Shame and Body Image Barbara McFarland, Tyeis Baker Baumann, 1990 *The Tyranny of the Normal* Carol C. Donley, Sheryl Buckley, 1996 A study of the experiences of those who live outside social norms for beauty size and shape as well as the reactions of normal people to those who appear grotesque The text contains essays on treating those with disorders or deformities and over 40 stories poems and plays about abnormality *The Illusions Of Post-Feminism* Vicki Coppock, Deena Haydon, Ingrid Richter, 2014-09-03 First Published in 1995 As feminists reflect on the impact of the second wave of feminism and assess the gains of the last thirty years invariably they have questioned whether claims that women have achieved equality are justified In the late 1980s there was a proliferation of popular imagery of new men and post feminist women with the concept of post feminism reinforcing and emphasizing the differences between independent upwardly mobile career orientated women and those women who choose the more natural role of wife and mother The Illusions of Post Feminism New Women Old Myths maintains that post feminism is a myth Through in depth interviews with women about four major areas of their lives education work the media and the family the authors challenge and expose the myths implicit in the concept of post feminism The research illustrates that women s discontent continues despite the assumption that gender equality would result from equal opportunities legislation The chapters highlight the ineffective nature of liberal reformism and demonstrate how power relations still lie at the root of the oppression of women With its provoking and challenging analysis this revealing book breaks the silence of women s real experiences by showing the actuality of women s lives today **Beyond Anorexia** Catherine Garrett, 1998-10-13 A sociological exploration of eating disorders and the first book to focus exclusively on recovery Healing from the Trauma of Childhood Sexual Abuse Karen A.
