Odyssey of a Bombardier John J. Hurt, Steven E. Sidebotham, 2014-09-26 *Odyssey of a Bombardier* is the illustrated Prisoner of War log that depicts the experiences of bombardier Richard M Mason in German prison camps after his B 17 Flying Fortress was shot down by the Germans in France in 1944 the final year of World War II The log follows Mason from the day his plane crashed until his liberation in April 1945 and his return home to the United States Included are such topics as medical treatment and rehabilitation for wounded prisoners of the Germans life in Stalag Luft III a difficult long march in an arctic winter to another camp the travails of prisoners in the overcrowded filthy camp at Moosburg critical food shortages and the arrival of General George Patton with the liberating forces Mason was an amateur artist and illustrated his journal with moving depictions of prison life and comradeship This book shows U S airmen demonstrating grace and courage under pressure and meeting every challenge that their imprisonment presented The Value of Money Ellen R. Feingold, 2015-10-13 *The Value of Money* celebrates the power of using monetary objects to explore history This richly illustrated book features over 175 objects from the Smithsonian National Museum of American History's National Numismatic Collection With objects from every inhabited continent spanning more than 2 600 years this book showcases the National Numismatic Collection's unique strengths including the geographic and chronological diversity of the collection and the stunning rarities it contains The companion volume to a major exhibition of the same name this book examines the origins of money new monetary technologies the political and cultural messages money conveys numismatic art and design and the practice of collecting money *The Value of Money* connects American history to global histories of exchange cultural interaction and expression political change and innovation Counterfeiting the Holocaust Alec S. Tulkoff, 2000 The collecting of Holocaust artifacts can often result in an emotional and historical dilemma Survivors and some militaria collectors regard these items as stained with the blood of Holocaust victims and therefore should not be bought and sold However to honor the memory of those who perished and to keep a proper historical record these items must be preserved While a small contingent of collectors deal in Holocaust artifacts the vast majority of Holocaust oriented artifacts are purchased by individuals who intend to donate these items to museums This book is a reference and resource guide to help determine the authenticity of these artifacts and provides a detailed look at various Holocaust related artifacts in a manner that follows the experiences of the survivors and victims As an example the Germans identified some individuals with outward markings forced them to register pressed them into forced labor ghettoized and eventually deported them to concentration camps or labor facilities and due to the different times that these activities took place in conquered and occupied countries they are distinguished here by the action rather than by a general timeline for example Jews in occupied Poland were forced to wear Jewish badges in 1939 while this did not occur in Germany until 1941 The Holocaust is a difficult period of history to examine and although some of the photographs contained in this book are horrific in nature this book in

no way trivializes the magnitude of the Holocaust by discussing the collection and identification of Holocaust related artifacts The issue at hand is the callous disregard by those who profit from the Holocaust by manufacturing and selling counterfeit and fake items Alec Tulkoff has been a collector of World War II militaria for the past twenty five years Over the past seven years he has taken an interest in Holocaust history and artifacts During the past two years while working at the SHOAH Visual History Foundation as a cataloguer he compiled the information and materials contained in this book As a cataloguer in the Foundation he had the opportunity to hear hundreds of first hand Holocaust survivor testimonies Tulkoff has worked hard in combating the vast amount of Holocaust artifact fraud that has spread in the collecting community and has posted a website dealing with this fraud and also publishes a quarterly newsletter on this topic **Numismatist and Year Book**, 1989 Vols 24 52 include the proceedings of the A N A convention 1911 39 *The Numismatist*, 1992-07 Vols 24 52 include the proceedings of the A N A convention 1911 39 *Collecting Paper Money for Pleasure & Profit* Barry Krause, 1992
