Encyclopedia of Film Themes, Settings and Series Richard B. Armstrong,Mary Willems Armstrong,2015-07-11 The first editon was called the most valuable film reference in several years by Library Journal The new edition published in hardcover in 2001 includes

more than 670 entries The current work is a paperback reprint of that edition Each entry contains a mini essay that defines the topic followed by a chronological list of representative films From the Abominable Snowman to Zorro this encyclopedia provides film scholars and fans with an easy to use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation viral epidemics robots submarines reincarnation ventriloquists and the Olympics Excellent said Cult Movies The volume also contains an extensive list of film characters and series including B movie detectives Western heroes made for television film series and foreign film heroes and villains Film Adaptation and Its Discontents Thomas Leitch, 2007-06-15 Most books on film adaptation the relation between films and their literary sources focus on a series of close one to one comparisons between specific films and canonical novels This volume identifies and investigates a far wider array of problems posed by the process of adaptation Beginning with an examination of why adaptation study has so often supported the institution of literature rather than fostering the practice of literacy Thomas Leitch considers how the creators of short silent films attempted to give them the weight of literature what sorts of fidelity are possible in an adaptation of sacred scripture what it means for an adaptation to pose as an introduction to rather than a transcription of a literary classic and why and how some films have sought impossibly close fidelity to their sources After examining the surprisingly divergent fidelity claims made by three different kinds of canonical adaptations Leitch's analysis moves beyond literary sources to consider why a small number of adapters have risen to the status of auteurs and how illustrated books comic strips video games and true stories have been adapted to the screen The range of films studied from silent Shakespeare to Sherlock Holmes to The Lord of the Rings is as broad as the problems that come under review

British Masculinity in Transatlantic Cinema Carolyn Owen-King, 2024-12-12 British Masculinity in Transatlantic Cinema explores the Hollywood careers and stardom of British male actors who had fought in the first World War In an apparently incongruous development in the years after the armistice some of the men who fought in Scottish regiments during World War I found some degree of career success in Hollywood's film industry two of which included Ronald Colman and Basil Rathbone Through exploring transatlantic film history this book uncovers the ways in which these men were presented in media and on screen arguing that they carry with them even in films made at the height of censorship an appealing and attractive queerness Owen King expands on Eve Kosofsky Sedgwick's theory of homosocial homosexual continuum and offer readings of film texts that use her theories to survey gender and sexual identities within Hollywood's Golden Era Memo from David O. Selznick David O. Selznick, 2000-03-07 The most revealing penetrating book on filmmaking I know of King Vidor David O Selznick was a unique figure in the golden Hollywood studio era He produced some of the greatest and most memorable American films ever made notably Rebecca A Star Is Born Anna Karenina A Farewell to Arms and above all Gone With the Wind Selznick's absolute power and artistic control are evidenced in his impassioned eloquent witty and sometimes rageful memos to directors writers stars and studio executives writings that have become

almost as famous as his films Newsweek wrote I can't imagine how a book on the American movie business could be more illuminating more riveting or more fun to read than this collection of David Selznick's memos **John Wayne** Richard D. McGhee, 2016-09-30 After the death of Marion Morrison known as John Wayne in 1979 President Jimmy Carter said that Wayne was bigger than life In an age of few heroes he was the genuine article But he was more than a hero he was a symbol of many of the qualities that made America great The first section of this study concentrates on Wayne's style of work and sphere of action as an actor The man who works for a living and is concerned with his audience and the constraints of his immediate environment The second section examines the artist the man who lives in his art who disappears into his character as an archetype of human fears and desires Analyses of films that have made Wayne a hero are presented in the third section A comprehensive filmography and numerous photographs are included The Women Who Made Early Disneyland Cindy Mediavilla, Kelsey Knox, 2024-01-04 Although historians have begun to recognize the accomplishments of Disney Studio's female animators the women who contributed to the early success of Disneyland remain for the most part unacknowledged Indeed in celebrating the park's ten year anniversary in 1965 Walt Disney thanked all the boys who've been a part of this thing even though hundreds of women had also been instrumental in designing building and operating Disneyland since before its grand opening in July 1955 Seeking to reclaim women's place in the early history of Disneyland The Women Who Made Early Disneyland highlights the female Disney employees and contract workers who helped make the park one of the most popular U.S. destinations during its first ten years Some like artist Mary Blair Imagineers Harriet Burns and Alice Davis Slue Foot Sue Betty Taylor and Disneyland's first ambassador Julie Reihm eventually became Disney legends Others remain less well known including landscape architect Ruth Shellhorn parade choreographer Miriam Nelson Aunt Jemima's Kitchen hostess Alyene Lewis and Tiny Kline who at age seventy one became the first Tinker Bell to fly over Disneyland This one of a kind book examines the lives and achievements of the women who made early Disneyland
