Blood Gun Money Ioan Grillo, 2021-02-23 An eye opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords Adam Winkler From the author of *El Narco* and winner of the Maria Moors Cabot Prize a searing investigation into the enormous black market for firearms essential to cartels and gangs in the drug trade and contributing to the epidemic of mass shootings The gun control debate is revived with every mass shooting But far more people die from gun deaths on the street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade Guns and drugs aren't often connected in our heated discussions of gun control but they should be In Ioan Grillo's groundbreaking new work of investigative journalism he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth Grillo travels to gun manufacturers strolls the aisles of gun shows and gun shops talks to federal agents who have infiltrated biker gangs hangs out on Baltimore street corners and visits the ATF gun tracing center in West Virginia Along the way he details the many ways that legal guns can cross over into the black market and into the hands of criminals fueling violence here and south of the border Simple legislative measures would help close these loopholes but America's powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment Perhaps however if guns were seen not as symbols of freedom but as key accessories in our epidemics of addiction the conversation would shift *Blood Gun Money* is that conversation shifter
