**Looking at Buildings**, 1996 *Freaky-Strange Buildings* Michael Sandler, 2011-08-01 Describes some of the most unusual buildings in the world including a hotel built of salt and an office building that looks like a basket and compares their various features to similar characteristics of other things

**America's Oddest Buildings** Katie Kawa, 2016-12-15 Architecture is a very special kind of art and sometimes it veers into the oddest places of our imaginations Buildings both inspired by the past and looking ahead to the future are common sights but America is full of goofy buildings in weird places from a building shaped like a picnic basket in Ohio to man made dinosaurs standing guard in California This book takes an exciting look at some of the strangest places in the United States with colorful photographs and engaging stories about the how and why of these oftentimes massive construction projects

*New Theory of Beauty* Guy Sircello, 2015-03-08 Ever since the eighteenth century when Kant opened the floodgates of subjectivism in aesthetics common men and philosophers alike have despaired of finding a basis for judgments about beauty This book provides a comprehensive theory that encompasses beauty in art and nature as well as intellectual utilitarian and moral beauty The author argues that the beauty of objects can be reduced to the beauty of properties of those objects which in turn can be understood in terms of properties of qualitative degree The theory developed first with respect to color is then extended to include all sensory and non sensory qualities The author shows how the theory explicates and resolves disagreements about what is beautiful and discusses its relevance to the traditional notions of harmony and sublimity His is an objectivist theory of beauty and it enables him in conclusion to demonstrate why we enjoy perceiving beauty Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*Everyday Architecture of the Mid-Atlantic* Gabrielle M. Lanier, Bernard L. Herman, 1997-07-15 Everyday Architecture of the Mid Atlantic gives proof to the insights architecture

offers into who we are culturally as a community a region and a nation

**Junkyard Blues** Al Moye,2013-06-24 In

Cameroon life isnt only like living in limbo it is like living in the very centre of a hellish junkyard where dreams are dumped and wishes shattered at will by forces which can barely be controlled or understood It is in this junkyard of dreams that Jude Maimo finds himself after years of studies and obtaining a university degree that could not even procure him a decent job Reluctantly living under his brothers care after having failed grossly in an attempt to be independent and doing a job that is more than an insult to him he still hopes to one day live his simple dream furthering his education long enough to have a respectable and decent job that could make him truly independent Entangled in a relationship he can barely understand and weighed down by the daily temptations of natural life a long lost friend from back in his school days suddenly appears as a light to lead him to the end of the tunnel But a little too late he discovers that the promised light of salvation is just another face of darkness a darkness that wants more than his soul a darkness that can only lead to tragedy

### **The Mechanics of Homosexual Intercourse**

Lonely Christopher,2025-07-01 Dennis Cooper unveils a mesmerizing debut story collection for his Little House on the Bowery fiction series A provocative and refreshing debut collection Publishers Weekly Praise seems superfluous for a book as accomplished cohesive and devastating as Lonely Christopher s debut collection so consider these words admiration instead and admonishment if you still think fiction counts for anything then you should buy this book right now Dale Peck author of What We Lost and Time To Say Goodbye A selection of Dennis Cooper s Little House on the Bowery series Two boys lie on a bed one of them is already dead they listen to Glenn Gould playing Bach and talk about suicide and love A lonely narrator mourns the end of a relationship and the disappearance of a mysterious object as a frustrated artist jumps out of a moving car on his birthday and runs for the last streetlamp in the universe Awkward parents and angsty teens negotiate a dark suburban landscape searching for something they can t name spelling out balletic sentences of failure and shame Helicopters menace the night sky a horse is murdered in a kitchen victims go missing in swamps of ambiguity and everybody waits for what the construction of a new road into town will bring the end of the world or something worse The Mechanics of Homosexual Intercourse a radical map of shortcomings in our daily experiences in the form of a debut story collection presents thematically related windows into serious emotional trouble and monstrous love Lonely Christopher combines a striking emotional grammar with an unyielding imagination in the lovely ugly architecture of his stories

### **The Slip**

Tom C Willoughby,2020-07-26 Mysterious illnesses borne by advanced technologies The appearance of a unique entity Can a CIA agent and her unusual new partner complete the mission that just might save the human race Sam has no memory of his past no body of his own only haunting dreams to offer clues to his existence Propelled by a need for justice Sam agrees to join the operation Julia Cacerek is one of the best the CIA has but she likes to work alone With no other options Julia has to face her own demons to work with Sam and his extraordinary abilities Backed by a specially assembled DARPA team Julia and Sam must thwart this ultimate attack that threatens to devastate the nation and cripple the world What does the existence of Sam a being who has no memory of his own life but who can slip into a person and take over their body mean for humanity Is Sam evil Or part of something much larger at play than anyone realizes The first in a series The Slip will keep you guessing as Julia and Sam s quest to solve these and other questions takes them around the world in search of answers If you like technothrillers on a global scale and suspenseful hard science fiction then you will love Tom C Willoughby s action packed
