Looking At Submarines:

One of Our Submarines Edward Young,2004-09-30 Young immortalized his distinguished war service as a submariner in the bestselling autobiography *One of Our Submarines* a gripping memoir The Guardian In the very highest rank of books about the last war Submarines are thrilling beasts and Edward Young tells of four years adventures in them in a good stout book with excitement on every page He writes beautifully economically and with humor and in the actions he commands he manages to put the reader at the voice pipe and the periscope so that sometimes the tension is so great that one has to put the book down The Sunday Times No disrespect to the big screen but you can t beat a book for digging out the details And the details feel even better if the author is someone who s been there So at least take the time to read *Das Boot* the autobiographical novel by Lothar G nther Buchheim And for the British perspective read *One of Our Submarines* by Edward Young The Mouldy Books He tells his story in a modest clear and amusing way that is a delight to read not too much **The Story of Our Submarines** Klaxon,2020-07-24 Reproduction of the original *The Story of Our Submarines* by Klaxon *Boy Scouts in a Submarine; Or, Searching an Ocean Floor* G. Harvey Ralphson,2023-11-16 In *Boy Scouts in a Submarine Or Searching an Ocean Floor* by G Harvey Ralphson readers are taken on an adventurous journey with a group of Boy Scouts as they navigate the depths of the ocean in a submarine The book written in a clear and detailed narrative style captures the curiosity and bravery of the young scouts as they encounter challenges and mysteries beneath the sea Ralphson s attention to scientific accuracy and technical details adds a layer of realism to the narrative making it both entertaining and informative for readers interested in exploration and adventure stories Set in the early 20th century the book reflects the spirit of adventure and discovery prevalent in the time period making it a valuable historical piece in literature G Harvey Ralphson known for his adventure stories aimed at young readers draws on his own experiences and interests to create engaging narratives that inspire and educate His background in engineering and love for the outdoors likely influenced his choice to write a story centered around the exploration of the ocean depths Ralphson s genuine appreciation for nature and technology shines through in *Boy Scouts in a Submarine* making it a compelling read for both young readers and adults alike For readers seeking a thrilling adventure story that combines elements of science exploration and courage *Boy Scouts in a Submarine* is a must read Ralphson s expert storytelling and attention to detail make this book a captivating and educational experience that will leave readers eager for more of his works **Nuclear Submarines of Advanced Design** United States. Subcommittee on Department of Defense,1981 Department of Defense Appropriations United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1990 *Asia Looks Seaward* Toshi Yoshihara,James R. Holmes,2007-11-30 Asia is headed toward an uncertain and

potentially volatile future in the maritime arena The two rising Asian powers China and India dependent as they are on seaborne commerce for their economic well being have clearly set their eyes on the high seas Yoshihara and Holmes offer a stark warning that many strategists in Beijing and New Delhi appear spellbound by the more militant visions of sea power Indeed both powers appear poised to develop the capacity to control the sea lanes through which the bulk of their commerce flows If they enter the nautical environment with such a martial mindset Asia could very well fall victim to regional rivalries that give rise to a vicious cycle of competition Yoshihara and Holmes provide the first examination of the simultaneous rise of two naval powers and the potential impact that such an oceanic reconfiguration of power in Asia could have on long term regional stability Their study analyzes the maritime interests and strategies of the littoral states in Asia as they prepare for the expected reordering of nautical affairs This long overdue assessment revisits underlying assumptions that have prevailed among strategy makers and provides a concrete policy framework for reducing the risk of confrontation in Asian waters

Save Our Souls: Rescues Made by U.S. Submarines During World War II Douglas E. Campbell, 2016-04-02 At last count nearly 2 400 people can claim that their lives were saved by a U S submarine during World War II Of that number 523 Allied aviators could claim that distinction after crashing their aircraft into the sea and being saved by a submarine operating in the Lifeguard League The remaining number were a collection of other military and civilian personnel each with a story to tell and now able to tell their grand children Some of those rescued went on to retire as senior military officers including U S Navy Admirals some back to missionary work some to manage large companies in later years some to philanthropic endeavors to pay everyone back for saving their lives Appendix A is an intensely researched index of nearly 2 200 names of those saved **Department of Defense Appropriations for Fiscal Year 1994** United States. Stalking the Red Bear Peter Sasgen, 2009-03-17 Thrilling submarine espionage and an inside look at the U S Navy's silent service Stalking the Red Bear for the first time ever describes the action principally from the perspective of a commanding officer of a nuclear submarine during the Cold War the one man aboard a sub who makes the critical decisions taking readers closer to the Soviet target than any work on submarine espionage has ever done before This is the untold story of a covert submarine espionage operation against the Soviet Union during the Cold War as experienced by the Commanding Officer of an active submarine Few individuals outside the intelligence and submarine communities knew anything about these top secret missions Cloaking itself in virtual invisibility to avoid detection the USS Blackfin went sub vs sub deep within Soviet controlled waters north of the Arctic Circle where the risks were extraordinarily high and anything could happen Readers will know what it was like to carry out a covert mission aboard a nuke and experience the sights sounds and dangers unique to submarining *Hearings Before and Special Reports Made by Committee on Armed Services of the House of*

Roehrs, 2019-08-01 50 years ago Japan attacked Pearl Harbour and brought a reluctant America into World War II Armed with fresh materials which have become available only in the last decade Renzi and Roehrs take a critical look at the decisive Japanese American episodes in The Great Pacific War Unlike standard histories of World War II **Never Look Back** includes the Japanese perspective bringing to light challenging facts in Operation Flying Elephant the Japanese attempted to cause forest fires in the American West by releasing hydrogen filled balloons When Americans of Japanese ancestry were interned during the conflict word reached Japan of their plight and resulted in even greater mistreatment of American POWs in Japan It is argued that Japan did not surrender because of the atomic bombing of Hiroshima and Nagasaki or because of the conventional firebombing or because of the US submarine campaign but because the USSR entered the war
