thereby revisiting the intellectual and historically fallacious divide between cosmopolitan Sanskrit and vernacular local. The book offers a highly innovative contribution to the field of Tantric Studies and more generally South and Southeast Asian religions by breaking traditional disciplinary boundaries. Its variety of disciplinary approaches makes it attractive to both the textual diachronic and ethnographic synchronic dimensions. It will be of interest to specialist and non-specialist academic readers including scholars and students of South Asian religions, mainly Hinduism and Buddhism, Tantric traditions and Southeast Asian religions as well as Asian and global folk religion, shamanism and magic.
