Harris,2001 The job market continues to change Highly skilled and specialized workers are in demand Traditional education cannot meet all the needs to create specialty skill workers

Certification provides up to date training and development while promoting individual or professional skills and knowledge in a focused manner Certification as a way of continuing professional education can also be more cost effective

Insurance Coverage Litigation Eugene R. Anderson, Jordan S. Stanzler, Lorelie S. Masters, 1999-01-01 The absence of persuasive precedents may prevent some attorneys from framing the effective policyholder arguments in insurance coverage litigation With Insurance Coverage Litigation Second Edition you and I discover how the experts analyze the facts to win your next insurance coverage case This unique resource provides comprehensive examination of the full range of issues shaping insurance coverage cases being heard in the courts today and including the publicly available but hard to find industry and lore and that savvy insurance practitioners use to win complex insurance coverage cases Whichever side you represent in the billion dollar insurance coverage field this work contains vital information you can and t afford to be without when preparing a case for state or federal court Insurance Coverage Litigation supplies Extensive analyses of case law on insurance coverage issues arising under general liability insurance policies Sample CGL Policy Forms The most in depth discussion of the drafting history of standard form general liability insurance policy language and including language derived from the insurance industry and s own representations to the public governmental agencies courts and policyholders and one of the most powerful tools available to policyholders Easy reference tables and state by state summaries that help you quickly grasp and compare court interpretations on a broad range of issues including the reasonable expectation doctrine trigger of coverage and allocation notice of claim or action and insurability of punitive damages Cutting edge analysis and guidance on rapidly evolving areas such as environmental liability intellectual property disputes and cyber and losses and liability terrorism coverage and more

Paying the Price Richard J. Roth, Sr., Howard Kunreuther, 1998-08-09 This book considers the effectiveness of insurance coverage for low probability high consequence events such as natural disasters and how insurance programs can successfully be used with other policy tools such as building codes and standards to encourage effective loss reduction measures The authors discuss the reasons for the dramatic increase in insured losses from natural disasters since 1989 and the concern that insurers have about their ability to provide coverage against more such events in the future It addresses why there has been an increasing demand for hazards insurance what types of coverage private insurers are willing to offer and the role of reinsurance and private public sector initiatives at the state and federal levels for providing protection to victims of natural disasters Detailed case studies of the challenges facing Florida in the wake of Hurricane Andrew in 1992 and California following the Northridge earthquake in 1994 reveal the challenges facing the insurance industry as well as other concerned stakeholders The National Flood Insurance Program illustrates how a public private sector partnership can mitigate damages and provide financial protection to victims The book identifies new initiatives for reducing future losses and providing funds for recovery through cooperation by the relevant parties

Essentials of Insurance Emmett J. Vaughan, Therese M. Vaughan, 1995-03-29 A condensed version of the classic

Fundamentals of Risk and Insurance this accessible text contains the latest forms statutes and court decisions and examines specific contracts in detail to emphasize insurance principles Addresses such timely issues as the high cost of medical care and automobile insurance detail to emphasize insurance principles The helpful study aids and the critical essentials of risk management and insurance remain intact A special section on buying insurance prepares the reader for future purchases

Asbestos The Hazardous Fiber Melvin A. Benarde, 2018-05-04 With the passage of the Asbestos Hazard Emergency Response Act AHERA Public Law 99 519 it was clear that great quantities of asbestos would be disturbed and would require proper management and disposal If these were poorly done many people would be placed at risk unnecessarily Into such an environment a book dealing with the many diverse facets of asbestos abatement written by people with substantial experience seemed reasonable and appropriate but even more so necessary

Fundamentals of Insurance Robert Irwin Mehr, 1986 **Insurance Principles and Practice, 22nd Edition** Mishra M.N. & Mishra S.B., Comprehensive coverage of all types of innovative insurance products such as long term care insurance commercial insurance catastrophe insurance liability insurance to name few Details on developments in international insurance with latest data Appendices to support the information provided in chapters All clauses and words of marine insurance are given in appendix

Risk Management and Insurance Chester Arthur Williams, Richard M. Heins, 1985 The content and structure of this text are based on the twin beliefs that 1 the study of insurance a major tool of risk management should be preceded by an understanding of procedures and concepts of risk management and 2 most students will take only one course in the area For students who plan further study in the area the balanced treatment of both subjects provides a broad introduction to the field The first 6 editions of this text occupied a niche at the upper end of the textbooks on risk management and insurance The purpose in developing the 7th and 8th editions was to further develop the reputation established by earlier editions Most texts in the area of risk management and insurance emphasize principles of insurance and other institutional aspects of the subject Although this text includes some institutional information it emphasizes an analytical approach The text focuses on the management of risk by organizations Because of the reliance on analytical methods the book is most appropriate for the advanced undergraduate or introductory graduate level courses

Martindale-Hubbell Buyer's Guide, 1995 **Readings in Multiline Insurance Law and Operations** Charles E. Hughes, 1986 *A Classification of Educational Subject Matter* W. Dale Chismore, Quentin M. Hill, 1978 **Fire Insurance, Its Nature and Dynamics** Gelvin Stevenson, 1978 **Proceedings - Insurance Institute of Toronto** Insurance Institute of Toronto, 1929
