Revolutionary Diplomacy Chinese Foreign Policy And The United Front Doctrine:

- Revolutionary Diplomacy** J. D. Armstrong, 2024-07-19 **Revolutionary Diplomacy. Chinese Foreign Policy and the United Front Doctrine** J. D. Armstrong, 1977 *Chinese Foreign Policy* Thomas W. Robinson, David L. Shambaugh, 1995 This study of Chinese foreign policy is intended for academics and graduates of Chinese studies and of international relations international economics and those interested in decision making theory **Chinese Foreign Policy in Transition** Guoli Liu, 2017-07-12 Since the establishment of the People's Republic of China in 1949 and particularly after the opening brought about by economic reforms roughly thirty years thereafter China has become an influential player in regional and global affairs Increasingly both American and European policymakers examine Chinese foreign policy as a flexible pragmatic and significant element in world affairs This has accelerated in the middle of the new first decade of this century as business firms and political officials have developed interests in the sources processes and significance of China's reemergence as a global force This volume examines how in conjunction with rapid economic growth and profound social transformation China's foreign policy is experiencing significant transition The purpose of this truly deep and probing collection is to deepen Western understanding of the sources substance and significance of Chinese foreign policy with a focus on the post Cold War environment Contributors include academic specialists area researchers and distinguished journalists all with firsthand experience in the field of China studies The volume is divided into four parts 1 theory and culture 2 perspective and identity 3 bilateral relationships and 4 retrospective and prospective essays on Chinese policy concerns The volume is sensitive to changes in national leadership and Communist Party structure as well as continuity and change in foreign policy As Lowell Dittmer of the University of California notes in his Foreword precisely because it is so difficult to do well the analysis of foreign policy is often conducted rather tritely Thus it is a real pleasure to find assembled here a treasure trove of some of the finest work by some of the field's most penetrating minds This is fortunate for at the core of this volume is one of the biggest and most portentous questions to confront the world at the outset of the twenty first century That **Revolutionary Transformations** Anja Blanke, Julia C. Strauss, Klaus Mühlhahn, 2023-04-13 An international team of scholars explore China's transformative revolutionary decade the 1950s calling into question existing narratives **China's Peaceful Rise** Le Hu, 2025-02-19 This book examines the extent to which China has stabilized its communist regime and defended or pursued its crucial nationalist interests while maintaining a relatively peaceful environment in East Asia Despite a politics which would seem to be unassimilable and assertive policies regarding sovereignty disputes or the Taiwan question China exists more or less peacefully within East Asia This raises an important question how has this being done Using Social Identity Theory and Chinese Communist Party's united front strategy the author uncovers new angles on the mentality and trajectory of Chinese foreign policy in a study that will interest scholars policymakers and journalists **The Great Wall and the Empty Fortress** Andrew J. Nathan, Robert S. Ross, 1998 Many see China and the United States

on the path to confrontation The Chinese leadership violates human rights norms It maintains a harsh rule in Tibet spars aggressively with Taiwan and is clamping down on Hong Kong A rising power with enormous assets China increasingly considers American interests an obstacle to its own But the authors argue the United States is the least of China s problems Despite its sheer size economic vitality and drive to upgrade its military forces China remains a vulnerable power crowded on all sides by powerful rivals and potential foes As it has throughout its history China faces immense security challenges and their sources are at and within China s own borders China s foreign policy is calibrated to defend its territorial integrity against antagonists who are numerous near and strong The authors trace the implications of this central point for China s relations with the United States and the rest of the world

Revolution and World Order David Armstrong,1993-06-10 In this important study David Armstrong examines the impact of revolutionary states on the international system These states have always posed major problems for the achievement of world order revolution is often accompanied by international as well as civil conflict while revolutionary doctrines have proven to be highly disruptive of the existing structure of international politics Dr Armstrong asks whether revolutionary states are socialized into adopting acceptable patterns of international behaviour or whether it is international society that is forced to change when these new states appear He looks in detail at the French American and Russian revolutions and at several post 1945 revolutionary states he also examines the relationship between revolutionary states and the principal ordering devices of international society international law diplomacy and the balance of power His book is a major contribution to international relations and an important development and application of the international society concept

Problems of Communism ,1989 **1968: The World Transformed** Carole Fink,Philipp Gassert,Detlef Junker,1998-10-28 1968 The World Transformed presents a global perspective on the tumultuous events of the most crucial year in the era of the Cold War By interpreting 1968 as a transnational phenomenon authors from Europe and the United States explain why the crises of 1968 erupted almost simultaneously throughout the world Together the eighteen chapters provide an interdisciplinary and comparative approach to the rise and fall of protest movements worldwide The book represents an effort to integrate international relations the role of media and the cross cultural exchange of people and ideas into the history of that year 1968 emerges as a global phenomenon because of the linkages between domestic and international affairs the powerful influence of the media the networks of communication among activists and the shared opposition to the domestic and international status quo in the name of freedom and self determination

The Everyday Cold War Chi-kwan Mark,2017-10-05 In 1950 the British government accorded diplomatic recognition to the newly founded People s Republic of China But it took 22 years for Britain to establish full diplomatic relations with China How far was Britain s China policy a failure until 1972 This book argues that Britain and China were involved in the everyday Cold War or a continuous process of contestation and cooperation that allowed them to normalize their confrontation in the absence of full diplomatic relations From Vietnam and Taiwan to the

mainland and Hong Kong China's everyday Cold War against Britain was marked by diplomatic ritual propaganda rhetoric and symbolic gestures Rather than pursuing a failed policy of appeasement British decision makers and diplomats regarded engagement or negotiation with China as the best way of fighting the everyday Cold War Based on extensive British and Chinese archival sources this book examines not only the high politics of Anglo Chinese relations but also how the British diplomats experienced the Cold War at the local level **Constructing the U.S. Rapprochement with China, 1961-1974** Evelyn Goh, 2004-11-22 With Nixon's historic reconciliation with China in 1972 Sino American relations were restored and China moved from being regarded as America's most implacable enemy to a friend and tacit ally Existing accounts of the rapprochement focus on the shifting balance of power between the USA China and the Soviet Union but in this book Goh argues that they cannot adequately explain the timing and policy choices related to Washington's decisions for reconciliation with Beijing Instead she applies a more historically sensitive approach that privileges contending official American constructions of China's identity and character This book demonstrates that ideas of reconciliation with China were already being propagated and debated within official circles in the USA during the 1960s It traces the related policy discourse and imagery and examines their continuities and evolution into the early 1970s that facilitated Nixon's new policy **New Directions in the Study of China's Foreign Policy** Robert S. Ross, 2006 Ten outstanding specialists in Chinese foreign policy draw on new theories methods and sources to examine China's use of force its response to globalization and the role of domestic politics in its foreign policy **Battling Western Imperialism** Michael M. Sheng, 1997-11-30 For the past two decades a number of historians have argued that the CCP was a nationalist movement and that the United States missed its opportunity to establish friendly relations because U.S. leaders were blinded by fears of an international Communist threat In his provocative book Michael Sheng strongly challenges this position **Regional Great Powers in International Politics** Iver B. Neumann, 1992-06-18 Illuminates the interplay between regional concerns and the international context which together define the hierarchy of states Building on case studies this book demonstrates that this status cannot be attained solely by building a military or economic power base **Power and Responsibility in Chinese Foreign Policy** Yongjin Zhang, Greg Austin, 2014-01-10 The People's Republic of China is now over fifty years old Long considered an outsider or a club of one in international relations China has recently become more active in international institutions Is China becoming a responsible power in global and regional international relations How accurate is the traditional perception of China What factors may be motivating the changes in China's approach to international institutions and its perceptions of its own role in the world There is no certainty that China is becoming a more responsible power recent developments may be just another manifestation of realpolitik Power and Responsibility in Chinese Foreign Policy provides a vital insight into these issues analysing the critical issues in China's international relations China's regional and global diplomatic and security problems the changing role of the People's Liberation Army human rights religious and democratic movements and the concept of

responsibility Power and Responsibility in Chinese Foreign Policy is an insightful and vital introduction to all sides of the current debate over China's international relations **China's Relations with Japan, 1945-83** Kurt Werner Radtke, 1990

The Media and Sino-American Rapprochement, 1963-1972 Guolin Yi, 2020-11-11 Winner of the ACPSS Research Award An important new cultural study of the Cold War Guolin Yi's *The Media and Sino American Rapprochement 1963 1972* analyzes how the media in both countries shaped public perceptions of the changing relations between China and the United States in the decade prior to Richard Nixon's visit to Beijing This book offers the first systematic study of Cankao Xiaoxi Reference News an internal Chinese newspaper that carried relatively objective stories the Xinhua News Agency translated from world news media for circulation among Communist cadres As the main channel for the cadres to learn about the outside world this newspaper provides a window into China's evolving foreign policy including the reception of signals from the Nixon administration Yi compares this internal communications channel with the public accounts contained in the more widely circulated newspaper People's Daily a chief propaganda outlet of the Chinese Communist Party CCP directed at its own people and China watchers all over the world A third level of communication emerges in classified CCP instructions and government documents By approaching the Chinese communication system on three levels internal public and classified Yi's analysis demonstrates how people at different positions in the political hierarchy accessed varying types of information allowing him to chart the development of Beijing's approach to the U S government In a corresponding analysis of the defining features of American reporting on China Yi considers the impact of government media relationships in the United States during the Cold War Alongside prominent magazines and newspapers particularly the New York Times and the Washington Post in their differing coverage of key events Yi discusses television networks which proved vital for promoting the success of Ping Pong Diplomacy and the impact of Nixon's visit in 1972 With its comparative study of news outlets in the two countries *The Media and Sino American Rapprochement 1963 1972* presents a thorough and comprehensive perspective on the role of the media in influencing domestic Chinese and American public opinion during a critical decade

Interpreting Chinese Foreign Policy Quansheng Zhao, 1996 This work applies the micro macro linkage approach to Chinese foreign policy It analyzes the effect of the international environment and domestic constraints exploring the key trends of modernization nationalism and regionalism reviewing literature on *China's Selective Identities* Dominik Mierzejewski, Bartosz Kowalski, 2018-09-05 This book discusses the role of selective identities in shaping China's position in regional and global affairs It does so by using the concept of the political transition of power and argues that by taking on different types of identities of state ideology and culture the Chinese government has adjusted China's identity to different kinds of audiences By adopting different kinds of self China has secured its relatively peaceful transition within the existing system and in the meantime strengthened its capacity to place its principles within that system To its immediate neighbors China presents itself as a state that needs clearcut borders In relation to the developing world Global South the PRC narrates

self as an ideology with the banner of materialism equality and justice To its third audience the developed world mainly Europe China presents itself as a peaceful innocent cultural construct based primarily on Confucius passive approach By bringing these three identities into one Chinese body sanwei yiti China s policymakers skillfully maneuver and build the country s position in the arena of global affairs
