My Sunday Best:

My Sunday Best La Verne Ford Wimberly, 2023-03-21 Her hats made us smile Her smile gave us hope People from all over the world have said my Sunday selfies have blessed and inspired them Who would have thought photos of an eighty two year old church lady in a hat could do such a thing Earlier in her life as an educator Dr La Verne Ford Wimberly helped desegregate the Tulsa school system served as a school superintendent and had a high school library named after her But it was her determination to stay positive and stay connected during the first year of the COVID pandemic that made Dr Wimberly a household name around the world After posting selfies in her Sunday best for fifty two consecutive weeks during one of the most difficult times in our country s history Dr Wimberly became a viral sensation for her hats her smile and most of all her joy As My Sunday Best beautifully shows underneath Dr Wimberly s stunning church finery is a wise warm and witty octogenarian who s still committed to the values she learned in childhood Faith in God and country Devotion to family A positive attitude A life of service My Sunday Best includes color photos of all Dr Wimberly s famous selfies no repeating outfits fascinating true stories from a woman who lived history and made history words of wisdom and prayers of devotion and gratitude This gorgeous book offers a glimpse into the life and spirit of a woman who inspired a nation As Dr Wimberly reminds us loving God loving people and having fun are the hallmarks of a life well lived **The Merola's** Alice J.

Adessio, 2012-06-07 This book THE MEROLA S is the story of my ancestors including both my maternal and paternal grandparents and their voyage to America on the same ship It provides current and future generations of our family with both the Petrizzi and the Merola Family Trees It also gives a little information about the Adessio family It covers seven generations of my family contains little snippets of their life and many photographs and documents of the families through the ages It includes an illustration of the S S Neustria on which they traveled from Italy to America highlighting part of the ship s manifest The book contains photographs from Italy and the United States over a period of nearly one hundred twenty five years from 1890 to 2012 My maternal grandfather and his two cousins arrived in America in 1886 They found the streets were not paved in gold but they could earn a good living and support a family here After two years they returned to Italy to find wives and came back to America in 1890 with their new brides This book is their story I had for many years wanted to create a family tree for the young people in the family many of whom live out of state those who as you spoke to them usually said Who are you speaking about Are they related and if so how are they related I created an extensive Family Tree I went back seven generations beginning in Italy and culmination in the United States I decided that I wanted to tell the young people a little bit about their ancestors so I included mini biographies of my grandparents aunts and uncles and some of my cousins who are no longer with us I also included some short stories about them At this point I decided the younger members of the family now knew where they fitted in the family and a little bit about their relative s lives but they couldn t visualize what these people looked like so I included photographs of these ancestors I was able to collaborate with two of my cousins I

wrote the bios of the relatives and e mailed them to these cousins and my sister for their clarification of what I had written I had copies of documents and many photos of the family which I included I then called my sister making her crazy saying Momma had a photograph of so and so and it looked like this see if you can find it and mail it to me She always did The information in this book was not obtained using Ancestry com which is not the most reliable source rather the stories and facts were handed down to us by our aunts and uncles over the years and as we recalled some of our experiences growing up It depicts the life of a family of Italian immigrants their pursuit of citizenship the hardships and the challenges they faced In reading the book you can see how times and concepts change as well as the struggles of our ancestors and how they handled adversity and dealt with any obstacles they encountered It shows how with perseverance and determination they prospered and became valued citizens These people my relatives became doctors lawyers a District Attorney clothing designers pharmacists CPAs and a U N Representative to name a few There were also many teachers bookkeepers business owners and managers builders architects photo engravers and engineers It took me about two years to complete this project and deal with a publisher but I finally achieved my goal I had my book published purchased the quantity I required and upon receiving the copies sent them to all of my relatives and gave a few copies to close friends It truly was a labor of love It was very gratifying to receive notes letters phone calls and e mails from my cousin
