Woman and the Infinite Vialla Hartfield-Méndez, 1996 Woman and the Infinite demonstrates how Pedro Salinas's poetry and frequently overlooked narrative and theater reveal a preoccupation with the nature of time especially extraordinary moments that transcend space and time Many of these moments are intimately connected with the man woman yo tu relationship Salinas's exploration of this theme is best understood in the context of other modern literary evocations of epiphanic moments Such literary phenomena as William Wordsworth's spots of time and James Joyce's epiphanies are among the precursors of Salinas's moments of eternity as are moments of timelessness in works by Marcel Proust and the French Symbolist poets Salinas's reception of the Symbolists was direct but also refracted through his reading of the Latin American modernistas especially Ruben Dario In his well known commentary on Dario Salinas connects the perception of woman with a visionary moment of extraordinary lucidity a connection found in his own works Woman is elusive for Salinas She has a multiplicity of forms and varying identities that are expressed with mirrors and shadows or Classical and Biblical mythological archetypes All of these are found in Aurora de verdad from Vispera del gozo a narrative piece which can be read as representative of Salinas's work as a whole Specific images in the story including mirrored figures and references to mythological goddesses are also key elements in a trajectory in Salinas's works in general toward an all encompassing absolute and infinite moment

Immanent Visitor Jaime Saenz, 2002-10-30 Immanent Visitor is the first English language translation of the work of Bolivia's greatest and most visionary twentieth century poet A poète maudit Jaime Saenz rejected the conventions of polite society and became a monk in service of his own imagination Apocalyptic and occult in his politics a denizen of slum taverns unashamedly bisexual insistently nocturnal in his artistic affairs and secretive in his leadership of a select group of writers Saenz mixed the mystical and baroque with the fantastic the psychological and the symbolic In masterly translations by two poet translators Kent

Johnson and Forrest Gander Saenz's strange innovative and wildly lyrical poems reveal a literary legacy of fierce compassion and solidarity with indigenous Bolivian cultures and with the destitute the desperate and the disenfranchised of that unreal city La Paz In long lines in odes that name desire with Whitmanesque anaphora in exclamations and repetitions Saenz addresses the reader the beloved and death in one extended lyrical gesture The poems are brazenly affecting Their semantic innovation is notable in the odd heterogeneity of formal and tonal structures that careen unabashedly between modes and moods now archly lyrical now arcanelly symbolic now colloquial now trancelike As Saenz's reputation continues to grow throughout the world these inspired translations and the accompanying Spanish texts faithfully convey the poet's unique vision and voice to English speaking readers

La Verdad Impura Marcos Diéguez,Marcos Dieguez,2012-08 La Verdad Impura es un desgarrado testimonio de una conciencia doliente Es el clamor por la aciaga suerte de los privados de fortuna bajo la indolencia e hipocresía de los favorecidos no tanto las clases altas de las que poco se puede esperar sino las clases medias acomodaticias de los países desarrollados que se disfrazan de corrección política y fingida indignación para tranquilizar su conciencia y cuyo compromiso se agota en la protesta y en el victimismo A pesar de todo o tal vez por ello el autor de este texto no pretende denunciar las diferencias sociales ni adoctrinar las mentes de los hombres No es un grito admonitorio para corregir el rumbo de la humanidad para eso han surgido sobrados movimientos y arbitrajes condenatorios lanzados con más precisión que este contra el pensamiento nico contra la mentira de los gobernantes contra el dinero todopoderoso contra el sistema con avaros resultados En todos ellos menudea la denuncia contra los poderes ficticios y escasea el compromiso personal Pero este texto lejos de esa ampulosa pretensión no propone más que un desahogo irónico y pesimista que insinúa impotencia e induce lamentablemente dados los parámetros de codicia e indiferencia en los que nos movemos más a la resignación que a la esperanza No obstante creo que está al alcance del cualquier lector más o menos afectado de empatía coleccionar una enseñanza humilde y subrepticia de este escrito que la dudosa redención del hombre se asienta en la renuncia voluntaria más que en la reivindicación perentoria de derechos

La Otra Mitad de Nosotros F. Rubi,2012-01-11 Uno de los grandes males que agobian al mundo actualmente es la desesperanza Una desesperanza nacida de la frustración propiciada por la gran crisis económica que nos atosiga y que parece no tener solución por lo menos en el corto plazo La idea que se nos vendió avalada por los medios masivos de comunicación de un mundo globalizado promisorio con oportunidades para todos se desmoronó como un

determines a state's policy choices. It draws on rich empirical material to present readers with information on the determinants of policy definition and implementation, reactions to emigration and converging and diverging trends. Next, the volume offers detailed case studies from 15 countries around the world, including Argentina, Vietnam, Senegal, the Russian Federation, Denmark, and Turkey. Coverage for each country critically analyzes its emigration or diaspora policies as well as how these policies affect its mobile citizens. The contributors also place the policies in context and explore the consequences of pertinent rules and provisions. In addition, a conclusion presents a comparative analysis of all case studies as well as details a set of best practices. Emigration and immigration are two sides of the same coin that every country experiences and in one way or the other must face. This book offers readers a new look on diaspora and emigration governance across the globe and explores the future paradigm of reactions to emigration. *Lectura crítica de la literatura americana* Saúl Sosnowski, 1996

Sol-Edades Marco Antonio Domínguez, 2010-04-30. Sol edad es una antología poética cuyo lirismo nos invita a reflexionar sobre la existencia, el amor, las presiones sociales, los efectos de la tecnología, el comportamiento humano ante la crisis económica, la contaminación, el deterioro del medioambiente, la deshumanización del hombre, la violencia, la discriminación, el estrés y la pérdida de valores. Sol Edad es un retorno a las raíces del mexicano, revela experiencias sobre el chicanismo e intenta rescatar el idioma español, las tradiciones mexicanas y la cultura hispana. **The Double Strand** Frank Dauster, 2014-07-15. Two strands, one indigenous, the other imposed, produce the poetic and cultural tensions that give form to the work of five contemporary Mexican poets: All Chumacero, Efraín Huerta, Jaime Sabines, Rubén Bonifaz Nuno, and Rosario Castellanos. Although all five are significant figures, only Castellanos has yet been widely studied in the United States, primarily for her novels and her relations with the feminist movement. In spite of a number of rather basic differences in their work, these poets share and write within a complicated culture rooted in both the pre-Hispanic and the European traditions. Their poetry reflects this in its emphasis on death as a constant presence and in the echoes of both Aztec ritual poetry and European poetry. Although apparently very different formally and thematically, the five share a number of concerns. Each of them writes out of a contradictory inner tension; each is preoccupied with the effort to shape language as part of a personal voyage of discovery; each is haunted by death and seeks realization or plenitude through love of some kind. And each of them ultimately finds there is no escape. As Frank Dauster concludes, "The poetry of Mexico, like its people and its society, reflects the fusion of two worlds, and these complex poets of the double strand operate freely and imaginatively within it." Although addressed primarily to specialists in Latin American literature, *The Double Strand* also speaks to those interested in the complex interaction between two widely differing cultural heritages and in the rich fusion this blending produces in Mexican letters.
