Sharing Time Troubles:

Sharing Time Troubles Grace Maccarone, 1996 Sam searches through all of his toys but can't find anything good enough to take to school for show and tell until his troublesome little brother appears *Sharing Time Troubles (Dot Book)* Grace Maccarone, 1997 Sam searches through all of his toys but can't find anything good enough to take to school for show and tell until his troublesome little brother appears The Trouble With Sharing Airi Lampinen, 2022-05-31 Peer to peer exchange is a type of sharing that involves the transfer of valued resources such as goods and services among members of a local community and/or between parties who have not met before the exchange encounter. It involves online systems that allow strangers to exchange in ways that were previously confined to the realm of kinship and friendship. Through the examples in this book we encounter attempts to foster the sharing of goods and services in local communities and consider the intricacies of sharing homes temporarily with strangers also referred to as hospitality exchange or network hospitality. Some of the exchange arrangements discussed involve money while others explicitly ban participants from using it. All rely on digital technologies but the trickiest challenges have more to do with social interaction than technical features. This book explores what makes peer to peer exchange challenging with an emphasis on reciprocity, closeness, and participation. How should we reciprocate? How might we manage interactions with those we encounter to attain some closeness but not too much? What keeps people from getting involved or draws them into exchange activities that they would rather avoid? This book adds to the growing body of research on exchange platforms and the sharing economy. It provides empirical examples and conceptual grounding for thinking about interpersonal challenges in peer to peer exchange and the efforts that are required for exchange arrangements to flourish. It offers inspiration for how we might think and design differently to better understand and support the efforts of those involved in peer to peer exchange. While the issues cannot be simply solved by technology, it matters which digital tools an exchange arrangement relies on and even seemingly small design decisions can have a significant impact on what it is like to participate in exchange processes. The technologies that support exchange arrangements often platforms of some sort can be driven by differing sets of values and commitments. This book invites students and scholars in the Human Computer Interaction community and beyond to envision and design alternative exchange arrangements and future economies **FCC Record** United States. Time Sharing Richard Krawiec, 2001 This riveting hilarious and deeply moving novel looks at two people who live on the margins of our society. Artie is a petty thief, a would-be con man, and when he sees Jolene Jello wrestling at a dive bar, he thinks he's found a meal ticket. Jolene is a single mother struggling to find a way to support her sick child. In Artie, she sees the hope of a chance to provide a father figure for her son and a normal family life for herself. Against all odds, Artie and Jolene begin to develop a deep love for each other. But times are tough and their luck is bad. They come up with a plan that might help them escape the poverty that is closing in around them or it might destroy any chance they have at true love.

Gritty and unsentimental *Time Sharing* depicts the lives of Artie and Jolene with sympathy and humor. The two lovers are so real so unforgettable you will be haunted by them the rest of your life. *IBM system/360 time sharing system*, 1976. *The Trouble Between Us* Wini Breines, 2006. Focusing on white and black women this book examines the feminist movement to ask why given the roots of second wave feminism in the civil rights movement a racially integrated women's liberation movement didn't develop in the 1960s and 70s in the United States. **Time Sharing** Walt Dodge, 2016-01-15.
