**Montreal, City of Spires** Clarence Epstein,2012-03-19T00:00:00-04:00 Of the fifty religious buildings discussed in this book only a precious few remain standing despite the fact that Montreal boasts one of the largest and most eclectic groupings of Georgian and Victorian structures of any city in North America Following the British conquest of New France in 1759 a remarkable series of transformations took place in the small Catholic trading town of Montreal Given the diversity of settlers forced to live side by side the new church buildings that were to rise became strategic public spaces meeting places as well as power bases It was no wonder that by the time Mark Twain toured Canada s first metropolis in the 1880s he found that one could not throw a brick in the place without breaking a church window By addressing the social religious and architectural issues surrounding these colonial era structures it will become apparent that Montreal was at once a shining jewel in England s imperial crown a chief outpost of Catholicism in the New World as well as the British North American headquarters for more than a dozen independent congregations *George Heriot* Gerald Finley,1983-12-15 George Heriot 1759 1839 a Scot is best known as a skilled landscape watercolourist and as the contentious deputy postmaster general of British North America from 1800 to 1816 He was also a travel writer his *Travels through the Canadas* was published in 1807

and a poet In this volume a combination of biography and art history Gerald Finley presents for the first time a rounded picture of Heriot revealing his motives and ideals while also illuminating the texture of life in Canada during the early years of settlement In describing Heriot's several roles as artist administrator patriot spy Finley presents a portrait of an eighteenth century gentleman whose superficial desires were for an active public life but whose deeper yearnings were for a life of contemplation As a member of the gentry it was natural that Heriot found his way into public service for which he was suited both by education and by upbringing Nevertheless his public career did not always run smoothly and it ended in frustration and sadness However through his writing and especially his art Heriot found welcome relief from the tensions of his public duties Indeed Heriot's chief importance lies in his art Trained as a topographical artist he was an important exponent of the picturesque landscape As a mode of vision the Picturesque furnished him with a special way of looking at recording the Canadian scene to him Canada possessed the qualities of Arcadia This viewpoint served both as aesthetic consolation and as stimulus to inspiration This volume serves to recognize Heriot's artistic achievement and to accord him the place he deserves in the history of Canadian art and of the country itself     *Sights of Resistance* Robert James Belton, 2001 CD ROM contains Chapters from text Glossary     **Art and Work** Angela E. Davis, 1995 It is also a history of a type of work that was new during this period The mechanized reproduction of art works in the nineteenth century meant that artists found themselves within an industrial atmosphere similar to that of other workers This history traces the beginning of that process in England follows its transference to Canada and demonstrates how illustrators engravers photo engravers and lithographers became part of an increasingly commercially oriented industry It was an industry of major importance in the fields of printing and new forms of advertising but it was also an industry that led to a change in status for the members of its work force who considered themselves to be artists     *Art History* W. McAllister Johnson, 1990-01-01 These essays discuss major questions that should arise in courses in bibliography methodology and historiography once the survey courses are left behind     *The Creation of the British Atlantic World* Elizabeth Mancke, Carole Shammas, 2015-10-15 Was the British Atlantic shaped more by imperial rivalries or by the actions of subnational groups with a variety of economic social and religious agendas The Creation of the British Atlantic World analyzes the interrelationship between these competing explanations for the development of the British Atlantic by examining migration patterns on both the macro and micro level It also scrutinizes the roles played by trade religion ethnicity and class in linking Atlantic borders and the increasingly complicated legal intellectual and emotional relationship between the British sovereign and colonial charterholders Contributors include Joyce E Chaplin John E Crowley David Barry Gaspar April Lee Hatfield James Horn Ray A Kea Elizabeth Mancke Philip D Morgan William M Offutt Robert Olwell Carole Shammas Wolfgang Splitter Mark L Thompson Karin Wulf Avi Hu Zakai     **Canadian Books in Print** , 1994     **Canadian Books in Print 2002** Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced
