Prism of the Soul\*

Through a prism, san color Soul  
Reflects into a rainbow on the sky,  
The sky reflects into the river  
To give it its deep blue,  
Mixing up the surrounding green,  
The river rushes to the Ocean  
Waiting for the sunset's fiery hue,  
Breezy night beneath the starry sky  
Rejoices the placid elemental dance  
'A Master's Stroke' of submerging Unity of the Soul.

\* In praise of Patrick Martin's poem A Master's Stroke

## Prisms Of The Soul:

Prisms of the Soul Peggy Rooney, 2005-03 Life's dark times evoke pain and wound the soul causing us to stumble through the darkness in search of spiritual light Turning to God in prayer is the answer to our suffering and reading Scripture gives us hope Through God's Word we find the courage to reach for the healing grace of God's spiritual light When I live in the light of the Lord my wounds are healed But I like so many people falter between the shadows and the splendor My resolve weakens I become busy Time is often my adversary Even when I am healed my suffering leaves prisms forever embedded in my soul These deep shafts become part of me They help to shape my character But it is only in allowing the Lord to shine His light on my inner spirit that those prisms become a light in my world **The Soul Searcher's Handbook** Emma

collection of arbitrary conventions superstitious enigmas or gypsy riddles Embroiled in the religious persecution of the Reformation rejected as a science during the Scientific Revolution in the age of Enlightenment physiognomy came to be seen as nothing more than an amusing entertainment But with the dawn of Romanticism be it in the realms of science religion or poetry some began to see that physiognomy was no game and the flame of serious interest in physiognomy was once again rekindled Combining book history and visual history Dr Porter reconstructs this physiognomical eye interprets the way in which books on physiognomy were read and traces the wider intellectual social and cultural changes that contributed to the metamorphosis of this way of beholding oneself and the natural world from the Renaissance to the dawn of Romanticism
