Brealey, Stewart C. Myers, Franklin Allen, Alex Edmans, 2025 This book describes the theory and practice of corporate finance It is clear why financial managers have to master the practical aspects of their job but why do practitioners need to bother with theory Managers learn from experience how to cope with routine problems But the best managers are also able to respond to change and deal with non routine situations To do so you need more than rules of thumb and gut feel you must understand why companies and financial markets behave the way they do In other words you need a theory of finance That should not sound intimidating Good theory helps you grasp what is going on in the world around you It helps you ask the right questions when times change and new problems need to be analyzed It also tells you which things you do not need to worry about Throughout this book we show how managers use financial theory to solve practical problems Provided by publisher [Loose-leaf for Principles of Corporate Finance](#) Stewart C Myers, Franklin Allen, Richard A Brealey, 2013-01-30 The integrated solutions for Brealey's Principles of Corporate Finance have been specifically designed to help improve student performance meaning that students are prepared for class and can successfully solve problems and analyze the results Resources within Connect Finance provide unlimited opportunities for students to practice solving financial problems and apply what they've learned Brealey's world leading content showing managers how to use financial theory to solve practical problems combined with a complete digital solution will help students achieve higher outcomes in the course **Principles of Corporate Finance with S&P bind-in card** Richard Brealey, Stewart Myers, Franklin Allen, 2007-10-09 Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do The text is comprehensive authoritative and modern and yet the material is presented at a common sense level The discussions and illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded This text is a valued reference for thousands of practicing financial managers
