Nurturing Hidden Resilience in Troubled Youth Michael Ungar, 2022      **Culture and Identity** Anita Jones Thomas, Sara E. Schwarzbaum, 2016-09-08 Culture and Identity engages students with autobiographical stories that show the intersections of culture as part of identity formation The easy to read stories centered on such themes as race ethnicity gender class religion sexual orientation and disability tell the real life struggles with identity development life events family relationships and family history The Third Edition includes an expanded framework model that encompasses racial socialization oppression and resilience New discussions of timely topics include race and gender intersectionality microaggressions enculturation cultural homelessness risk of journey spirituality and wellness and APA guidelines for working with transgendered individuals      **Stress, Trauma, and Posttraumatic Growth** Roni Berger, 2015-02-11 What happens in the trauma s aftermath How do its effects manifest differently on the individual family and community wide levels Stress Trauma and Posttraumatic Growth Social Context Environment and Identities explores the way traumatic events are defined classified and understood throughout the life cycle placing special emphasis on the complex intersections of diverse affiliations and characteristics such as age class culture disability race and ethnicity gender identity and expression immigration status political ideology religion sex and sexual orientation The book gives its readers a solid basis for understanding traumatic events and treating their effects and also shows the varied ways that trauma is conceptualized across cultures Both new and seasoned clinicians will come away from Stress Trauma and Posttraumatic Growth with a deep understanding of the principles that guide successful trauma treatment      **Community Research for Community Development** M. Mayo, Z. Mendiwelo-Bendek, C. Packham, 2013-09-10 This book explores the contributions that research with refugees and with faith based organizations for example makes to strengthen community development and consequently promote active citizenship and social justice      *The SAGE Handbook of Social Work Research* Ian Shaw, 2009-12-10 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific Handbook provides an essential map for navigating the complex currents of social work research today It resists polemical and simplistic binaries to chart a course that emphasizes diversity pluralism and sensitivity to political contexts in many featured exemplars As key chapters note inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research Rather than patch over differences the volume invites us to understand historical roots of unresolvable tensions and live with them The international scope of the volume is unique scholars from more than a dozen different countries were involved and its broad scope counters the tendency toward parochialism of much North American literature The Handbook should be essential reading for

students and academics Catherine Riessman Boston University USA The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research offering an original and defining statement on contemporary theory and practice within the field The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions What is the role and purpose of social work research What contexts shape the practice and purpose of social work research How can we maximise the quality of the practice of social work research How can the aims of social work in its varied domains be met through social work research Ranging over local national and international issues and exploring questions of theory and practice this is a diverse and constructively organized overview of the field It will quickly be recognized as a benchmark in the expanding field of social work research setting the agenda for future work in the arena

**Working with High-Risk Youth** Peter Smyth, 2017-04-11 In the child welfare system some youth do well in their lives but far too many do not experience positive outcomes by the time they are leaving government services The youth often feel marginalized and that they were not involved in decisions about their own lives leaving them with a sense of hopelessness and helplessness This book focuses on high risk youth whose struggles include neglect and abuse alcohol and drug abuse the risk of being exploited mental health issues and the inability to self regulate and trust a population of youth that government child welfare services and community agencies struggle to serve adequately The focus has traditionally been on punishment consequence interventions and demanding compliance but experience and research shows they can be better served through relationship based practice incorporating harm reduction principles resiliency and strength based approaches community collaboration and an understanding that these youth typically come from experiences of early trauma impacting their brain development and their ability to form attachments This book provides an overview of the Get Connected practice framework and philosophy and provides strategies for engaging and working with the most disconnected challenging and troubled youth in society

**Indigenous Food Systems** Priscilla Settee, Shailesh Shukla, 2020-01-31 Indigenous Food Systems addresses the disproportionate levels of food related health disparities among First Nations Métis and Inuit people in Canada seeking solutions to food insecurity and promoting well being for current and future generations of Indigenous people Through research and case studies Indigenous and non Indigenous food scholars and community practitioners explore salient features practices and contemporary challenges of Indigenous food systems across Canada Highlighting Indigenous communities voices the contributing authors document collaborative initiatives between Indigenous communities organizations and non Indigenous allies to counteract the colonial and ecologically destructive monopolization of food systems This timely and engaging collection celebrates strategies to revitalize Indigenous food systems such as achieving cultural resurgence and food sovereignty sharing and mobilizing diverse knowledges and voices and reviewing and reformulating existing policies research and programs to improve the health well being and food security of Indigenous and Canadian populations

Indigenous Food Systems is a critical resource for students in Indigenous studies public health anthropology and the social sciences as well as a vital reader for policymakers researchers and community practitioners *Communication, Emotions and Well-Being in Emotionally Charged Workers* Vicente Javier Prado-Gascó, María del Carmen Giménez-Espert, Orlando Antonio Llanos-Contreras, Shane Sinclair, 2022-04-21 Researching Violence, Democracy and the Rights of People John Schostak, Jill Schostak, 2009-12-16 Violence democracy and rights are issues that are not fully addressed in research methodology literatures yet violence is of vital interest in substantive and theoretical debates across the social sciences education philosophy politics and cultural studies Methodology needs to be informed by and be relevant to the debates and practices within and across these perspectives on the worlds of everyday life Research is fundamentally entwined with the political the ethical and the legal When it presumes the neutrality of method and ignores its radical roots of inquiry it is in danger of being politically co opted and ethically na ve Research that reveals what is at stake politically ethically and legally is typically open to accusations of being partisan and therefore political It cannot avoid being political in the broadest sense of the word and consequently the researcher cannot escape through some mystical notion of being objective the political ethical and legal consequences of undertaking research Research is vital to the construction of public spaces for debate decision making and action Hence there is a close relationship between methodological practices research design and the conditions under which violence democracy and rights can be addressed *Researching Violence Democracy and the Rights of People* explores what is at stake methodologically both theoretically and practically for researchers seeking to expand opportunities for people to become visible upon the public stages of debate decision making and action and thus make audible their experiences of wrongs and injustices express their rights and engage democratically in processes of change Drawing on international contributions and contexts this book introduces readers to the complex realities of real research and the substantive issues that their methodological approaches strive to deal with It will benefit undergraduate and postgraduate students as well as post doctoral and experienced researchers across a range of cultural and social science disciplines as well as educational and sociological researchers Its aim is to explore and contribute to the development of innovatory approaches to engaging in research that make a difference in the lives of people Supervision in Social Work Liz Beddoe, Jane Maidment, 2017-10-02 Supervision is currently a hot topic in social work The editors of this volume both social work educators and researchers believe that good supervision is fundamental to the development and maintenance of effective practice in social work Supervision is seen as a key vehicle for continuing development of professional skills the safeguarding of competent and ethical practice and oversight of the wellbeing of the practitioner As a consequence the demand for trained and competent supervisors has increased and a perceived gap in availability can create a call for innovation and development in supervision This book offers a collection of chapters which contribute new insights to the field Authors from Australia and New Zealand where supervision inquiry is strong offer research informed ideas and critical

commentary with a dual focus on supervision of practitioners and students Topics include external and interprofessional supervision retention of practitioners practitioner resilience and innovation in student supervision This book will be of interest to supervisors of both practitioners and students and highly relevant to social work academics This book was originally published as a special issue of Australian Social Work     Moving on From Crime and Substance Use Anne Robinson, Paula Hamilton, 2016-09-21 Desistance is a hot topic of the criminological world but while research suggests that as offenders turn their backs on crime they often change their behavior and their sense of identity we know relatively little about how this reforming or transforming of identity might be affected by gender age or ethnicity Showcasing international research from a wide range of contributors in the field this book investigates the roles played by these various diversity issues during desistance By considering similarities and differences between desisting from crime and recovering from addiction it pushes the desistance and recovery debates in novel directions offering unique insight into experiences of change and transformation among individuals who are seeking healthier and more successful futures     Innovative Skills to Support Well-being and Resiliency in Youth Nicole Nicotera, Julie Anne Laser-Maira, 2017 This title emphasizes the step by step procedures readers will need to implement evidence based innovative techniques and skills that emphasize well being and resilience in youth The strategies are specifically chosen to capture and hold the interest of youth who are often reticent to counselling Furthermore the skills based approach of the book aims to demystify what one actually does in session with youth by moving away from the vagueness of talk therapy when youth have nothing to say and toward sessions that engage youth in action stimulating communication and change     *The Routledge International Handbook of Psychosocial Resilience* Updesh Kumar, 2025-07-31 Psychological resilience has emerged as a highly significant area of research and practice finding applications with a broad range of different groups in many settings The second edition of The Routledge International Handbook of Psychosocial Resilience is a comprehensive compilation of chapters from an international team of contributors that takes stock of the state of the art in resilience theory research and practice It covers the many different trajectories that resilience research has taken in four sections the conceptual trends psychosocial correlates applied evidence and cultivating resilience impact and implications This second edition has been thoroughly updated throughout and includes new chapters on topics such as military resilience resilience in rural contexts cultural pathways digital well being post traumatic growth building resilience with conflict survivors peer support in varying contexts of marginalization and the role of spirituality This handbook is essential for psychiatrists psychologists psychotherapists and psychiatric social workers as well as researchers and students of psychology sociology human development family studies and disaster management     **Counting Our Losses** Darcy L. Harris, 2011-01-19 This text is a valuable resource for clinicians who work with clients dealing with non death nonfinite and ambiguous losses in their lives It explores adjustment to change transition and loss from the perspective of the latest thinking in bereavement theory and research The specific and unique aspects of different types of loss are

discussed such as infertility aging chronic illnesses and degenerative conditions divorce and separation immigration adoption loss of beliefs and loss of employment Harris and the contributing authors consider these from an experiential perspective rather than a developmental one in order to focus on the key elements of each loss as it may be experienced at any point in the lifespan Concepts related to adaptation and coping with loss such as resilience hardiness meaning making and the assumptive world transcendence and post traumatic growth are considered as part of the integration of loss into everyday life experience
