The Ground, Method, and Goal of

Amandus Polanus' (1561-1610) Doctrine of God Stephen B. Tipton, 2022-07-11 Amandus Polanus 1561 1610 has often been described as a highly significant theologian but also a neglected one Part of Polanus significance comes from his inclusion of ethics and practical application in his discussion of theology and the way in which his theology mixes Ramist dichotomies and the scholastic distinctions common in Christian Aristotelianism Stephen B Tipton shows how Polanus understanding of God s essence and attributes is built upon the ground of scripture arranged with the aid of logical arguments and reasoning and aimed at the worship and glory of the Triune God Tipton defends this conclusion against previous research which suggests that Polanus theology is grounded in rationalism and subordinates the Trinity beneath an Aristotelian notion of God s perfect unity This research not only corrects these previous notions about Polanus but it also provides greater insight into the early Reformed Orthodox period and the theology that arose from that time **Contract Before the Enlightenment** Stephen Bogle, 2023 This volume provides the first in depth intellectual history of the contractual thought of Viscount Stair a pivotal figure in the shaping of Scots Law It traces the key influences from theology philosophy and natural law that through Stair contributed to a distinct approach to legal thought in Scotland *"The Church as the Image of the Trinity"* Kevin J. Bidwell, 2011-06-10 A resurgence of Trinitarian interest gained momentum in the twentieth century and it is showing little sign of abating in the twenty first century This research endeavors to critically evaluate Miroslav Volf s ecclesial model for the church as the image of the Trinity one that he presents with the English title *After Our Likeness* Volf proposes a social doctrine of the Trinity one that is heavily influenced by the theological writings of Jurgen Moltmann and he puts forward that this nonhierarchical Trinity should be reflected in the structures and theology of the church If Volf is correct then a radical reshaping is needed for the church to conform to an egalitarian pattern one that is after the likeness Gen 1 26 of an egalitarian God In this critical examination Kevin J Bidwell begins by stating the theological influences that are pertinent to Volf s thesis in *After Our Likeness* and the assumptions that undergird and inform his whole theological paradigm An important theological excursus is offered to assess the theology of John Smyth the first English Baptist who is Volf s representative figure for the location of his own ecclesiology the Free Church A critical analysis follows of Volf s engagement with his two chosen dialogue partners who represent both Western and Eastern theological traditions Joseph Ratzinger and John D Zizioulas Volf presents five theses for the church as the image of the Trinity which could be labeled as Volf s Free Church in the image of Volf s revised doctrine of the Trinity This monograph offers extensive insight into the contemporary debate on the doctrine of the Trinity but it also assesses many aspects of ecclesiology from both Eastern and Western perspectives **Unquiet Things** Colin Jager, 2015 In Great Britain during the Romantic period governmental and social structures were becoming more secular as religion was privatized and depoliticized If the discretionary nature of religious practice permitted spiritual freedom and social differentiation however secular arrangements produced new anxieties *Unquiet Things* investigates the social and political disorders that arise within modern

secular cultures and their expression in works by Jane Austen Horace Walpole Samuel Taylor Coleridge Lord Byron and Percy Shelley among others Emphasizing secularism rather than religion as its primary analytic category *Unquiet Things* demonstrates that literary writing possesses a distinctive ability to register the discontent that characterizes the mood of secular modernity Colin Jager places Romantic era writers within the context of a longer series of transformations begun in the Reformation and identifies three ways in which romanticism and secularism interact the melancholic mood brought on by movements of reform the minoritizing capacity of literature to measure the disturbances produced by new arrangements of state power and a prospective romantic thinking Jager calls after the secular The poems novels and letters of the romantic period reveal uneasy traces of the spiritual past haunted by elements that trouble secular politics at the same time they imagine new and more equitable possibilities for the future In the twenty first century Jager contends we are still living within the terms of the romantic response to secularism when literature and philosophy first took account of the consequences of modernity

The Necessity of Christ's Satisfaction Joshua D. Schendel, 2022-10-04 The seventeenth century Reformed Orthodox discussions of the work of Christ and its various doctrinal constitutive elements were rich and multifaceted ranging across biblical and exegetical historical philosophical and theological fields of inquiry Among the most contested questions in these discussions was the question of the necessity of Christ's satisfaction This study sets that great controverted point as Richard Baxter called it in its historical and traditionary contexts and provides a philosophical and theological analysis of the arguments offered by two representative Reformed scholastic theologians William Twisse and John Owen Peter Martyr Vermigli (1499-1562) and the Outward Instruments of Divine Grace Jason Zuidema, 2008-08-20

Der reformierte Theologe Peter Martyr Vermigli 1499 1562 war ein Moderator Er suchte den Mittelweg zwischen theologischen Extremen Dafür typisch waren seine Überlegungen zu den äußeren Zeichen der göttlichen Gnade Solche Zeichen die menschliche Natur Christi die vernehmbaren Worte der Schrift und die sichtbaren Worte der Sakramente sollten laut Vermigli weder zu stark verfleischt noch zu stark spiritualisiert werden Obwohl Gott auch direkt ohne dazwischen geschaltete Zeichen handeln könnte hat er verfügt Heil durch diese Zeichen zu erwirken Deshalb lassen sich die innere spirituelle Kraft und das äußere Zeichen nicht voneinander trennen Vermigli ein gebildeter humanistischer Forscher vertrat wohl bedachte distinguierte Positionen Ein tieferer Blick in seine Theologie wie ihn Zuidema wagt lohnt sich um die inneren theologischen Vernetzungen seiner Zeit besser kennen zu lernen

Luther's Theology of the Cross Alister E. McGrath, 2011-03-21 Luther's Theology of the Cross represents a fully revised and updated edition of the classic 1985 text that expands on the author's ongoing research and reflects 25 years of Luther scholarship Rewritten and expanded edition of a highly acclaimed classic text Incorporates primary and secondary sources that have become available since the publication of the first edition Draws on advances in our understanding of the late medieval intellectual cultural and religious background of Luther's early development and the nature of Luther's doctrine of justification including the so called Finnish school many of which have

not yet been incorporated into Luther scholarship Luther's theological breakthrough continues to be of central importance to Reformation Studies and the development of Protestantism Written by one of the world's leading Protestant theologians who is an authority on the development of the doctrine of justification His classic work *Iustitia Dei: A History of the Christian Doctrine of Justification* is now in its third edition 2005 **"An Educated Clergy"** Jack C. Whytock, 2008-02-01 Scotland has long been known for its emphasis upon an educated clergy yet little serious historical attention has been given to how this was actually fostered This book begins to fill that gap While a thoroughly historical study in Scottish church history and historical theology the book also serves as a springboard for reflection and application to the work of theological education today with the evangelical Presbyterian and Reformed community *Apostolicity Then and Now* John J. Burkhard, 2015-05-15 *Apostolicity Then and Now* explores apostolicity from its origin to today Apostolicity is a fundamental mark of the church referring to Jesus' faith given to and carried on and taught unaltered by a continuous line of apostles This book primarily focuses on how apostolicity pertains to the church as a whole and views apostolic succession in light of how apostolicity is applicable to the church Scriptural historical theological and ecumenical contexts provide a thorough study that includes worldviews and their impact on apostolicity Chapters are Who Were the Apostles Why the Early Churches Understood Themselves as Apostolic Apostolicity in History Apostolicity and the Theologians Apostolicity and the Classical and Modern Worldviews Apostolicity in a Postmodern World Apostolicity in Ecumenical Dialogue and Apostolicity in an Ecumenical Church **The Intellectual World of C. S. Lewis** Alister E. McGrath, 2013-02-19 Marking the 50th anniversary of Lewis' death *The Intellectual World of C. S. Lewis* sees leading Christian thinker Alister McGrath offering a fresh approach to understanding the key themes at the centre of Lewis' theological work and intellectual development Brings together a collection of original essays exploring important themes within Lewis' work offering new connections and insights into his theology Throws new light on subjects including Lewis' intellectual development the uses of images in literature and theology the place of myth in modern thought the role of the imagination in making sense of the world the celebrated argument from desire and Lewis' place as an Anglican thinker and a Christian theologian Written by Alister McGrath one of the world's leading Christian thinkers and authors this exceptional pairing of McGrath and Lewis brings together the work of two outstanding theologians in one volume **Hebrews, James** Ronald K. Rittgers, 2017-11-07 Both the epistle to the Hebrews and the epistle of James generated much discussion and debate during the Reformation period yet both of these letters have proven to be essential for Christians during the Reformation era and today Edited by Ronald K. Rittgers this RCS volume provides Reformation era biblical commentary on Hebrews and James drawing on Lutheran Reformed Anglican Radical and Roman Catholic resources *Thoughtful Christianity* Matthew C. Shrader, 2021-04-15 Baptists in the nineteenth century grew from a small struggling denomination to the second largest Protestant denomination in America They constructed conventions schools churches and benevolent works American Baptists transformed from cultural outsiders to insiders

Despite this growth in size organization and influence there is surprisingly few attempts to understand them historically This is even more true for Northern Baptists as opposed to their Southern counterparts despite the fact that Northern Baptists in many respects were the theological leaders of the denomination This raises questions about what their theology was what it was rooted in and how well it could handle the surplus of challenges that nineteenth century religion threw at it Chief among these were the challenges toward biblical and theological authority Perhaps the brightest star of the Northern Baptist constellation and doubtless the most well connected was Alvah Hovey from Newton Theological Institute in Newton Centre Massachusetts This book the first book length treatment of this Baptist giant since Hovey s son published a biography in 1929 chronicles Hovey s life and career focusing on how he coped with the challenges of biblical criticism and a rapidly changing theological context Hovey produced a theology he understood as thoughtful Christianity **Heart of the Living God** Michael G. Maness,2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is Gods gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I dont think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Manes brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theisms avoidance of Love And he exposes some foul play in the process Thats the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net
