Convention to key norms of international human rights law and applies his analysis to the world's most difficult protection challenges. This is a critical resource for advocates, judges, and policymakers. It will also be a pioneering scholarly work for graduate students of international and human rights law. **Human Rights Protection for Refugees, Asylum-Seekers, and Internally Displaced Persons: A Guide to International Mechanisms and Procedures** Joan Fitzpatrick, 2021-11-22. This volume provides a detailed and concrete analysis of how human rights complaints mechanisms can be accessed by refugees, asylum seekers, and internally displaced persons. The guide offers a thorough explanation of the United Nations human rights treaty bodies with a focus upon the four committees authorized to receive communications from individuals. Detailed information is provided concerning procedural requirements while the treaties are analyzed for their relevance to the forcibly displaced. United Nations mechanisms are also examined with an emphasis on the thematic and country special procedures of the Commission on Human Rights. A special edition of *Child Family Social Work* focusing on the lives and circumstances of refugee and asylum seeking children and families in several countries: Australia, Ireland, Norway, and the United Kingdom. Predominantly focusing on unaccompanied or separated children who come to these countries without an adult to look after them. But equally importantly, many children are accompanied by adult members who seek asylum and sometimes achieve their goal of full refugee status. Papers include: 'The child's or the State's best interests: An examination of the ways immigration officials work with unaccompanied asylum seeking minors in Norway' Ada Engebrigtsen; 'Asylum Children's rights and Social Work' Sarah Cemlyn and Linda Briskman; 'How social workers work with African Refugee Children and their families' Toyin Okitikpi and Cathy Amer; 'Promoting psychosocial wellbeing in unaccompanied minors in the United Kingdom' Ravi Kohli and Rosie Mather; 'Unsettling the social in social work responses to asylum seeking children in Ireland' Alastair Christie; 'The social services response to unaccompanied children in England' Fiona Mitchell. Each paper analyses the strength and weaknesses of the systems and practices in working with asylum seekers and refugees. **A Place of Refuge**, 2005. A Place of Refuge tackles the topical issue of asylum in the UK. Against a background of ignorance, racism, and media bias, the Christian Church is called by God to show care of the marginalized. After exploring this biblical call to offer hospitality, A Place of Refuge examines the claims made against refugees that they are lazy, uneducated, or involved in criminal activity, and uses statistical evidence to show that these claims are largely unfounded. It explains the legal and factual basis of the asylum system and highlights the positive contribution that refugees make to the UK. It includes practical suggestions for action at a local and national level, useful contacts, and resources. Based on up-to-date detailed research, this study is a positive and challenging contribution to an important debate. **Seeking Asylum in Israel** Gilad Ben-Nun, 2016-12-18. Since 2005, approximately 70,000 asylum seeking refugees from Sudan and Eritrea have entered Israel. This, along with the highly

publicised anti African immigrant riots in Israel in 2012 and 2014 and the current global refugee crisis has meant that the issue of African migration has become increasingly controversial Here Gilad Ben Nun looks at this phenomenon in its historical and contemporary contexts and compares it to the wider debates surrounding the Palestinian refugees in the region and the concept of their right of return He argues that this newer African migration issue has forced Israel to move from conceiving of itself as an exceptional state and now has to view itself as a more normal and universal entity Ranging as far back as Israel s important role in the the ratification drafting of the 1951 Refugee Convention and drawing on a variety of methodologies and sources Ben Nun offers a wide ranging legal social and historical examination of asylum in Israel that sheds timely light onto themes of migration and identity across the Middle East This is essential reading for legal historians and lawyers as well as scholars working on migration studies and the history and politics of the Middle East

Migrants, Refugees and Asylum Seekers' Integration in European Labour Markets Veronica Federico, Simone

Baglioni, 2021-04-21 This open access book discusses how and to what extent the legal and institutional regimes and the socio cultural environments of a range of European countries the Czech Republic Denmark Finland Greece Italy Switzerland and the UK in the framework of EU laws and policies have a beneficial or negative impact on the effective capacity of these countries to integrate migrants refugees and asylum seekers into their labour markets The analysis builds on the understanding of socio cultural institutional and legal factors as barriers or enablers elements that may facilitate or obstruct the integration processes The book examines the two dimensions of integration being access to the labour market which translated into a rights language means the right to work with its corollaries recognition of qualifications vocational training etc and non discriminatory working conditions which translated into a rights language means right to both formal and substantial equality and its corollaries of benefits and duties deriving from joining the labour market It thereby offers a novel approach to labour market integration and migration asylum issues given its focus on legal aspects which includes most recent policy changes and legal decisions including litigation cases The robust evidence based and comparative research illustrated in the book provides academics and students but also practitioners and policy makers with up to date knowledge that will likely impact positively on policy changes needed to better address integration conundrums
