Shell Guide To England:

Shell guide to England John Hadfield,1966 The Shell Guide to England John Arlott,Therèse Appleby,Anthony Brode,1977 **The New Shell Guide to England** John Hadfield,1981 **The Shell Guide to England** ,1970 *The Shell Guide to England. Ed. John Hadfield* ,1977 British Sources of Information P. Jackson,2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual **Reader's Guide to Great Britain** ,1977 The History of England's Cathedrals Nicholas Orme,2024-01-01 The first history of all the English cathedrals from Birmingham and Bury St Edmunds to Worcester and York Minster England s sixty two Anglican and Catholic cathedrals are some of our most iconic buildings attracting millions of worshippers and visitors every year Yet although much has been written about their architecture there is no complete history of their life and activities This is the first such book to provide one stretching from Roman times to the present day The History of England s Cathedrals explains where and why they were founded who staffed them and how their structures evolved It describes their worship and how this changed over the centuries their schools and libraries and their links with the outside world The history of these astonishing buildings is the history of England Reading this book will bring you face to face with the Anglo Saxons Vikings Normans Reformation Civil War Victorian England World War Two and finally modern democracy *Architecture, Travellers and Writers* Anne Hultzsch,2017-07-05 Does the way in which buildings are looked at and made sense of change over the course of time How can we find out about this By looking at a selection of travel writings spanning four centuries Anne Hultzsch suggests that it is language the description of architecture which offers answers to such questions The words authors use to transcribe what they see for the reader to re imagine offer glimpses at modes of perception specific to one moment place and person Hultzsch constructs an intriguing patchwork of local and often fragmentary narratives discussing texts as diverse as the 17th century diary of John Evelyn Daniel Defoe s Robinson Crusoe 1719 and an 1855 art guide by Swiss art historian Jacob Burckhardt Further authors considered include 17th century collector John Bargrave 18th century novelist Tobias Smollett poet Johann Wolfgang von Goethe critic John Ruskin as well as the 20th century architectural historian Nikolaus Pevsner Anne Hultzsch teaches at the Bartlett School of Architecture University College London Waterstone's Guide to Books Waterstone & Co,1988 **England's Future** Nigel Moor,2022-10-28 The 2019 general election radically changed the political map of England People in left behind towns want politics to reflect and respond to their needs England needs its own devolution and this book includes case studies where

local communities have tackled these problems and embraced regeneration These include the metropolitan areas of Greater London Liverpool Newcastle Upon Tyne and Plymouth and the smaller towns of Stamford Grantham and Blyth Valley Northumberland one of the Red Wall constituencies that changed political allegiance at the 2019 general election England's Future discusses how politics influence the environment in England Covering Brexit the pandemic and the 2019 general election among other themes this book will appeal to those who enjoy books on politics social history education the environment and to those working in councils and the wider public sector [The Mammoth Book of British Kings and Queens](#) Mike Ashley, 2012-06-07 This book includes more than 1000 monarchs who have at some time ruled all or part of Britain This includes the host of tribal and Saxon rulers prior to 1066 as well as famous monarchs such as Richard III Elizabeth I and Charles II and all the rulers of Scotland and Wales The book gives full details of the lives of the rulers as well as their wives consorts pretenders usurpers and regents and is a geographical guide to where all Britain's monarchs lived ruled and died including their palaces estates and resting places **The Wars of the Roses** Alison Weir, 2011-10-05 Lancaster and York For much of the fifteenth century these two families were locked in battle for control of the British monarchy Kings were murdered and deposed Armies marched on London Old noble names were ruined while rising dynasties seized power and lands The war between the royal House of Lancaster and York the longest and most complex in British history profoundly altered the course of the monarchy In *The Wars of the Roses* Alison Weir reconstructs this conflict with the same dramatic flair and impeccable research that she brought to her highly praised *The Princes in the Tower* The first battle erupted in 1455 but the roots of the conflict reached back to the dawn of the fifteenth century when the corrupt hedonistic Richard II was sadistically murdered and Henry IV the first Lancastrian king seized England's throne Both Henry IV and his son the cold warrior Henry V ruled England ably if not always wisely but Henry VI proved a disaster both for his dynasty and his kingdom Only nine months old when his father's sudden death made him king Henry VI became a tormented and pathetic figure weak sexually inept and prey to fits of insanity The factional fighting that plagued his reign escalated into bloody war when Richard Plantagenet Duke of York laid claim to the throne that was rightfully his and backed up his claim with armed might Alison Weir brings brilliantly to life both the war itself and the historic figures who fought it on the great stage of England Here are the queens who changed history through their actions the chic unconventional Katherine of Valois Henry V's queen the ruthless social climbing Elizabeth Wydeville and most crucially Margaret of Anjou a far tougher and more powerful character than her husband Henry VI and a central figure in the Wars of the Roses Here too are the nobles who carried the conflict down through the generations the Beauforts the bastard descendants of John of Gaunt Richard Neville Earl of Warwick known to his contemporaries as the Kingmaker and the Yorkist King Edward IV a ruthless charmer who pledged his life to cause the downfall of the House of Lancaster *The Wars of the Roses* is history at its very best swift and compelling rich in character pageantry and drama and vivid in its re-creation of an astonishing dangerous and often grim

period of history Alison Weir one of the foremost authorities on the British royal family demonstrates here that she is also one of the most dazzling stylists writing history today **Mistress of the Monarchy** Alison Weir, 2009-10-06 In her remarkable new book Alison Weir recounts one of the greatest love stories of medieval England It is the extraordinary tale of an exceptional woman Katherine Swynford who became first the mistress and later the wife of John of Gaunt Duke of Lancaster Katherine Swynford s charismatic lover was one of the most powerful princes of the 14th century the effective ruler of England behind the throne of his father Edward III in his declining years and during the minority of his nephew Richard II Katherine herself was enigmatic and intriguing renowned for her beauty and regarded by some as dangerous Her existence was played out against the backdrop of court life at the height of the age of chivalry and she knew most of the great figures of the time including her brother in law Geoffrey Chaucer She lived through much of the Hundred Years War the Black Death and the Peasants Revolt She knew loss adversity and heartbreak and she survived them all triumphantly Although Katherine s story provides unique insights into the life of a medieval woman she was far from typical in that age She was an important person in her own right a woman who had remarkable opportunities made her own choices flouted convention and took control of her own destiny even of her own public image Weir brilliantly retrieves Katherine Swynford from the footnotes of history and gives her life and breath again Perhaps the most dynastically important woman within the English monarchy she was the mother of the Beauforts and through them the ancestress of the Yorkist kings the Tudors the Stuarts and every other sovereign since a legacy that has shaped the history of Britain **The British Library General Catalogue of Printed Books 1976 to 1982** British Library, 1983 **The Vision of J.B. Priestley** Roger Fagge, 2011-12-15 An intellectual biography following the development of Priestley s thought from his engagement with social themes to his subsequent disillusion in the post war period Landscape and Englishness David Matless, 2005-08-01 Landscape has been central to definitions of Englishness for centuries David Matless argues that landscape has been the site where English visions of the past present and future have met in debates over questions of national identity disputes over history and modernity and ideals of citizenship and the body Landscape and Englishness is extensively illustrated and draws on a wide range of material topographical guides health manuals paintings poetry architectural polemic photography nature guides and novels The author first examines the inter war period showing how a vision of Englishness and landscape as both modern and traditional urban and rural progressive and preservationist took shape around debates over building in the countryside the replanning of cities and the cultures of leisure and citizenship He concludes by tracing out the story of landscape and Englishness down to the present day showing how the familiar terms of debate regarding landscape and heritage are a product of the immediate post war era and asking how current arguments over care for the environment or expressions of the nation resonate with earlier histories and geographies cultural history at its best subtle multi layered and full of new ideas and insights this book is a must Contemporary British History creates a convincing portrait of the changing meanings of the English landscape in

the twentieth century Times Literary Supplement **A Brief History of British Kings & Queens** Mike Ashley, 2014-03-27
Here is the whole of recorded British royal history from the legendary King Alfred the Great onwards including the monarchies of England Scotland Wales and the United Kingdom for over a thousand years Fascinating portraits are expertly woven into a history of division and eventual union of the British Isles even royals we think most familiar are revealed in a new and sometimes surprising light This revised and shortened edition of The Mammoth Book of British Kings Queens includes biographies of the royals of recorded British history plus an overview of the semi legendary figures of pre history and the Dark Ages an accessible source for students and general readers **Waterstone's Guide to Books** Waterstone & Co., Ltd, 1989 **Imagining England's Past** Susan Owens, 2023-04-26 England has long built its sense of self on visions of its past What does it mean for medieval writers to summon King Arthur from the post Roman fog for William Morris to resurrect the skills of the medieval workshop and Julia Margaret Cameron to portray the Arthurian court with her Victorian camera or for Yinka Shonibare in the final years of the twentieth century to visualize a Black Victorian dandy By exploring the imaginations of successive generations this book reveals how diverse notions of the past have inspired literature art music architecture and fashion It shines a light on subjects from myths to mock Tudor houses Stonehenge to steampunk and asks how and why the past continues so powerfully to shape the present Not a history of England but a history of those who have written painted and dreamed it into being Imagining England's Past offers a lively erudite account of the making and manipulation of the days of old

The Enigmatic Realm of **Shell Guide To England**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Shell Guide To England** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
