Prisoners of Earth Aloa Starr,1987 **Prisoners of Earth** Aloa Starr,1993 In recent years the media has spread an array of sensational and fantastic information on the various phenomena of possession information which has often no connection with the facts as they are There are many degrees of possession and some of these are relatively common more common than one would ever believe So it is very important that the public become aware of the whole issue and that it learn to protect itself In my opinion the special value of this book lies in the fact that it demystifies the phenomenon of possession by revealing the numerous forms under which it manifests itself and by offering to the patients hope and a total and rapid liberation To perform successfully a work of this kind one has to lead a life pure in deed and intents harbour a profound love for humanity be moved by great dedication and possess the necessary knowledge and authority Without these qualities the process of liberation can put the operator in serious danger Aloa Starr is one of these rare people Dr Giovanni Boni Ph D M S D C Los Angeles California **Principles and Applications of the Twelve Universal Laws** ,1996-01-01 God designed twelve basic laws for us to follow This workbook offers definitions of the twelve laws along with exercises activities and meditations to give you a better understanding of these laws and how to apply them to your daily life This book is great for adults and teens looking for positive change in their lives Shining the Light I Robert Shapiro,Tom Dongo,1994-01-01 The most significant events in Earth s history are happening in secret Despite official denial and tactics of derision inquiring minds are demanding the truth This truth is stranger than all the fictions about ETs alien bases and the secret government This courageous book shines the light to expose truths that will change forever how we view our lives on this planet It asks the reader to join in the investigations ask the questions and think the unthinkable Explore the truth about the controllers of Earth and their alien allies Discover the updated news about what is happening on the third dimension and what it really means from the higher dimensions perspective The revelations are shocking and enlightening A crashed UFO leads to information on The secret government s time travel spacecraft Renegade ETs mining on the Moon The U S peace avatar president Ancient Pleiadian warships The prime directive now Underground alien bases and populations And many more startling facts The battle in the heavens has begun Become aware of the truth and don t get lost in the drama Be the light that you are and you will be forever free **Origins and the Next 50 Years** Robert Shapiro,1997-01-01 The accounts given by extraterrestrials in this volume are about events that occurred in our solar system many millions of years ago In that ancient time the solar system consisted of four planets and four radiar systems that orbited the central sun The four planets of the solar system are known today as Venus Earth Mars and a now totally shattered world that was called Maldec The term radiar applies to the astronomical bodies we presently call Jupiter Saturn Uranus and Neptune The original satellites of these radiars are generally called moons by Earth astronomers but the extraterrestrials prefer to call them planetoids This book reflects the personal views of a number of different types of extraterrestrials regarding the state of the local solar system and
