Return To Reason An Introduction To Objectivism:

Return to Reason Paul Lepanto, 1971 **Ayn Rand Cult** Jeff Walker, 2012-03-30 Despised by the intellectual establishment Ayn Rand continues to attract many thousands of devoted followers Her Objectivist movement preaches an uncompromising hard line on politics art sex and psychological health Though much has been written about Rand The Ayn Rand Cult is the first book to explain the true origin of her ideas and to show how they were shaped into a new atheistic religion Jeff Walker shatters many myths about Rand exposing Objectivism as a classic cult unusual because of its overt emphasis on self interest rationality and atheism but typical of cults in its guru worship thought control trial and excommunication of deviants and hostility to existing society **Extremism in America** Lyman Tower Sargent, 1995-05 Contains primary source material **Fresh Wisdom** Markus Hart and Vicki, Tony Hope Wilson, 2005-11-15 The authors of Fresh Wisdom show no mercy as they expose and obliterate commonly accepted deceptions and delusions This controversial manuscript 30 years in the making is timely advice for those who realize things are not as they seem Fresh Wisdom provides powerful principles and strategies for making sense of life in a senseless world enabling you to find your life purpose This book is not for the faint hearted **The Publishers' Trade List Annual** , 1980 **Bibliography of American Fiction, 1919-1988: Peter Matthiesen** Matthew Joseph Bruccoli, Judith Baughman, 1991 *The Journal of Philosophy* , 1971 *Guide to the American Right* , 1999 Catalog of Copyright Entries. Harvey,2013-11-06 Skepticism Relativism and Religious Knowledge examines the challenges of skepticism and relativism to religious knowledge after the demise of classical foundationalism Whereas skepticism doubts our capacity to know truth relativism doubts whether we can find a sufficiently objective perspective to adjudicate strong disagreement about truth Thus relativism involves skepticism about rationality rather than truth In developing a critique of responses to these challenges by Karl Barth and Reformed epistemology Michael G Harvey develops a Kierkegaardian perspective on religious knowledge informed by Wittgenstein s philosophy This perspective is based on a hermeneutical model of rationality that appeals to what we hold in common rather than private and parochial foundations in order to settle disagreement Although doubt is necessary to produce more truth preserving beliefs we must scrutinize our doubts as well as beliefs in order to prevent the belief forming mechanism of doubt from degenerating into a general mood of skepticism about rationality and truth More fundamentally we must realize that skepticism and relativism are rooted in attitudes of alienation Whereas epistemology aims at a non alienated view of the world Christianity aims at a non alienated way of living through faith that enables both our beliefs and lives to correspond with the truth **Books in Print** ,1982 **The Life of an Airborne Ranger** Michael B.

Subjectivity Philip Dwyer, 2023-11-27 The aim of this study is to show how the philosophies of Merleau Ponty and the later Wittgenstein serve to establish in very similar ways 1 that subjects persons and what is subject dependent or in short subjectivity must be categorically distinguished from objects and what is subject independent or in short objectivity and 2 that the sense of the world as perceived including linguistic sense is a matter of the appearance of things and is therefore perception dependent and as such is in the category of subjectivity not objectivity The first claim is established not only by a study of the content of the arguments of the two philosophers but also by a study of the form of their arguments the kind of fallacy detection they deploy against their opponents exploits a logic dictated by the subject matter In the course of examining a wide range of issues in meta physics epistemology and the philosophies of mind language and mathematics the Gestalt Philosophy of Wittgenstein and Merleau Ponty can be seen to constitute a new sort of anti realism
