**A Comprehensive Study of Female Offenders** Martin Guevara Urbina,2008 Few empirical studies have focused on women in prison In the last few years though a number of studies have demonstrated that there are fundamental differences between male and female prisoners in an ever changing penal system Consequently there has been a need for more comprehensive studies of female offenders for three primary reasons 1 imperative research gaps remain to be bridged 2 the female prison experience is not constant and 3 prison rates for female offenders especially minority offenders have increased considerably in the last few years A central goal of this book then is to provide a balance to the existing literature and research on female prisoners in the United States and to an extent abroad focusing primarily on female offenders and using data gathered from the Wisconsin Department of Corrections The book utilizes a comprehensive investigative approach by equating the experience of female offenders by the totality of circumstances within an historical institutional political and ideological context The critical objective is to offer an inclusive analysis of the things that are considered by female inmates to be the most significant before during and after their incarceration as a way of better understanding the reasons that lead to their first incarceration as well as subsequent incarcerations By reading this book the reader will have a greater understanding of the many challenges facing female inmates as well as the relationship between inmates correctional officers and by extension society in general Also provided is a series of policy recommendations throughout the book particularly in the concluding chapter and epilogue

Beyond Innocence Phoebe Zerwick,2022-03-08 A deeply reported gripping narrative of injustice exoneration and the lifelong impact of incarceration Beyond Innocence is the poignant saga of one remarkable life that sheds vitally important light on the failures of the American justice system at every level In June 1985 a young Black man in Winston Salem N C named Darryl Hunt was falsely convicted and sentenced to life in prison for the rape and murder of a white copyeditor at the local paper Many in the community believed him innocent and crusaded for his release even as subsequent trials and appeals reinforced his sentence Finally in 2003 the tireless efforts of his attorney combined with an award winning series of articles by Phoebe Zerwick in the Winston Salem Journal led to the DNA evidence that exonerated Hunt Three years later the acclaimed documentary The Trials of Darryl Hunt made him known across the country and brought his story to audiences around the world But Hunt s story was far from over As Zerwick poignantly reveals it is singularly significant in the annals of the miscarriage of justice and for the legacy Hunt ultimately bequeathed Part true crime drama part chronicle of a life cut short by systemic racism Beyond Innocence powerfully illuminates the sustained catastrophe faced by an innocent person in prison and the civil death nearly everyone who has been incarcerated experiences

attempting to restart their lives Freed after nineteen years behind bars Darryl Hunt became a national advocate for social justice and his case inspired lasting reforms among them a law that allows those on death row to appeal their sentence with evidence of racial bias He was a beacon of hope for so many until he could no longer bear the burden of what he had endured and took his own life Fluidly crafted by a master journalist Beyond Innocence makes an urgent moral call for an American reckoning with the legacies of racism in the criminal justice system and the human toll of the carceral state
