George Thomas Bettany, 1892 **Unspoken Sermons Series I, II, and III** George MacDonald, 2012-11-26 MacDonald rejected the doctrine of penal Substitutionary atonement as put forward by John Calvin which argues that Christ has taken the place of sinners and is punished by God in their place believing that in turn it raised serious questions about the character and nature of God Instead he taught that Christ had come to save people from their sins and not from a Divine penalty for their sins The problem was not the need to appease a wrathful God but the disease of cosmic evil itself **THE ANCIENT WORLD SERIES - 10 Historical Novels in One Volume: Moon of Israel, Cleopatra, Morning Star, Queen of the Dawn, Belshazzar, The Doom of Zimbabwe, The Wanderer's Necklace and more** Henry Rider Haggard, 2024-01-11 In The Ancient World Series Henry Rider Haggard compiles ten historical novels that span the breadth of ancient civilizations weaving narratives rich in adventure romance and historical intrigue The collection features evocative settings and vividly drawn characters from the tumultuous reign of Cleopatra to the prophetic visions of Belshazzar each tale meticulously crafted to capture the essence of its era Haggard employs a fluid yet descriptive literary style immersing readers in a world where myth and history intertwine while also reflecting the Victorian fascination with exploration and imperialism that characterized his time Henry Rider Haggard a British writer born in 1856 was not only captivated by ancient cultures but also influenced by his extensive travels

throughout Africa and the Middle East His experiences as a land surveyor and a passionate amateur archaeologist informed his depictions of historical settings and figures lending authenticity and depth to his storytelling Haggard s literary career blossomed during a period of increasing curiosity about the past which allowed him to explore themes of civilization decline and the quest for identity This collection is a must read for anyone interested in the interplay of history and fiction Haggard s rich storytelling and ability to transport readers to ancient worlds makes this volume an essential addition to the libraries of historical fiction enthusiasts and scholars alike *The Shape of Fantasy* Charul Palmer-Patel,2019-10-23

The Shape of Fantasy is an in depth look at Heroic Epic Fantasy It depicts structural and narrative patterns with models stemming from science and philosophy Although Fantasy Fiction is generally defined by its impossibility Fantasy Fiction not an illogical form It is in fact governed by a sense of rules and structure one that reflects our current understanding of space time and cosmology These models are an integral part of the structure of Heroic Epic Fantasy itself Thus this book introduces new ways of perceiving current productions of the Fantasy genre In doing so it also explores how Fantasy Fiction exhibits a conscious awareness of its own form *Jonathan Edwards and the Trinitarian Shape of Beauty* John

Cunningham,2015-06-02 This dissertation is a theological analysis of the trinitarian shape of Jonathan Edwards aesthetics of beauty The contributions of this dissertation lie chiefly in three areas The primary aim of this study is to advance the burgeoning field of the study of Jonathan Edwards by elucidating his views of beauty In so doing I present him as a rich source for the theological engagement of beauty which could serve not only the field of Edwards studies but also that of theological aesthetics more broadly **Within the Love of God** Anthony Clarke,Andrew Moore,2014 David C Parker looks at how new methodology changes what an edition is for and how we use it using the example of the New Testament texts

Unspoken Sermons; Series I., II. And III. Carolynne Larrington,2023-03-09 The heroes and villains of Norse mythology have endured for centuries infiltrating art opera film television and books shape shifting like the trickster Loki to suit the cultures that encountered them Through careful analysis of the literature and archaeology of the Norse world Carolynne Larrington takes us deep into the realm described in the Icelandic sagas from the gloomy halls of Hel to the dazzling heights of Asgard She expertly examines the myths many modern day reimaginings revealing the guises that have been worn by the figures of Norse myth including Marvels muscled golden haired Thor and George R R Martins White Walkers who march inexorably southwards bringing their eternal winter with them This sophisticated yet accessible guide explores how these powerful stories have inspired our cultural landscape from fuelling the creative genius of Wagner to the construction of the Nazis nationalist ideology Larringtons elegantly written retellings capture the essence of the original myths while also delving into the history of their meanings The myths continue
