Prisoners Of Hate The Story Of Israelis In Syrian Jails:

Prisoners of Hate YEHEZKEL AUTOR HAMEIRI, Reuben Liebes, Prisoners of hate Yehezq'el Hameiri, 1969 Us Plus Them Todd L. Pittinsky, 2012-07-31 Moving beyond mere tolerance Us versus them is the costly mind set in which organizations communities and whole nations too often find themselves trapped In fact recognizing difference as a positive force can bring astonishing value to even the most diverse organizations In Us Plus Them leadership scholar Todd Pittinsky introduces a groundbreaking new science of diversity that Debunks the assumption that wherever there is difference there will be inherent tension and animosity Challenges the effectiveness of our standard attempts to fight prejudice and combat hate in our schools and workplaces our civic and religious lives Reveals how we benefit from the mixing of different ethnic racial national social and religious groups in a globalized world Through a wide range of examples from Maine and Michigan to Rwanda and Bhutan and from small town classrooms to corporate boardrooms Pittinsky opens our eyes to misunderstood yet useful aspects of us and them relations including many of the neglected positive dimensions of difference He provides a bold new assessment of the popular and scientific approaches to the issue proving that it s time to move beyond mere tolerance to build communities in which the two sides of the us and them equation engage each other because they both want to Much as Martin Seligman and positive psychology have shifted the focus from mental illness to mental healthiness this book shifts our mind set to diversity as a positive force Understanding the science and practical use of that energy will help us build the schools neighborhoods companies and nations we want and not simply avoid the ugliest problems of the past Pittinsky shows us that our great diversity experiment hasn t failed it hasn t even begun **The Israel Digest** ,1969
