in a century when trade and commerce have become an inseparable element in foreign and security policies

Uniting Nations Daniel Gorman, 2022-07-28 Uniting Nations is a comparative study of Britons who worked in the United Nations and international non governmental and civil society organizations from 1945 to 1970 and their role in forging the postwar international system Daniel Gorman interweaves the personal histories of scores of individuals who worked in UN organizations the world government movement Quaker international volunteer societies and colonial freedom societies to demonstrate how international public policy often emerged from the ground up He reveals the importance of interwar Second World War colonial and voluntary experiences in inspiring international careers how international and national identities intermingled in the minds of international civil servants and civil society activists and the ways in which international policy is personal It is in the personal relationships forged by international civil servants and activists positive and negative biased and altruistic short sighted or visionary that the international is to be found in the postwar international order
