Fingering the Jagged Grain Keith E. Byerman, 2010-08-01 In Fingering the Jagged Grain Keith E Byerman discusses how black writers such as Toni Morrison Ishmael Reed and Ernest Gaines have moved away from the ideological rigidity of the black arts movement that arose in the 1960s to create a more expressive imaginative and

artistic fiction inspired by the example of Ralph Ellison's *Invisible Man*. Combining a strong concern for technique and craftsmanship with elements of African American heritage including jazz, blues, spirituals, cautionary tales, and voodoo, these writers have created a vital fiction that celebrates the strength and resilience of the black American voice as it recounts the painful details and brutal episodes of black experience.
