Look At Me Fashion And Photography In Britain 1960 To The Present:

Look at Me Val Williams, 1998 Her World, Women and Fashion in Singapore 1974-1989 Nadya Wang, 2025-07-24
Between 1974 and 1989 significant changes were taking place in the lives of Singaporean women and in their local fashion industry. These shifts were not only reflected in but actively shaped by the magazine *Her World*. In *Her World* Women and Fashion in Singapore Nadya Wang uses dress as a lens through which to view fragments of the magazine over 15 years. Advocating for a new and decentred understanding of the evolution of the Singapore woman, Wang's writing also traces the creation of a fashion industry that pivoted from seeking validation from global fashion cities to establishing itself as the lead of a Southeast Asian fashion community. Visual analysis of archival materials is combined with oral history interviews to demonstrate how the women of Singapore engaged with local and global ideas, fashion and beauty commodities and imagery of models and beauty queens in their self-fashioning. Challenging existing understandings of their agency, this book attests to the creativity and adaptability of Singapore women and Singapore fashion designers.

Photography Liz Wells, 2004. This seminal text for photography students identifies key debates in photographic theory, stimulates discussion and evaluation of the critical use of photographic images and ways of seeing. This new edition retains the thematic structure and text features of its predecessors but also expands coverage on photojournalism, digital imaging techniques, race and colonialism. The content is updated with additional international and contemporary examples and images throughout, and the inclusion of colour photos. Features of this new edition include: Key concepts and short biographies of major thinkers; Updated international and contemporary case studies and examples; A full glossary of terms; a comprehensive bibliography; Resource information including guides to public archives and useful websites.

Picturing the Woman-Child Morna Laing, 2021-01-28
The childlike character of ideal femininity has long been critiqued by feminists from Mary Wollstonecraft to Simone de Beauvoir. Yet women continue to be represented as childlike in the western fashion media despite the historical connotations of inferiority. This book questions why such images still hold appeal to contemporary women after three or even four waves of feminism. Focusing on the period of 1990-2015, *Picturing the Woman-Child* traces the evolution of childlike femininity in British fashion magazines including *Vogue*, *iD* and *Lula Girl of my Dreams*. These images draw upon a network of references from *Kinderwhore* and *Lolita* to *Alice in Wonderland* and the *femme enfant* of Surrealism. Alongside analysis of fashion photography, the book presents the findings of original research into audience reception. Inviting contemporary women to comment on images of the woman-child provides an insight into the meaning of this figure as well as an evaluation of theory on the female gaze. Both scholarly and accessible, the book paves the way for future studies on how readers make sense of fashion imagery.
